July - December) Popular Mechanics inspires,  
instructs and influences readers to help them master  
the modern world. Whether it's practical DIY home-  
improvement tips, gadgets and digital technology,  
information on the newest cars or the latest  
breakthroughs in science -- PM is the ultimate guide  
to our high-tech lifestyle. This short guide is  
designed to provide step-by-step instructions for the  
safe substitution of non-mercury thermometers and  
sphygmomanometers in health-care settings. It  
identifies the resources available to provide  
confidence that the substituted products will provide  
equivalent accuracy and comparable clinical utility,  
while protecting health-care workers and the  
environment. It is designed for professionals  
responsible for institutions or ministries desiring to

switch to safer non-polluting technologies in health care. This guide is also an output of a global mercury-free health-care initiative in which WHO is engaged. This global initiative promotes the substitution of mercury-based medical devices with safe, affordable, accurate alternatives around the world. The global mercury-free health-care initiative has documented mercury substitution in dozens of countries. It has also produced a series of additional resources for health professionals, health-system managers and government officials that can be useful in developing and implementing policy and strategies for mercury substitution in the health sector. "One of the most complete boating guides to the eastern waterways I have ever seen. . . . a top-notch, well-conceived and wonderfully produced book . . . This one's a winner!" Great Lakes Cruiser No serious boater planning a cruise in the area would want to be without Cruising Guide to New York Waterways and Lake Champlain, written in the same format as Pelican's other famous cruising guides. This firsthand account covers everything from more than 1,000 miles of popular waterways (including Lake Champlain, the Hudson River, the Erie Canal, Lake Erie, and Lake Ontario) to less-traveled waters. The Thousand Islands are also explored. The author's personal knowledge perfectly

complements the data on the NOAA charts that he suggests for each area. Among the many useful topics covered are Current navigational data Shoreside dining and other attractions Water depths Dozens of invaluable maps Anchorage locales photos, and tables Detailed marina evaluations Intriguing historical profiles. The Embassy Cruising Guide Florida is a must for recreational boaters traveling the waters of the Sunshine State's coasts and islands, with coverage extending all the way to Mobile Bay, Alabama. Joe Abbin, the author of Blown Flathead and 335 HP Flathead Ford V-8 Performance Handbook, produced this comprehensive new book on flathead Ford engine identification and rebuilding. Stock or modified, this book will be an essential reference for both engine owners and professional engine builders to help them determine what they have, what they need, and how to achieve a successful flathead rebuild to meet any standard. Contains 182 pages with:-184 Photos & Figures-17 Charts and Tables-Parts and Information Sources-Installation and Tech Tips If you want to better understand the big iron toiling under the deck of you sportfish, pick up a copy of the Complete Guide To Diesel Marine Engines by John Fleming. The book takes you through the ins and outs of diesel power in terms even a landlubber

could understand. It explains the hows and whys of diesel engines, but there's also a chapter on the basics of trouble-shooting and another on selecting the right engine for your boat. For the die-hard, there's even a chapter on the mathematics of diesels. If you want a solid understanding of how a diesel operates, this is one hands-on guide to bring aboard. Does the identification number 60 indicate a toxic substance or a flammable solid, in the molten state at an elevated temperature? Does the identification number 1035 indicate ethane or butane? What is the difference between natural gas transmission pipelines and natural gas distribution pipelines? If you came upon an overturned truck on the highway that was leaking, would you be able to identify if it was hazardous and know what steps to take? Questions like these and more are answered in the Emergency Response Guidebook. Learn how to identify symbols for and vehicles carrying toxic, flammable, explosive, radioactive, or otherwise harmful substances and how to respond once an incident involving those substances has been identified. Always be prepared in situations that are unfamiliar and dangerous and know how to rectify them. Keeping this guide around at all times will ensure that, if you were to come upon a transportation situation involving hazardous

substances or dangerous goods, you will be able to help keep others and yourself out of danger. With color-coded pages for quick and easy reference, this is the official manual used by first responders in the United States and Canada for transportation incidents involving dangerous goods or hazardous materials. Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better. MerCruiser Alpha One (1998-2004), MerCruiser Bravo One (1998-2004), MerCruiser Bravo Two (1998-2004), MerCruiser Bravo Three (1998-2004), Engines: (1998-2004), 3.0 L (1998-2004), 4.3 L (1998-2004), 5.0 L (1998-2004), 5.7 L (1998-2004), 350 Mag (1998-2004), Mariner 2-cylinder inline, Mariner 3-cylinder inline, Mariner 4-cylinder inline, Mariner 6-cylinder inline, Mariner V6 Seeing is Understanding. The first VISUAL guide to marine diesel systems on recreational boats. Step-by-step instructions in clear, simple drawings explain how to maintain, winterize and recommission all parts of the system - fuel deck fill - engine - batteries - transmission - stern gland - propeller. Book one of a new series. Canadian author is a sailor and marine mechanic cruising

aboard his 36-foot steel-hulled Chevrier sloop.
