But the descendants' journey grinds to a halt when their friend and descendant Baldwin is poisoned and killed and Matt, Fen, and Laurie must travel to the Underworld in the hopes of saving him. That's only their first stop on their journey to reunite the challengers, find Thor's hammer, and save humanity--a journey filled with enough tooth-and-nail battles and colossal monsters to make Matt and his friends a legend in their own right. You must apply to live in Rockton and if you're accepted, it means walking away entirely from your old life, and living off the grid in the wilds of Canada: no cell phones, no Internet, no mail, no computers, very little electricity, and no way of getting in or out without the town council's approval. As a murderer, Casey isn't a good candidate, but she has something they want: She's a homicide detective, and Rockton has just had its first real murder. She and Diana are in. However, soon after arriving, Casey realizes that the identity of a murderer isn't the only secret Rockton is hiding—in fact, she starts to wonder if she and Diana might be in even more danger in Rockton than they were in their old lives. An edgy, gripping crime novel from bestselling urban fantasy writer Kelley Armstrong, *City of the Lost* boldly announces a major new player in the crime fiction world. In Thorne Manor there is one locked door. Behind it lies a portal to the twenty-first century, and nothing is going to stop Miranda Hastings from stepping through. After all, she is a Victorian writer of risqué pirate adventures—traveling to the future would be the greatest adventure of them all. When Miranda goes through, though, she lands in Georgian England...and in the path of Nicolas Dupuis, a privateer accused of piracy. Miranda embraces Nico’s cause, only to discover there’s more to it than he realizes. Miranda has the second sight, and there are ghosts at play here. The recently deceased former lord is desperate to stop his son from destroying his beloved village. Then there’s the ghost of Nico’s cabin boy, who he thought safe in a neighboring city. Miranda and Nico must solve the mystery of the boy’s death while keeping one step ahead of the hangman. It may not be the escapade Miranda imagined, but it is about to be the adventure of a lifetime. Summer camp is a traditional teenage rite of passage, but when you add supernatural powers to the typically high dosage of adolescent hormones - you get an even more combustible mix. Sixteen-year-old werewolf twins Kate and Logan Danvers are none too thrilled at being shipped off to a supernatural youth leadership conference in West Virginia. From the moment they arrive at the camp, the twins sense something is off and they react in their usual manner - Logan reserving judgement and surveying the setup, while Kate charges forward determined to get answers. Kate and Logan quickly ascertain that most of the conference attendees have already formed hostile factions, leaving the twins and a few other misfits to band together. What seems like teen hormones in overdrive becomes something much more dangerous, even deadly. Add in a strange magic-warded cabin in the woods and a local history rife with curses and macabre legends, and it becomes clear this was a really, really bad place to build a camp for teenage supernaturals. Kelley Armstrong - Globe and Mail and New York Times bestselling author - is back with a true gift for her fans: an exclusive glimpse into the minds and hearts of the men of the Pack Kelley Armstrong has made a huge name for herself with her trademark portrayals of the strong, unusually gifted women who populate her Otherworld. But her fans have always wanted to know more about the men who love these women, and revealed in the pages of this collection are the life stories - and secrets - of Clay and Jeremy, two of the sexiest and most mysterious men of the Otherworld. Originally published by the author on her website (but since removed), these thrilling tales reveal how Clay became a werewolf, how he came to be adopted by Jeremy, Jeremy’s struggles to become the Alpha of the Pack and his terrible conflict with his father, Malcolm. A brand-new story, written for this collection, reveals how Jeremy came to be a visionary and healer: touchy-feely qualities uncommon in a werewolf. The result is a perfect companion to Kelley’s bestselling series and a treasure for fans. The race for survival comes to a thrilling conclusion in the heart-stopping finale to the *Darkness Rising* trilogy, from #1 New York Times bestselling author Kelley Armstrong. Things are getting desperate for Maya and her friends. Hunted by the powerful St. Clouds and now a rival Cabal as well, they're quickly running out of places to hide. All they have is the name and number of someone who might be able to give them a few

answers. Answers to why they're so valuable, and why their supernatural powers are getting more and more out of control. But Maya is unprepared for the truths that await her. And like it or not, she'll have to face down some demons from her past if she ever hopes to move on with her life. Because Maya can't keep running forever. With all the twists, thrills, and romance that have made Kelley Armstrong an international bestseller, plus the surprising return of some fan-favorite characters, *The Rising* will hold you under its spell long after its breathtaking end. The fifth book and the exciting conclusion to bestselling author Kelley Armstrong's "impossible-to-put-down" Cainsville series, in which she mixes hard-hitting crime writing with phenomenal world-building to create a brand of fiction all her own. When Olivia Taylor-Jones found out she was not actually the adopted child of a privileged Chicago family but of a notorious pair of convicted serial killers, her life exploded. Running from the fall-out, she found a refuge in the secluded but oddly welcoming town of Cainsville, Illinois, but she couldn't resist trying to dig out the truth about her birth parents' crimes. She began working with Gabriel Walsh, a fiendishly successful criminal lawyer who also had links to the town; their investigation soon revealed Celtic mysteries at work in Cainsville, and also entangled Olivia in a tense love triangle with the calculating Gabriel and her charming biker boyfriend, Ricky. Worse, troubling visions revealed to Olivia that the three of them were reenacting an ancient drama pitting the elders of Cainsville against the mysterious Huntsmen with Olivia as the prize. In the series' fifth and final novel, not only does Gabriel's drug addict mother, who he thought was dead, make a surprise reappearance, but Kelley Armstrong delivers a final scary and surprising knock-out twist. It turns out a third supernatural force has been at work all along, a dark and malevolent entity that has had its eye on Olivia since she was a baby and wants to win at any cost. For Kate and Logan Danvers, sixteen-year-old twins of the werewolf Alpha, nothing could ruin a summer faster than the words "supernatural teen leadership conference." They expected a boring week of earnest political discussions and team-building exercises. Instead, in *Wolf's Bane*, they got a crash-course in real-life leadership, when the camp imploded and the twins and their new friends fled into the West Virginia forest. Now, in *Wolf's Curse*, the group has taken refuge in a magically warded cabin only to discover that they might have been safer taking their chances with the demon outside. Trapped in a dark witch's sanctuary, surrounded by hell hounds, the twins will need to hone their leader and team building skills fast. There are battles to be waged and mysteries to be solved. Friendships to be forged in conflict and lost in betrayal. Even romances spark to life amid the turmoil. It might not be the way Kate and Logan expected to spend their week, but it will certainly be a summer camp to remember. When the police refuse to believe her, she realizes that rescuing the boy is up to her alone. But after all the secrets, how far is she willing to go? Even to protect a child. Welcome to the many worlds of #1 New York Times bestselling author Kelley Armstrong (Otherworld, Cainsville). As her SyFy channel series, Bitten, enters its second season, Armstrong continues to breathe new life into city-dwelling vampires, werewolves, and zombies. Now travel even further with her, to a post-apocalyptic fortress, a superstitious village, a supernatural brothel, and even feudal Japan. In Led Astray, you'll discover the stories of new characters from within and outside Armstrong's popular novels. Here you will find two original tales from Cainsville, plus journeys to and beyond the worlds of Darkest Powers, Age of Legends, Otherworld, and more. Bold and humorous, passionate and heart-stopping, here is Kelley Armstrong at her versatile best. My name is Chloe Saunders and my life will never be the same again. All I wanted was to make friends, meet boys, and keep on being ordinary. I don't even know what that means anymore. It all started on the day that I saw my first ghost—and the ghost saw me. Now there are ghosts everywhere and they won't leave me alone. To top it all off, I somehow got myself locked up in Lyle House, a "special home" for troubled teens. Yet the home isn't what it seems. Don't tell anyone, but I think there might be more to my housemates than meets the eye. The question is, whose side are they on? It's up to me to figure out the dangerous secrets behind Lyle House . . . before its skeletons come back to haunt me.
