one of the Wall Street Journal's best reporters gives readers a fly-on-the-wall account that details one of the more vicious high-stakes power struggle in the history of Seventh Avenue and Wall Street. Set against a backdrop of avarice, egotism, and boardroom battles, *The Rain on Macy's Parade* is the inside story of how Macy's executives launched the largest leveraged buyout in retail history and brought the company to its knees. A narrative and photographic history of the early days of the movies, combining fact, anecdote, and reminiscence in a critical survey of films, actors, directors, producers, writers, editors, technicians, and other participants and hangers-on. "The zombies are disappearing. This might seem like a good thing, since zombies eat your brains, but normal human kid Jack Sullivan is suspicious. He keeps hearing an eerie shrieking noise that seems to be almost summoning the zombies--but to where, and for what (probably) foul purpose?"--Page 4 of cover. On the outside, it looked like Tim Brown was living the American Dream. After overcoming a difficult childhood in a dysfunctional family rife with drugs and alcohol, he became a millionaire by age 30 and had a beautiful wife and young son, a deep commitment to the community, and a big house where he could entertain friends and clients. But all was not as it appeared. Behind closed doors, Tim's life was like a cracking windshield, splintering further day by day, on the verge of shattering. One November night while on an

important business trip, he found himself at a New York hotel contemplating ending his life. He spotted a place on the roof where he could end the pain. In his early 40s, his marriage was struggling, his businesses were collapsing, and his health was hanging in the balance. He was being pushed to the edge, forced to face the darkness and shame of his past. But from that darkness, Tim found the strength to reshape and rebuild his life. His faith gave him the courage to "jump into the parade," a phrase his former father-in-law coined to mean truly living, taking chances, and being who you really want to be—not who others expect you to be. *Jumping into the Parade* is his honest and candid memoir, detailing how personal struggles and flaws led him to reframe and embrace his life on his own terms. Tim's raw and humbling story will inspire you to find the meaning in your life, wherever you are on your journey. *Jumping into the Parade* is a memoir that illuminates why embracing the edges, owning the traumatic events that shape us, and facing the stress that life can throw our way allow us to transcend our circumstances and live authentic lives in alignment with our own values—not the values others believe we should hold. Tim's raw and humbling story provides inspiration, thought-provoking insight, and, most important, hope. Hope for those who, like Tim, want to overcome their personal struggles and flaws to reframe and embrace life on their own terms. You have the strength to change your life

for the better. Take a leap of faith and let *Jumping into the Parade* guide you toward a brighter future. In a crowded two-bedroom apartment in Tokyo, four Japanese twentysomethings are waiting for their lives to begin. They have come from all over Japan, bringing with them dreams of success and romance, but life isn't exactly going as planned. Kotomi waits by the phone for a boyfriend who never calls, Ryosuke is sleeping with his best friend's girlfriend, and Mirai's drinking has become a serious problem. Only Naoki, an aspiring filmmaker and the glue that keeps them all together, seems to be on the right track. Meanwhile, their next door neighbors are up to something suspicious, and a mysterious attacker is terrorizing the neighborhood. When a homeless teenager suddenly appears, his arrival sets off a chain of events that will bring to light dark secrets the tenants of Apt. 401 have kept from one another—and from themselves. *Parade*—from Shuichi Yoshida (“Japan’s Stieg Larsson” —*The Wall Street Journal*), the wildly popular author of *Villain*—is a shocking story of life in the big city. “*Infernal Parade* begins with the tale of a convicted criminal, Tom Requiem, who returns from the brink of death to restore both fear and a touch of awe to a complacent world. Tom becomes the leader of the eponymous “parade,” which ranges from the familiar precincts of North Dakota to the mythical city of Karantica. Golems, vengeful humans both living and dead, and

assorted impossible creatures parade across these pages. The result is a series of highly compressed, interrelated narratives that are memorable, disturbing, and impossible to set aside"--Jacket. This monumental novel, divided into four separate books, celebrates the end of an era, the irrevocable destruction of the comfortable, predictable society that vanished during World War I. Young, newly married and intensely ambitious, Michael Davenport is trying to make a living as a writer. His adoring wife, Lucy, has a private fortune that he won't touch in case it compromises his art. She in turn is never quite certain of what is expected of her. All she knows is that everyone else seems, somehow, happier. In this magnificent novel, at once bitterly sad and achingly funny, Richard Yates again shows himself to be the supreme chronicler of the American Dream and its casualties. This was the first time I felt as involved in film as in working in theatre. My immersion in Parade's End from the writing to the finishing touches took up the time I might have given to writing my own play but, perhaps to an unwarranted degree, I think of this Parade's End as mine, such was the illusion of proprietorship over Ford's characters and story. —Tom Stoppard, from the Introduction Tom Stoppard's BBC / HBO dramatization of Ford Madox Ford's masterwork takes a prominent place in the ranks of his oeuvre. Parade's End is the reinvention of a masterwork of modernist English literature

produced by one of the most critically acclaimed and respected writers working today. *Parade's End* is the story of Christopher Tietjens, the "last Tory," his beautiful, disconcerting wife Sylvia, and the virginal young suffragette Valentine Wannop: an upper class love triangle before and during the Great War. *Parade's End* is a three-part drama, directed by the BAFTA-winning Susanna White, and featuring internationally renowned actors including Benedict Cumberbatch, Rebecca Hall, and Adelaide Clemens. This edition includes bonus scenes which were not broadcast, an introductory essay by Stoppard, and a selection of stills from the production as well as photographs taken on location. *Voices from the Napoleonic Wars* reveals in telling detail the harsh lives of soldiers at the turn of the eighteenth century and in the early years of the nineteenth - the poor food and brutal discipline they endured, along with the forced marches and bloody, hand-to-hand combat. Contemporaries were mesmerised by Napoleon, and with good reason: in 1812, he had an unprecedented million men and more under arms. His new model army of volunteers and conscripts at epic battles such as Austerlitz, Salamanca, Borodino, Jena and, of course, Waterloo marked the beginning of modern warfare, the road to the Sommes and Stalingrad. The citizen-in-arms of Napoleon's Grande Armée and other armies of the time gave rise to a distinct body of soldiers' personal memoirs. The personal accounts that Jon E. Lewis has selected

from these memoirs, as well as from letters and diaries, include those of Rifleman Harris fighting in the Peninsular Wars, and Captain Alexander Cavalie Mercer of the Royal Horse Artillery at Waterloo. They cover the land campaigns of the French Revolutionary Wars (1739-1802), the Napoleonic Wars (1803-1815) and the War of 1812 (1812-1815), in North America. This was the age of cavalry charges, of horse-drawn artillery, of muskets and hand-to-hand combat with sabres and bayonets. It was an era in which inspirational leadership and patriotic common cause counted for much at close quarters on chaotic and bloody battlefields. The men who wrote these accounts were directly involved in the sweeping campaigns and climactic battles that set Europe and America alight at the turn of the eighteenth century and in the years that followed. Alongside recollections of the ferocity of hard-fought battles are the equally telling details of the common soldier's daily life - short rations, forced marches in the searing heat of the Iberian summer and the bitter cold of the Russian winter, debilitating illnesses and crippling wounds, looting and the lash, but also the compensations of hard-won comradeship in the face of ever-present death. Collectively, these personal accounts give us the most vivid picture of warfare 200 and more years ago, in the evocative language of those who knew it at first hand - the men and officers of the British, French and American armies. They let us know

exactly what it was like to be an infantryman, a cavalryman, an artilleryman of the time. Three classic works—including the virtuosic Revolutionary Road—that exemplify the remarkable gifts of this great American master "It is Yates's relentless, unflinching investigation of our secret hearts, and his speaking to us in language as clear and honest and unadorned and unsentimental and uncompromising as his vision, that makes him such a great writer." —Richard Russo, Pulitzer Prize-winning author of Empire Falls

Richard Yates's first novel, National Book Award finalist Revolutionary Road, is the unforgettable portrait of a marriage built on dreams that tragically never come to fruition. In The Easter Parade, he tells the story of two sisters whose parents' divorce overshadows their entire lives. And in the stories in Eleven Kinds of Loneliness, we witness men and women striving for better lives amid discouragement and disillusion. A literary event of the highest order, The Collected Stories of Richard Yates brings together Yates's peerless short fiction in a single volume for the first time. Richard Yates was acclaimed as one of the most powerful, compassionate, and technically accomplished writers of America's postwar generation, and his work has inspired such diverse talents as Richard Ford, Ann Beattie, André Dubus, Robert Stone, and Kurt Vonnegut Jr. This collection, as powerful as Yates's beloved Revolutionary Road, contains the stories of his classic works Eleven Kinds of

Loneliness (a book The New York Times Book Review hailed as "the New York equivalent of Dubliners") and Liars in Love; it also features nine new stories, seven of which have never been published. Whether addressing the smothered desire of suburban housewives, the white-collar despair of Manhattan office workers, the grim humor that attends life on a tuberculosis ward, or the moments of terrified peace experienced by American soldiers in World War II, Yates examines every frayed corner of the American dream. His stories, as empathetic as they are unforgiving, are like no others in our nation's literature. Published with a moving introduction by the novelist Richard Russo, this collection will stand as its author's final masterpiece. NEW YORK TIMES BEST SELLER • The award-winning, best-selling author of Station Eleven and The Glass Hotel returns with a novel of art, time travel, love, and plague that takes the reader from Vancouver Island in 1912 to a dark colony on the moon five hundred years later, unfurling a story of humanity across centuries and space. One of the Best Books of the Year: The New York Times, NPR, GoodReads "One of [Mandel's] finest novels and one of her most satisfying forays into the arena of speculative fiction yet." —The New York Times Edwin St. Andrew is eighteen years old when he crosses the Atlantic by steamship, exiled from polite society following an ill-conceived diatribe at a dinner party. He enters the forest, spellbound by the beauty of the Canadian

wilderness, and suddenly hears the notes of a violin echoing in an airship terminal—an experience that shocks him to his core. Two centuries later a famous writer named Olive Llewellyn is on a book tour. She's traveling all over Earth, but her home is the second moon colony, a place of white stone, spired towers, and artificial beauty. Within the text of Olive's best-selling pandemic novel lies a strange passage: a man plays his violin for change in the echoing corridor of an airship terminal as the trees of a forest rise around him. When Gaspery-Jacques Roberts, a detective in the black-skied Night City, is hired to investigate an anomaly in the North American wilderness, he uncovers a series of lives upended: The exiled son of an earl driven to madness, a writer trapped far from home as a pandemic ravages Earth, and a childhood friend from the Night City who, like Gaspery himself, has glimpsed the chance to do something extraordinary that will disrupt the timeline of the universe. A virtuoso performance that is as human and tender as it is intellectually playful, *Sea of Tranquility* is a novel of time travel and metaphysics that precisely captures the reality of our current moment. The acclaimed author of *Revolutionary Road*—one of the most important writers of the twentieth century—movingly portrays a man and a woman from their courtship and marriage in the 1950s to their divorce in the 70s, chronicling their heartbreaking attempts to reach their highest ambitions. Michael Davenport

dreams of being a poet after returning home from World War II Europe, and at first he and his new wife Lucy enjoy their life together. But as the decades pass and the success of others creates an oppressive fear of failure in both Michael and Lucy, their once bright future gives way to a life of adultery and isolation. With empathy and grace, Yates creates a poignant novel of the desires and disasters of a tragic, hopeful couple. A remarkably vivid depiction of village life provides the backdrop to George Eliot's first novel, a story of love and betrayal invested with social realism of unprecedented sensitivity. Adam Bede is an upstanding young carpenter whose greatest weakness is his infatuation with the self-absorbed village beauty, Hetty Sorrel. Hetty has secretly set her sights on Captain Arthur Donnithorne, heir to the local squire's estate; his abandonment of her and her engagement to Adam set in motion a tragedy that will touch many people's lives. When Hetty lands in prison, accused of murder and facing a sentence of execution by hanging, it is her fervent young cousin Dinah Morris, a Methodist preacher, whose intervention offers both Hetty and Adam comfort and the hope of peace. The evocations of a lost rural world for which Adam Bede was so resoundingly praised on its publication in 1859 are charged in Eliot's hands with a personal compassion that intensifies the novel's outer dramas of seduction and betrayal and inner dramas of moral growth and redemption.

John Wilder is in his mid-thirties, a successful salesman with a place in the country, an adoring wife and a ten-year-old son. But something is wrong. His family no longer interests him, his infidelities are

leading him nowhere and he has begun to drink too much. Then one night, something inside John snaps and he calls his wife to tell her that he isn't coming home... With his second collection of short stories, Richard Yates continues to extend his range as a writer of stunning power and eloquence. 'Liars in Love' is concerned with troubled relations and the elusive nature of truth. For years, 10-year-old Zelly Fried has tried to convince her parents to let her have a dog. After all, practically everyone in Vermont owns a dog, and it sure could go a long way helping Zelly fit in since moving there from Brooklyn. But when her eccentric grandfather Ace hatches a ridiculous plan involving a "practice dog" named O.J., Zelly's not so sure how far she's willing to go to win a dog of her own. Is Ace's plan so crazy it just might work . . . or is it just plain crazy? Erica S. Perl weaves an affectionate and hilarious tale that captures the enduring bond between grandparents and grandchildren. Even when they're driving each other nuts. A true neglected classic, this sweeping 1904 novel is a Modernist masterpiece and arguably "the great Danish novel"-- but is only newly available in English. Lucky Per is a bildungsroman about the ambitious son of a clergyman who rejects his faith and flees his restricted life in the Danish countryside for the capital city. Per is a gifted young man who arrives in Copenhagen believing that "you had to hunt down luck as if it were a wild creature, a

crooked-fanged beast . . . and capture and bind it." Per's love interest, a Jewish heiress, is both the strongest character in the book and one of the greatest Jewish heroines of European literature. Per becomes obsessed with a grand engineering scheme that he believes will reshape both Denmark's landscape and its minor place in the world; eventually, both his personal and his career ambitions come to grief. At its heart, the story revolves around the question of the relationship of "luck" to "happiness" (the Danish word in the title can have both meanings), a relationship Per comes to see differently by the end of his life. NATIONAL BOOK AWARD FINALIST • Frank and April Wheeler are a bright, beautiful, talented couple in the 1950s whose perfect suburban life is about to crumble. • Hailed by Kurt Vonnegut as "The Great Gatsby of my time . . . one of the best books by a member of my generation." Perhaps Frank and April married too young and started a family too early. Maybe Frank's job is dull. And April never saw herself as a housewife. Yet they have always lived on the assumption that greatness is only just around the corner. But now that certainty is about to unravel. With heartbreaking compassion and remorseless clarity, Richard Yates shows how Frank and April mortgage their spiritual birthright, betraying not only each other, but their best selves. In his introduction to this edition, novelist Richard Ford pays homage to the lasting influence and enduring power of

Revolutionary Road. The Open Access version of this book, available at <http://www.tandfebooks.com/doi/view/10.4324/9781315474052>, has been made available under a Creative Commons Attribution-Non Commercial-No Derivatives 4.0 license Today, Pride parades are staged in countries and localities across the globe, providing the most visible manifestations of lesbian, gay, bisexual, trans, queer and intersex movements and politics. *Pride Parades and LGBT Movements* contributes to a better understanding of LGBT protest dynamics through a comparative study of eleven Pride parades in seven European countries – Czech Republic, Italy, Netherlands, Poland, Sweden, Switzerland, the UK – and Mexico. Peterson, Wahlström and Wennerhag uncover the dynamics producing similarities and differences between Pride parades, using unique data from surveys of Pride participants and qualitative interviews with parade organizers and key LGBT activists. In addition to outlining the histories of Pride in the respective countries, the authors explore how the different political and cultural contexts influence: Who participates, in terms of socio-demographic characteristics and political orientations; what Pride parades mean for their participants; how participants were mobilized; how Pride organizers relate to allies and what strategies they employ for their performances of Pride. This book will be of interest to political scientists and sociologists with an interest in LGBT studies, social movements, comparative

politics and political behavior and participation. Now available in eBook for the first time, Richard Yates's groundbreaking collection of short fiction. First published in 1962, a year after *Revolutionary Road*, this sublime collection of stories seems even more powerful today. Out of the lives of Manhattan office workers, a cab driver seeking immortality, frustrated would-be novelists, suburban men and their yearning, neglected women, Richard Yates creates a haunting mosaic of the 1950s, the era when the American dream was finally coming true—and just beginning to ring a little hollow. In *Eleven Kinds of Loneliness*, you'll discover some of the most influential and sharply observed short fiction of the 20th century, and find out why Richard Yates was a true American master.

This early work by Ford Madox Ford was originally published in 1926 and we are now republishing it with a brand new introduction. This is part three of Ford's hugely successful *Parade's End* tetralogy that has now been adapted into a BBC television drama. Ford Madox Ford was born Ford Madox Hueffer in Merton, Surrey, England on 17th December 1873. The creative arts ran in his family - Hueffer's grandfather, Ford Madox Brown, was a well-known painter, and his German émigré father was music critic of *The Times* - and after a brief dalliance with music composition, the young Hueffer began to write. Although Hueffer never attended university, during his early twenties he moved through many intellectual

circles, and would later talk of the influence that the "Middle Victorian, tumultuously bearded Great" - men such as John Ruskin and Thomas Carlyle - exerted on him. In 1908, Hueffer founded the English Review, and over the next 15 months published Thomas Hardy, H. G. Wells, Joseph Conrad, Henry James, John Galsworthy and W. B. Yeats, and gave débuts to many authors, including D. H. Lawrence and Norman Douglas. Hueffer's editorship consolidated the classic canon of early modernist literature, and saw him earn a reputation as one of the century's greatest literary editors. Ford continued to write through the thirties, producing fiction, non-fiction, and two volumes of autobiography: *Return to Yesterday* (1931) and *It was the Nightingale* (1933). In his last years, he taught literature at the Olivet College in Michigan. Ford died on 26th June 1939 in Deauville, France, at the age of 65. The four novels were originally published under the titles: Some Do Not ... (1924), No More Parades (1925), A Man Could Stand Up – (1926), and Last Post (or The Last Post in the USA) (1928). It is set mainly in England and on the Western Front in World War I, where Ford served as an officer in the Welsh Regiment, a life vividly depicted in the novels. The novels chronicle the life of Christopher Tietjens, a brilliant government statistician from a wealthy landowning family who is serving in the British Army during World War I. His wife Sylvia is a flippant socialite who seems intent on ruining him. Tietjens may or may not be the father of his wife's child. Meanwhile, his incipient affair with Valentine Wannop, a high-spirited pacifist and suffragette, has not been consummated, despite what all their friends believe. The two central novels follow Tietjens in the army in France and Belgium, as well as Sylvia and Valentine in their separate paths over

the course of the war. Ford Madox Ford (1873 – 1939) was an English novelist, poet, critic and editor whose journals, *The English Review* and *The Transatlantic Review*, were instrumental in the development of early 20th-century English literature. He is now remembered best for his publications *The Good Soldier*, the *Parade's End* tetralogy and *The Fifth Queen* trilogy. Even as little girls, Sarah and Emily are very different from each other. Emily looks up to her wiser and more stable older sister and is jealous of her relationship with their absent father, and later her seemingly golden marriage. The path she chooses for herself is less safe and conventional and her love affairs never really satisfy her. Although the bond between them endures, gradually the distance between the two women grows, until a tragic event throws their relationship into focus one last time. NATIONAL BOOK AWARD FINALIST • Frank and April Wheeler are a bright, beautiful, talented couple in the 1950s whose perfect suburban life is about to crumble in this "moving and absorbing story" (*The Atlantic Monthly*) from one of the most acclaimed writers of the twentieth century. "The Great Gatsby of my time...one of the best books by a member of my generation." –Kurt Vonnegut, acclaimed author of *Slaughterhouse-Five* Perhaps Frank and April Wheeler married too young and started a family too early. Maybe Frank's job is dull. And April never saw herself as a housewife. Yet they have always lived on the assumption that greatness is

In his introduction to this edition, novelist Richard Ford pays homage to the lasting influence and enduring power of Revolutionary Road. During the Golden Age of the Broadway musical, few director-choreographers could infuse a new musical with dance and movement in quite the way Gower Champion could. From his earliest Broadway success with Bye Bye Birdie to his triumphant and bittersweet valedictory, 42nd Street, musicals directed by Champion filled the proscenium with life. At their best, they touched the heart and stirred the soul with a skillful blend of elegance and American showmanship. He began his career as one-half of "America's Youngest Dance Team" with Jeanne Tyler and later teamed with his wife, dance partner, and longtime collaborator, Marge Champion. This romantic ballroom duo danced across America in the smartest clubs and onto the television screen, performing story dances that captivated the country. They ultimately took their talent to Hollywood, where they starred in the 1951 remake of Show Boat, Lovely to Look At, and other films. But Broadway always called to Champion, and in 1959 he was tapped to direct Bye Bye Birdie. The rest is history. In shows like Birdie, Carnival, Hello, Dolly!, I Do! I Do!,

Sugar, and 42nd Street, luminaries such as Chita Rivera, Dick Van Dyke, Carol Channing, Mary Martin, Robert Preston, Tony Roberts, Robert Morse, Tammy Grimes, and Jerry Orbach brought Champion's creative vision to life. Working with composers and writers like Jerry Herman, Michael Stewart, Charles Strouse, Lee Adams, and Bob Merrill, he streamlined the musical making it flow effortlessly with song and dance from start to finish. John Gilvey has spoken with many of the people who worked with Champion, and in *Before the Parade Passes By* he tells the life story of this most American of Broadway musical director-choreographers from his early days dancing with Marge to his final days spent meticulously honing the visual magic of 42nd Street. *Before the Parade Passes By* is the life story of one man who personified the glory of the Broadway musical right up until the moment of his untimely death. When the curtain fell to thunderous applause on the opening night of 42nd Street, August 25, 1980, legendary impresario David Merrick came forward, silenced the audience, and announced that Champion had died that morning. As eminent theatre critic Ethan Mordden has firmly put it, "the Golden Age was over." Though the Golden Age of the Broadway musical is over, John Gilvey brings it to life again by telling the story of Gower Champion, one of its most passionate and creative legends. Celebrated in his prime, forgotten in his final years, only to be championed anew by our greatest

contemporary authors, Richard Yates has always exposed readers to the unsettling hypocrisies of our modern age. In Blake Bailey's masterful and entertaining biography, Yates himself serves as the fascinating lens into mid-century America, a world of would-be artists, depressed housewives, addled businessmen, high living, wistful striving, and self-deception. The story of Richard Yates here stands as a singular reminder of what the writer must sacrifice for his craft, the devil's bargain of artistry for happiness, praise for sanity. Richard Yates, who died in 1992, is today ranked by many readers, scholars, and critics alongside such titans of modern American fiction as Updike, Roth, Irving, Vonnegut, and Mailer. In this work, he offers a spare and autumnal novel about a New England prep school. At once a meditation on the twilight of youth and an examination of America's entry into World War II, *A Good School* tells the stories of William Grove, the quiet boy who becomes an editor of the school newspaper; Jack Draper, a crippled chemistry teacher; and Edith Stone, the schoolmaster's young daughter, who falls in love with most celebrated boy in the class of 1943. The literary event of 2001 is now the paperback event of 2002: *The Collected Stories of Richard Yates* gathers the late author's powerful and peerless short fiction in one comprehensive volume. Praised by such authors as Michael Chabon, Stewart O'Nan, Robert Stone, and Richard Russo, and universally acclaimed in reviews

across the country, *The Collected Stories* is the crowning jewel in what has been the rediscovery of one of our greatest American writers. "A detailed study of Yates's novels and stories" -- Provided by publisher.

How do children determine which identity becomes paramount as they grow into adolescence and early adulthood? Which identity results in patterns of behaviour as they develop? To whom or to which group do they feel a sense of belonging? How might children, adolescents and young adults negotiate the gap between their own sense of identity and the values promoted by external influences? The contributors explore the impact of globalization and pluralism on the way most children and adolescents grow into early adulthood. They look at the influences of media and technology that can be felt within the living spaces of their homes, competing with the religious and cultural influences of family and community, and consider the ways many children and adolescents have developed multiple and virtual identities which help them to respond to different circumstances and contexts. They discuss the ways that many children find themselves in a perpetual state of shifting identities without ever being firmly grounded in one, potentially leading to tension and confusion particularly when there is conflict between one identity and another. This can result in increased anxiety and diminished self-esteem. This book explores how parents, educators and social and health workers might have a raised

awareness of the issues generated by plural identities and the overpowering human need to belong so that they can address associated issues and nurture a sense of wholeness in children and adolescents as they grow into early adulthood.
