Simone Thibodeaux is about to switch things up. Check her life: It's sealed in a boy-proof container. Her Haitian immigrant parents send Simone to an all-girls high school and enforce strict no-dating rules. As for prom? Simone is allowed to go on one condition: Her parents will select her date (a boy from a nice, Haitian immigrant family, obviously). Simone is desperate to avoid the setup -- especially since she has a serious crush on another boy. It's time to take action. Simone and her fellow late-bloomer friends make a senior year bucket list of all the wild things they haven't done yet. Like: going out dancing, skipping class (what), and oh yeah -- deciding their own prom destinies. But as the list takes on a life of its own, things get much messier than Simone expected. Can she figure out which rules are worth breaking and which might save her from heartbreak? Sam's deepest fantasies of submission are unfulfilled. Now, after the passing of his wife, Sam is ready to broaden his sexual horizons. His chance meeting of Kelly, a beautiful but troubled

woman half his age leads to a 'first experience' living the surreal world of their fantasies. Sam must re-examine his philosophies as he realizes that he desires much more than a play partner. And Kelly knows that she needs more than a lover: Someone she can trust and to whom she can expose her inner soul; someone whose values transcend the ordinary. Someone who will illuminate her own dark fantasy world. The Experiences series is an epic love story of erotic relationships and sexual desires. Written in a 'social realism' style, the series introduces Sam in the prequel, and the blossoming of his intimate relationship with Kelly as the series progresses. Fantasies and real-world adventures coalesce to mold a unique bond between unlikely lovers. Where needs are satisfied in an open, creative and trusting environment. Where physical and mental boundaries are pushed. Where the concepts of love and sex are never confused, but sometimes confusing. Where openness is required and intimacy is expected. And where fair-is-fair, regarding the punishment of transgressions. Includes an excerpt from Misadventures with a book boyfriend. Eduardo Lalo is one of the most vital and unique voices of Latin American literature, but his work is relatively little known in the English-speaking world. That changes now: this masterful translation of his most celebrated novel, Simone—which won the 2013 Rómulo Gallegos International Novel Prize—will introduce an English-language audience to this extraordinary literary talent. A tale of alienation, love, suspense, imagination, and literature set on the streets of San Juan, Puerto Rico, Simone tells the story of a self-educated Chinese immigrant student courting (and stalking) a disillusioned, unnamed writer who is struggling to make a name for himself in a place that is not exactly a hotbed of literary fame. By turns solipsistic and political, romantic and dark, Simone begins with the writer's frustrated, satiric observations on his native city and the banal life of the university where he teaches—forces utterly at odds with the sensuality of his writing. But, as mysterious messages and literary clues begin to appear—scrawled on sidewalks and walls, inside volumes set out in bookstores, left on his answering machine and under his windshield wiper—Simone progresses into a cat-and-mouse game between the writer and his mystery stalker. When the eponymous Simone's identity is at last revealed, the writer finds in the life of this Chinese immigrant a plight not unlike his own. Traumatized and lonely, the pair moves towards bittersweet collaborations in passion, grief, and art. "Meet Morris. He loves worms in his spaghetti and zombie bowling. Meet Simone. She loves flowers and puppies. Despite their differences, Simone and Morris are best friends. Even if Simone won't eat worms. Jokes abound as we join these two unlikely friends in their hilarious adventures in Morris's monster world!"--Page [4] of cover. Features discussions of S/M sex, lesbian ethics, lesbian desire, bisexuality, and includes a bibliography of lesbian criticism. This work contains essays that explore the diverse positive understandings of 'lesbian philosophy', from contested sexual behaviours such as pornography and sadomasochism to the meaning of 'lesbianism'. She's got one night in London to lose her V-card to a Mr. Darcy lookalike before she has to join some ancient professor in the country. He needs the help. Still, he decides to take the edge off his frustration while visiting a colleague in London, and winds up having the sexiest, sweetest night of his life with a stranger, who vanishes in the morning without a trace... To Zandy's shock when she arrives at Professor Graeme's house a day later, the door isn't opened by a fussy old scholar, but by the wild, passionate man she met in London. Cold and reserved by day, Oliver is ferociously greedy with her at night, and it's not long before Zandy finds herself falling for both versions of him—the aloof professor and the generous, rough lover. Ferdinand the Frog wants an adventure, so he disobeys his parents and crosses the pond to play. He soon learns that mums and dads know best, and that rules are for a reason! The streets of Paris at night are pathways coursing with light and shadow, channels along which identity may be formed and lost, where

the grand inflow of history, art, language, and thought—and of love—can both inspire and enfeeble. For the narrator of Eduardo Lalo's *Uselessness*, it is a world long desired. But as this young aspiring writer discovers upon leaving his home in San Juan to study—to live and be reborn—in the city of his dreams, Paris's twinned influences can rip you apart. Lalo's first novel, *Uselessness* is something of a bildungsroman of his own student days in Paris. But more than this, it is a literary précis of his oeuvre—of themes that obsess him still. Told in two parts, *Uselessness* first follows our narrator through his romantic and intellectual awakenings in Paris, where he elevates his adopted home over the moribund one he has left behind. But as he falls in and out of love he comes to realize that as a Puerto Rican, he will always be apart. Ending the greatest romance of his life—that with the city of Paris itself—he returns to San Juan. And in this new era of his life, he is forced to confront choices made, ambitions lost or unmet—to look upon lives not lived. A tale of the travails of youthful romance and adult acceptance, of foreignness and isolation both at home and abroad, and of the stultifying power of the desire to belong—and to be moved—*Uselessness* is here rendered into English by the masterful translator Suzanne Jill Levine. For anyone who has been touched by the disquieting passion of Paris, *Uselessness* is a stirring saga.

DinosOz Adventures Book 1 The Tunnel. Join best friends, Simone and James as they discover the exciting world of Australian dinosaurs. Enter the incredible world of Australian dinosaurs James and Simone gasped, and then both held their hands over their mouths at the same time. There were half a dozen nests, all with eggs in them. The nests were on a ledge outcropping on the side of the hill. They were actually only about halfway down the hill before they came to a stop on this ledge. These eggs had not hatched yet, and the parents were sure to be nearby. Just as she had this thought, as she stood behind a rock, Simone saw a large raptor-like dinosaur head rising up to stare straight at them. She felt like it was staring straight at her, right through her! In the back of her mind, a little voice told her these were Australovenators, the same type of dinosaur as Mondo. This adult was staring at her hungrily and did not look happy at the intruders in her nesting area. It sniffed the air a few times. James slowly took hold of the back of Simone's arm to pull her gently backwards, and away from the eggs. All thought of being quiet and stealthy vanished in an instant when the Australovenator in front of them let out an angry, bellowing roar! Simone jumped in the air from fright! Without a word between the two friends, they both turned and started running as fast as their legs would carry them. They had not gone all the way to the bottom after all. They were running along a ledge along the side of the hill they had just slid down. It was not fast enough. Simone chanced a look over her shoulder and she saw the huge animal closing the distance with every step! They were not going to make it. Simone's mind took this moment to remind her of something she had heard long ago, from her uncle who was a hunter. "When a bear is chasing you, you don't have to outrun the bear. You just have to outrun the guy next to you." Not helpful, she thought, as she was trailing James, and would surely be the first one eaten, seconds from now. As they ran, Simone started to hear a rumbling sound, coming from above. At first, she thought it was just the thundering footsteps of the angry parent, at least Simone thought it was a mother, but that would have to wait for later to think more about that. If there was a later.

DinosOz Adventures Book 1 The Tunnel...continues The rumbling sound was getting louder and felt like it was coming from above her, not behind her, so she quickly glanced up. Just as she was thinking her day couldn't get any worse, she saw a small landslide had been started by their earlier slide down the hill and was just now gathering speed and debris as it came hurtling down the hill. Simone was not quite sure what would kill her first, the angry predator, or the angry mountain. So, she just kept running. She saw James had looked back a couple of times, probably to make sure she was still following. She knew he had seen the mudslide heading their way as well. With no other options, they kept running. Simone could practically feel the hot smelly breath of the Australovenator on her neck, at the same time she could feel the first pebbles and stones hitting her. The dinosaur was huge and very fast, and Simone knew this was the end. It must have been two metres high and about six meters long. It was running on two powerful legs and was showing its short arms were armed with incredible sharp claws and the half-open mouth was showing multiple scary sharp teeth. She closed her eyes but kept running. She did not want to see what was about to happen, as she imagined the dinosaur's teeth closing in over her head and its claws digging in her skin.
