Birdbaths and Paper Cranes Nov 24 2020 Syndicated columnist Sharon Randall's writing style is intensely personal and unmistakably authentic, as if she were writing a letter to a trusted friend. She shares stories of how her blind brother once tried to drive a car; her sister lost a wig on a bumper car ride; her husband coached basketball while battling cancer; and her oldest child grew up to be "not a real doctor, but play one on TV." In Randall's hands, even stories about ordinary things—from a broken birdbath to a rusty porch swing to a thousand paper cranes—all shine with extraordinary meaning and grace. Laughing or crying, readers will surely see in her stories some of their own, and may look at life in a new way.

Saddam Hussein Dec 06 2021 Authors Efraim Karsh and Inari Rautsi, experts on Middle East history and politics, have combined their expertise to write what is largely considered the definitive work of one of the world's most reviled and notorious figures. Drawing on a wealth of Iraqi, Arab, Western and Israeli sources, including interviews with people who have had close contact with Saddam Hussein throughout his career, the authors trace the meteoric transformation of an ardent nationalist and obscure Ba'th party member into an absolute dictator. Skillfully interweaving a realistic analysis of Gulf politics and history, and now including a new introduction and

epilogue, this authoritative biography is essential for understanding the mind of a modern tyrant.

Despite Kenny's suspected heart condition, he is determined to practice secretly with Mickey so he, too, can one day try out for the Asahi. But world events soon overtake life in this quiet community. When Japan attacks Pearl Harbor in 1941, everything for Kenny and his family spirals out of control: schools are closed, businesses are confiscated, fathers are arrested and sent to work camps in the BC interior and mothers and children are relocated to internment camps. When Mickey is arrested for a small act of violence, Kenny manages to keep his family's spirits up, despite the deplorable conditions in camp. Coming across a "vacant" field covered with scrap wood, broken shakes and torn tar paper, Kenny gets permission to clear it and convert it into a baseball field. One by one, the boys in the camp pitch in, and the work gives purpose to their long days. Kenny's persistence, hard work and big dreams shape the teen he is to become in this story of happiness found despite all odds.

A Thousand Cranes for India May 11 2022 In Japan there is a legend that anyone who folds one thousand paper cranes will have their wishes realized. But folding cranes, and the meditative, solemn care that it involves, has come to mean more than just an exercise in wish making. Origami cranes have become a symbol of renewal, atonement, and warning. Their symbolism may have emerged out of Japan's particular mythology and history, but they do not belong to any one nation. The crane is a migratory bird that crosses borders and makes its home with scant regard to the blood-soaked lines that humans have drawn on maps. This anthology uses origami cranes as a way for some of India's best-known writers, poets, and artists to form a shared civic space for a conversation about the fault lines in India at a time of darkness. The twenty-three pieces collected here encompass reportage, stories, poems, memoir, and polemic--the kind of complex and enriching diversity that India demands and deserves. The paper crane becomes a motif of connection,

beauty, and reclamation in an otherwise degraded country, enabling those who fight with words to become the best army they can be.

****Middle School Book of the Year-- Northern Lights Book Awards**** ****Skipping Stones Honor Award Winner**** For the first time, middle readers can learn the complete story of the courageous girl whose life, which ended through the effects of war, inspired a worldwide call for peace. In this book, author Sue DiCicco and Sadako's older brother Masahiro tell her complete story in English for the first time--how Sadako's courage throughout her illness inspired family and friends, and how she became a symbol of all people, especially children, who suffer from the impact of war. Patient and determined, Sadako set herself the task of folding 1000 paper cranes in the hope that her wish to be made well again would be granted.
