It simulates the relationship between an education policy maker and an informed consultant. The consultant interviews the policy maker, asking about the performance of the education system. The policy maker's answers to each question influence the next question that is asked. The consultant discusses results from studies in other countries to help focus questions. Eventually the questions lead to examples of programs tried out in countries with problems similar to those of the policy maker. All aspects of basic education systems are covered: finance, teachers, assessment, curriculum, material, buildings, and administration. • Best Selling Book for NEST : National Entrance Screening Test with objective-type questions as per the latest syllabus given by the NEST . • Compare your performance with other students using Smart Answer Sheets in EduGorilla's NEST : National Entrance Screening Test Practice Kit. • NEST : National Entrance Screening Test Preparation Kit comes with 10 Full-length Mock Tests with the best quality content. • Increase your chances of selection by 14X. • NEST : National Entrance Screening Test Prep Kit comes with well-structured and 100% detailed solutions for all the questions. • Clear exam with good grades using thoroughly Researched Content by experts.
