Animal Farm Jul 13 2022 All animals are equal but some animals are more equal than others. It's just an ordinary farm - until the animals revolt. They get rid of the irresponsible farmer. The other animals are sure that life is improving, but as systems are replaced and half-truths are retold, a new hierarchy emerges . . . Orwell's tale of propaganda, power and greed has never felt more pertinent. With an exciting new cover and inside illustrations by superstar Chris Mould.

Outcast London Jul 21 2020 At the time the largest city in the world, Victorian London intrigued and appalled politicians, clergymen, novelists and social investigators. Dickens, Mayhew, Booth, Gissing and George Bernard Shaw, to name but a few, developed a morbid fascination with its sullied streets and the sensational gulf between London classes. Outcast London explores the London economy, in particular its vast numbers of casual and irregular day labourers and the artisans and seamstresses engaged in seasonal and workshop trades. This vast assemblage was volatile, subject to the ups and downs of the world economy, to the vagaries of the weather, and to the rise and fall of various trades. Its crises could cause panic in wealthy London. New forms of charity came into being as well as, eventually, an embryonic form of the twentieth century welfare state. At first sight, the London described in this book is wholly remote from the city encountered today. But developments in recent decades reveal that the types of irregular employment, poverty and inequality experienced by modern Londoners are not so distant from those familiar to their Victorian and Edwardian ancestors.

King Leopold's Ghost Dec 14 2019 With an introduction by award-winning novelist Barbara Kingsolver In the late nineteenth century, when the great powers in Europe were tearing Africa apart and seizing ownership of land for themselves, King Leopold of Belgium took hold of the vast and mostly unexplored territory surrounding the Congo River. In his devastatingly barbarous colonization of this area, Leopold stole its rubber and ivory, pummelled its people and set up a ruthless

regime that would reduce the population by half. . While he did all this, he carefully constructed an image of himself as a deeply feeling humanitarian. Winner of the Duff Cooper Prize in 1999, King Leopold's Ghost is the true and haunting account of this man's brutal regime and its lasting effect on a ruined nation. It is also the inspiring and deeply moving account of a handful of missionaries and other idealists who travelled to Africa and unwittingly found themselves in the middle of a gruesome holocaust. Instead of turning away, these brave few chose to stand up against Leopold. Adam Hochschild brings life to this largely untold story and, crucially, casts blame on those responsible for this atrocity.

Turning Points ___ Nov 12 2019 Turning Points demonstrates the role of style and form in promoting and shaping cultural development by studying important critics, and analyzing cultural change in literature, music, art, and philosophy.

U.S. History ___ Apr 29 2021 Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

The Federalist Papers ___ Nov 17 2022 Classic Books Library presents this brand new edition of "The Federalist Papers", a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. "The Federalist", as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyse the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755–1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

NOTES FROM THE WARSAW GHETTO Feb 14 2020 Notes from the Warsaw Ghetto is the moving account of the horror of the Warsaw Ghetto-written by the recognized archivist and historian of the area while he lived through it. Through anecdotes, stories, and notations-some as brief as was slapped today in Zlota Street-there emerges the agonizing, eyewitness accounts of human beings caught in the furor of senseless, unrelenting brutality. In the Journal, there is the whole of life in the Ghetto, from the erection of the Wall, in November 1940, for hygienic reasons, through the brief period of deceptive calm to the eventual mass murders. It is a portrait of man tested by crisis, stained at times by the meanness of avarice and self-preservation, illumined more often by moments of nobility. Language Notes: English, Yiddish (translation) Emmanuel Ringelblum was 39 when he began his notes. When the Germans first invaded Poland, Ringelblum, who could have stayed abroad and escaped, returned to Warsaw from Switzerland knowing that his was an historical event of importance for his people and a moment in time that must be forever a part of written history. As the recognized archivist of the Ghetto he gathered around him a staff, and assigned each to cover a specific part of Ghetto life. From these reports and this notes, he assembled his Journal. On March 7, 1944, Emmanuel Ringelblum was executed among the ruins of Warsaw, together with his wife, his son, and thirt-eight others who shared his hiding place.

A Manual for Writers of Research Papers, Theses, and Dissertations, Eighth Edition Sep 15 2022 A little more than seventy-five years ago, Kate L. Turabian drafted a set of guidelines to help students understand how to write, cite, and formally submit research writing. Seven editions and more than nine million copies later, the name Turabian has become synonymous with best practices in research writing and style. Her Manual for Writers continues to be the gold standard for generations of college and graduate students in virtually all academic disciplines. Now in its eighth edition, A Manual for Writers of Research Papers, Theses, and Dissertations has been fully revised to meet the needs of today's writers and researchers. The Manual retains its familiar three-part structure, beginning with an overview of the steps in the research and writing process, including formulating questions, reading critically, building arguments, and revising drafts. Part II provides an overview of citation practices with detailed information on the two main scholarly citation styles (notes-bibliography and author-date), an array of source types with contemporary examples, and detailed guidance on citing online resources. The final section treats all matters of editorial style, with advice on punctuation, capitalization, spelling, abbreviations, table formatting, and the use of quotations. Style and citation

recommendations have been revised throughout to reflect the sixteenth edition of The Chicago Manual of Style. With an appendix on paper format and submission that has been vetted by dissertation officials from across the country and a bibliography with the most up-to-date listing of critical resources available, A Manual for Writers remains the essential resource for students and their teachers.

History Nov 05 2021

Why Study History? Jan 19 2023 Considering studying history at university? Wondering whether a history degree will get you a good job, and what you might earn? Want to know what it's actually like to study history at degree level? This book tells you what you need to know. Studying any subject at degree level is an investment in the future that involves significant cost. Now more than ever, students and their parents need to weigh up the potential benefits of university courses. That's where the Why Study series comes in. This series of books, aimed at students, parents and teachers, explains in practical terms the range and scope of an academic subject at university level and where it can lead in terms of careers or further study. Each book sets out to enthuse the reader about its subject and answer the crucial questions that a college prospectus does not.

AP World History Modern Prep Plus 2020 & 2021 Nov 24 2020 Kaplan's AP World History: Modern Prep Plus 2020 & 2021 is revised to align with the latest exam. This edition features hundreds of practice questions in the book and online, complete explanations for every question, and a concise review of high-yield content to quickly build your skills and confidence. Test-like practice comes in 5 full-length exams, 12 pre- and post-chapter quizzes, and 24 online quizzes. Customizable study plans ensure that you make the most of the study time you have. We're so confident that AP World History: Modern Prep Plus offers the guidance you need that we guarantee it: after studying with our online resources and book, you'll score higher on the AP exam—or you'll get your money back. To access your online resources, go to kaptest.com/moreonline and follow the directions. You'll need your book handy to complete the process. The College Board has announced that the 2021 exam dates for AP World History: Modern will be May 10, May 20, or June 3, depending on the testing format. (Each school will determine the testing format for their students.) Expert Guidance We know the test—our AP experts make sure our practice questions and study materials are true to the exam. We know students—every explanation is written to help you learn, and our tips on the exam structure and question formats will help you avoid surprises on Test Day. We invented test prep—Kaplan (kaptest.com) has been helping

students for 80 years, and 9 out of 10 Kaplan students get into one or more of their top-choice colleges.

The Princeton Guide to Historical Research Oct 16 2022 The essential handbook for doing historical research in the twenty-first century The Princeton Guide to Historical Research provides students, scholars, and professionals with the skills they need to practice the historian's craft in the digital age, while never losing sight of the fundamental values and techniques that have defined historical scholarship for centuries. Zachary Schrag begins by explaining how to ask good questions and then guides readers step-by-step through all phases of historical research, from narrowing a topic and locating sources to taking notes, crafting a narrative, and connecting one's work to existing scholarship. He shows how researchers extract knowledge from the widest range of sources, such as government documents, newspapers, unpublished manuscripts, images, interviews, and datasets. He demonstrates how to use archives and libraries, read sources critically, present claims supported by evidence, tell compelling stories, and much more. Featuring a wealth of examples that illustrate the methods used by seasoned experts, The Princeton Guide to Historical Research reveals that, however varied the subject matter and sources, historians share basic tools in the quest to understand people and the choices they made. Offers practical step-by-step guidance on how to do historical research, taking readers from initial questions to final publication Connects new digital technologies to the traditional skills of the historian Draws on hundreds of examples from a broad range of historical topics and approaches Shares tips for researchers at every skill level

Essay Writing Made Easy Oct 12 2019

Approaches to Teaching the History of the English Language Aug 22 2020 The History of the English Language has been a standard university course offering for over 150 years. Yet relatively little has been written about teaching a course whose very title suggests its prodigious chronological, geographic, and disciplinary scope. In the nineteenth century, History of the English Language courses focused on canonical British literary works. Since these early curricula were formed, the English language has changed, and so have the courses. In the twenty-first century, instructors account for the growing prominence of World Englishes as well as the English language's transformative relationship with the internet and social media. Approaches to Teaching the History of the English Language addresses the challenges and circumstances that the course's instructors and students commonly face. The volume reads as a series of "master classes" taught by experienced instructors who explain the pedagogical problems that inspired resourceful teaching practices. Although its chapters are authored by seasoned teachers, many of whom are preeminent scholars in their individual fields, the book is designed

for instructors at any career stage—beginners and veterans alike. The topics addressed in *Approaches to Teaching the History of the English Language* include: the unique pedagogical dynamic that transpires in language study; the course's origins and relevance to current university curricula; scholarly approaches that can offer an abiding focus in a semester-long course; advice about navigating the course's formidable chronological ambit; ways to account for the language's many varieties; and the course's substantial and pedagogical relationship to contemporary multimedia platforms. Each chapter balances theory and practice, explaining in detail activities, assignments, or discussion questions ready for immediate use by instructors.

Letter of Christopher Columbus to Rafael Sanchez Oct 04 2021

A Short Guide to Writing about Social Science May 19 2020 Advanced
advice for students who want to read, write and learn about social sciences in preparation for a career in that field.

Methods and Theories of Art History Aug 14 2022 This is an analysis of complex forms of art history. It covers a broad range of approaches, presenting individual arguments, controversies and divergent perspectives. The book begins by introducing the concept of theory and explains why it is important to the practice of art history.

In the Shadow Of the Poorhouse (Tenth Anniversary Edition) Mar 29 2021 With welfare reform a burning political issue, this special anniversary edition of the classic history of welfare in America has been revised and updated to include the latest bipartisan debates on how to “end welfare as we know it.” *In the Shadow of the Poorhouse* examines the origins of social welfare, both public and private, from the days of the colonial poorhouse through the current tragedy of the homeless. The book explains why such a highly criticized system persists. Katz explores the relationship between welfare and municipal reform; the role of welfare capitalism, eugenics, and social insurance in the reorganization of the labor market; the critical connection between poverty and politics in the rise of the New Deal welfare state; and how the War on Poverty of the '60s became the war on welfare of the '80s.

From Out of the Shadows Oct 24 2020 *From Out of the Shadows* was the first full study of Mexican-American women in the twentieth century. Beginning with the first wave of Mexican women crossing the border early in the century, historian Vicki L. Ruiz reveals the struggles they have faced and the communities they have built. In a narrative enhanced by interviews and personal stories, she shows how from labor camps, boxcar settlements, and urban barrios, Mexican women nurtured families, worked for wages, built extended networks, and participated in community associations--efforts that helped Mexican Americans find their own place in America. She also narrates the tensions that arose

between generations, as the parents tried to rein in young daughters eager to adopt American ways. Finally, the book highlights the various forms of political protest initiated by Mexican-American women, including civil rights activity and protests against the war in Vietnam. For this new edition of *From Out of the Shadows*, Ruiz has written an afterword that continues the story of the Mexicana experience in the United States, as well as outlines new additions to the growing field of Latina history.

Howard Zinn on History Sep 03 2021 Howard Zinn began work on his first book for his friends at Seven Stories Press in 1996, a big volume collecting all his shorter writings organized by subject. The themes he chose reflected his lifelong concerns: war, history, law, class, means and ends, and race. Throughout his life Zinn had returned again and again to these subjects, continually probing and questioning yet rarely reversing his convictions or the vision that informed them. The result was *The Zinn Reader*. Five years later, starting with *Howard Zinn on History*, updated editions of sections of that mammoth tome were published in inexpensive stand-alone editions. This second edition of *Howard Zinn on History* brings together twenty-seven short writings on activism, electoral politics, the Holocaust, Marxism, the Iraq War, and the role of the historian, as well as portraits of Eugene Debs, John Reed, and Jack London, effectively showing how Zinn's approach to history evolved over nearly half a century, and at the same time sharing his fundamental thinking that social movements—people getting together for peace and social justice—can change the course of history. That core belief never changed. Chosen by Zinn himself as the shorter writings on history he believed to have enduring value—originally appearing in newspapers like the *Boston Globe* or the *New York Times*; in magazines like *Z*, the *New Left*, the *Progressive*, or the *Nation*; or in his book *Failure to Quit*—these essays appear here as examples of the kind of passionate engagement he believed all historians, and indeed all citizens of whatever profession, need to have, standing in sharp contrast to the notion of "objective" or "neutral" history espoused by some. "It is time that we scholars begin to earn our keep in this world," he writes in "The Uses of Scholarship." And in "Freedom Schools," about his experiences teaching in Mississippi during the remarkable "Freedom Summer" of 1964, he adds: "Education can, and should, be dangerous."

Princeton Review AP Biology Premium Prep 2021 Jan 27 2021 AP Biology Premium Prep, 2021, previously titled *Cracking the AP Biology Exam, Premium Edition*, will now include a total of 6 full-length practice tests. The Premium edition continues to provide students with comprehensive topic reviews of all AP Biology subjects, from photosynthesis to genetics to evolution. It also includes strategies for all AP Biology question types, including grid-in and short free-response questions, and contains detailed guidance on how to write a

topical, cohesive, point-winning essay. This Premium edition now includes 6 full-length practice tests (4 in the book and 2 online) for the most practice possible.

The Pursuit of History Apr 17 2020 This classic introduction to the study of history invites the reader to stand back and consider some of its most fundamental questions - what is the point of studying history? How do we know about the past? Does an objective historical truth exist and can we ever access it? In answering these central questions, John Tosh argues that, despite the impression of fragmentation created by postmodernism in recent years, history is a coherent discipline which still bears the imprint of its nineteenth-century origins. Consistently clear-sighted, he provides a lively and compelling guide to a complex and sometimes controversial subject, while making his readers vividly aware of just how far our historical knowledge is conditioned by the character of the sources and the methods of the historians who work on them. The sixth edition has been revised and updated with key new material including: - a brand new chapter on public history - sections on digitised sources and historical controversy - discussion of topics including transnational history and the nature of the archive - an expanded range of examples and case studies - a comprehensive companion website providing valuable supporting material, study questions and a bank of primary sources. Lucid and engaging, this edition retains all the user-friendly features that have helped to make this book a favourite with both students and lecturers, including marginal glosses, illustrations and suggestions for further reading. Along with its companion website, this is an essential guide to the theory and practice of history.

The Essential Guide to Writing History Essays Feb 20 2023 The Essential Guide to Writing History Essays is a step-by-step guide to the typical assignments of any undergraduate or master's-level history program in North America. Effective writing is a process of discovery, achieved through the continual act of making choices--what to include or exclude, how to order elements, and which style to choose--each according to the author's goals and the intended audience. The book integrates reading and specialized vocabulary with writing and revision and addresses the evolving nature of digital media while teaching the terms and logic of traditional sources and the reasons for citation as well as the styles. This approach to writing not only helps students produce an effective final product and build from writing simple, short essays to completing a full research thesis, it also teaches students why and how an essay is effective, empowering them to approach new writing challenges with the freedom to find their own voice.

College Essay Essentials Feb 08 2022 Writing an amazing college admission essay is easier than you think! So you're a high school senior given the task of writing a 650-word personal statement for

your college application. Do you tell the story of your life, or a story from your life? Do you choose a single moment? If so, which one? The options seem endless. Lucky for you, they're not. College counselor Ethan Sawyer (aka The College Essay Guy) will show you that there are only four (really, four!) types of college admission essays. And all you have to do to figure out which type is best for you is answer two simple questions: 1. Have you experienced significant challenges in your life? 2. Do you know what you want to be or do in the future? With these questions providing the building blocks for your essay, Sawyer guides you through the rest of the process, from choosing a structure to revising your essay, and answers the big questions that have probably been keeping you up at night: How do I brag in a way that doesn't sound like bragging? and How do I make my essay, like, deep? Packed with tips, tricks, exercises, and sample essays from real students who got into their dream schools, College Essay Essentials is the only college essay guide to make this complicated process logical, simple, and (dare we say it?) a little bit fun.

Genesis Redux May 11 2022 Since antiquity, philosophers and engineers have tried to take life's measure by reproducing it. Aiming to reenact Creation, at least in part, these experimenters have hoped to understand the links between body and spirit, matter and mind, mechanism and consciousness. Genesis Redux examines moments from this centuries-long experimental tradition: efforts to simulate life in machinery, to synthesize life out of material parts, and to understand living beings by comparison with inanimate mechanisms. Jessica Riskin collects seventeen essays from distinguished scholars in several fields. These studies offer an unexpected and far-reaching result: attempts to create artificial life have rarely been driven by an impulse to reduce life and mind to machinery. On the contrary, designers of synthetic creatures have generally assumed a role for something nonmechanical. The history of artificial life is thus also a history of theories of soul and intellect. Taking a historical approach to a modern quandary, Genesis Redux is essential reading for historians and philosophers of science and technology, scientists and engineers working in artificial life and intelligence, and anyone engaged in evaluating these world-changing projects.

[A Manual for Writers of Dissertations](#) _____ May 31 2021

How to Write Any High School Essay Aug 02 2021 What do high school teachers expect from your writing? Here's the inside information on how your teachers think. If writing essays is challenging for you -- or if you want to turn a B essay into an A essay -- you'll want to read this book. How To Write Any High School Essay is the essential, easy-to-use, and comprehensive guide for any high school essay you could ever want to write -- no matter the teacher, no matter the subject. Grounded in more than a decade of tutoring in New York City's

most demanding schools, *How To Write Any High School Essay* offers clear and creative guidance for both high school writers at all levels and middle schoolers looking to get ahead. Follow sample outlines and essays to help you develop your ideas and support them convincingly. Pick up quick tips as you read to help you focus and save time. *How To Write Any High School Essay* centralizes what English and History teachers have been inadequately teaching for years into one, short guide.

[How to Get a First](#) Jun 12 2022 In this informative guide, Thomas Dixon argues that you do not have to be a genius to get a first at university. He sets out to de-mystify first-class degrees in the arts, humanities and social sciences, clearly articulating the difference between the excellent and the merely competent in undergraduate work. This concise, no-nonsense guidebook will give prospective and current students advice on teaching and learning styles that prevail in university and on how to manage their two most important resources - their time and their lecturers. In an accessible and entertaining style, the author looks at subjects such as: making the transition from school to university developing transferable skills making use of lectures and seminars using libraries and the Internet note-taking, essays, seminars and presentations common mistakes to avoid writing with clarity and style revision and examinations. Illustrated with many examples from a range of academic disciplines, *How to Get a First* is an all-purpose guide to success in academic life. Visit the companion website www.getafirst.com

An Ordinary Marriage Dec 06 2021 *An Ordinary Marriage* is the story of the Chikhachevs, middling-income gentry landowners in nineteenth-century provincial Russia. In a seemingly strange contradiction, the mother of this family, Natalia, oversaw serf labor and managed finances while the father, Andrei, raised the children, at a time when domestic ideology advocating a woman's place in the home was at its height in European advice manuals. But Andrei Chikhachev defined masculinity as a realm of intellectualism; the father could be in charge of moral education, defined as an intellectual task. Managing estates that often barely yielded a livable income was a practical task and therefore considered less elevated, though still vitally important to the family's interests. Thus estate management was available to gentry women like Natalia Chikhacheva, and the fact that it inevitably expanded their realm of influence and opportunity (within the limits of their estates), and that it increased their centrality to the family's material security relative to their social counterparts to the west, was accidental. *An Ordinary Marriage* examines the daily activities and ideas of the family based on multiple overlapping diaries and informal correspondence by the husband, wife, and son of the family, as well as the wife's brother. No such cache of intimate Russian family documents has ever previously

been studied in such depth. The family's relative obscurity (with no pretensions to fame, wealth, or influence) and the presence of a woman's private documents are especially unusual in any context. The book considers the Chikhachevs' social life, reading habits, attitudes toward illness and death, as well as their marital roles and their reception of major ideas of their time, such as domesticity, Enlightenment, sentimentalism, and Romanticism.

Reading Like a Historian Sep 22 2020 This practical resource shows you how to apply Sam Wineburg's highly acclaimed approach to teaching, "Reading Like a Historian," in your middle and high school classroom to increase academic literacy and spark students' curiosity. Chapters cover key moments in American history, beginning with exploration and colonization and ending with the Cuban Missile Crisis.

What is History? Dec 26 2020 A philosophical interpretation of history, examining the significance of historical study as a science and a reflection of social values.

Writing with Sources Feb 25 2021 Developed for Harvard University's Expository Writing Program, *Writing with Sources* describes the main principles and methods of integrating and citing sources in scholarly work, and provides cogent guidance on avoiding the misuse of sources. The second edition of *Writing with Sources* is updated throughout, and includes new material on the roles sources play in argument, on assessing the reliability of sources, and on attitudes about writing that can lead to plagiarism.
