The Shadow President Aug 02 2021 "It presents an entirely damning portrait of Pence. You've seen his colors before, but not so vividly and in this detail." —Frank Bruni, *The New York Times* "Producing a biography of a living, controversial politician is always difficult. D'Antonio and Eisner have succeeded in this well-documented, damning book. Cue the outrage from Sean Hannity et al." —Kirkus Reviews (starred review) In this well-rounded, deeply-investigated biography, the first full look at the vice president, two award-winning journalists unmask the real Mike Pence. Little-known outside his home state until Donald Trump made him his running mate, Mike Pence—who proclaims himself a Christian first, a conservative second, and a Republican third—has long worn a carefully-constructed mask of Midwestern nice. Behind his self-proclaimed humility and self-abasing deference, however, hides a man whose own presidential ambitions have blazed since high school. Pence's drive for power, perhaps inspired by his belief that God might have big plans for him, explains why he shocked his allies by lending Christian credibility to a scandal-plagued candidate like Trump. In this landmark biography, Pulitzer Prize-winner Michael D'Antonio and Emmy-nominated journalist Peter Eisner follow the path Pence followed from Catholic Democrat to conservative evangelical Republican. They reveal how he used his time as rightwing radio star to build connections with powerful donors; how he was a lackluster lawmaker in Congress but a prodigious fundraiser from the GOP's billionaire benefactors; and how, once he locked in his views on the issues—anti-gay, pro-gun, anti-abortion, pro big-business—he became laser-focused on his own pursuit of power. As *THE SHADOW PRESIDENT* reveals, Mike Pence is the most important and powerful Christian Right politician America has ever seen. Driven as much by theology as personal ambition, Pence is now positioned to seize the big prize—the presidency—and use it to fashion a nation more pleasing to his god and corporate sponsors.

I Am Your Judge Dec 18 2022 Police Detective Pia Kirchhoff is about to leave on her long-delayed honeymoon when she receives a phone call from police headquarters: An elderly woman has been shot and killed while walking her dog. Neither her grieving daughter nor any of her acquaintances have an explanation for the horrifying murder. Ingeborg Rohleher was well-liked and a generous, loving woman. A short while later, another murder is committed and the modus operandi is eerily similar — a woman is executed by a precisely aimed bullet to the head that smashes through her kitchen window while she is baking cookies . . . and in both cases the same weapon fired the shot from a distance only a trained sniper could manage. Two more murders follow in short order. None of the victims had enemies and no one knows why they were singled out. As fear of the Taunus Sniper grows among the local residents, the pressure rises on Detective Kirchhoff. She and her partner, Oliver von Bodenstein, search feverishly for a suspect who appears to murder at will, but soon realize that “The Judge,” as the sniper calls himself, seems to have a mission—a mission that has not reached its conclusion yet. As the investigation progresses, the police officers uncover a human tragedy that will shake them to the core. *I am Your Judge* is tightly plotted, and delivers surprise twists at every turn with a story that is ripped from the headlines.

The Ice Queen Feb 20 2023 The body of 92-year-old Jossi Goldberg, Holocaust survivor and American citizen, is found shot to death execution style in his house near Frankfurt. A five-digit number is scrawled in blood at the murder scene. The autopsy reveals an old and unsuccessfully covered tattoo on the corpse's arm—a blood type marker once used by Hitler's SS. Pia Kirchhoff and Oliver Bodenstein are faced with a riddle. Was the old man not Jewish after all? Who was he, really? Two more, similar murders happen—one of a wheelchair-bound old lady in a nursing home, and one of a man with a cellar filled with Nazi paraphernalia—and slowly the connections between the victims becomes evident: All of them were lifelong friends with Vera von Kaltensee, baroness, well-respected philanthropist, and head of an old, rich family that she rules with an iron fist. Pia and Oliver follow the trail, which leads them all the way back to the end of World War II and the area of Poland that then belonged to East Prussia. No one is who they claim to be, and things only begin to make sense when the two investigators realize what the bloody number stands for, and uncover an old diary and an eyewitness who is finally willing to come forward. Nele Neuhaus's *The Ice Queen* is a character- and plot-driven mystery about revenge, power, and long-forgotten and covered up secrets from a time in German history that still affects the present.

Next Verse Apr 17 2020 This is a devotional book that takes the reader through the entire Bible in one year. Each day there is a passage from the Old Testament and one from the New, along with a Psalm and one or two Proverbs. This provides variety. There is a focus on one portion of the daily reading. The author, Hal Kitchings, provides practical application of a selected bible passage for the primary purpose of spiritual growth on the part of a believer. Christianity is a relationship with Jesus Christ, based on faith. (Ephesians 2:8-9) And the Christian is to live out the life of a Jesus follower by faith one day, and one verse at a time. (Hebrews 11:6) Thus, Hal has entitled his newest book, *NEXT VERSE-A Daily Guide to Live by Faith Even When Life throws You a Curve*. The bible defines faith this way? Now faith is confidence in what we hope for and assurance about what we do not see. (Hebrews 11:1) If you have a fantastic day, read the next verse. If you have a difficult day, read the next verse. If you are blessed with a beautiful family, home, and job, read the next verse. And if you live on the streets right now, read the next verse. Regardless of our season in life and how difficult it may or may not be, we need to read the bible on an ongoing basis and live out it's truths by faith. The Psalmist put it this way, Teach me your way, Lord, that I may rely on your faithfulness; give me an undivided heart, that I may fear your name. (Psalms 86:11). May God bless your journey of faith as you commit to read His Word, by faith, this year. If you miss a day or two, don't stop. Just read the next verse?

The Eternal Darkness Nov 24 2020 Until a few decades ago, the ocean depths were almost as mysterious and inaccessible as outer space. Oceans cover two-thirds of the earth's surface with an average depth of more than two miles--yet humans had never ventured more than a few hundred feet below the waves. One of the great scientific and archaeological feats of our time has been finally to cast light on the "eternal darkness" of the deep sea. This is the story of that achievement, told by the man who has done more than any other to make it possible: Robert Ballard. Ballard discovered the wreck of the Titanic. He led the teams that discovered hydrothermal vents and "black smokers"--cracks in the ocean floor where springs of superheated water support some of the strangest life-forms on the planet. He was a diver on the team that explored the mid-Atlantic ridge for the first time, confirming the theory of plate tectonics. Today, using a nuclear submarine from the U.S. Navy, he's exploring the ancient trade routes of the Mediterranean and the Black Sea for the remains of historic vessels and their cargo. In this book, he combines science, history, spectacular illustrations, and first-hand stories from his own expeditions in a uniquely personal account of how

twentieth-century explorers have pushed back the frontiers of technology to take us into the midst of a world we could once only guess at. Ballard begins in 1930 with William Beebe and Otis Barton, pioneers of the ocean depths who made the world's first deep-sea dives in a cramped steel sphere. He introduces us to Auguste and Jacques Piccard, whose "Bathyscaph" descended in 1960 to the lowest point on the ocean floor. He reviews the celebrated advances made by Jacques Cousteau. He describes his own major discoveries--from sea-floor spreading to black smokers--as well as his technical breakthroughs, including the development of remote-operated underwater vehicles and the revolutionary search techniques that led to the discovery and exploration of the Titanic, the Nazi battleship Bismarck, ancient trading vessels, and other great ships. Readers will come away with a richer understanding of history, earth science, biology, and marine technology--and a new appreciation for the remarkable men and women who have explored some of the most remote and fascinating places on the planet.

A Future of Faith Nov 05 2021 Pope Francis met with French reporter and sociologist Dominique Wolton for an unprecedented series of twelve fascinating and timely conversations—open dialogues revolving around the political, cultural, and religious issues dominating communication and conflict around the world—now published in *A Future of Faith: The Path of Change in Politics and Society*. Inspiring and insightful, Pope Francis's views on immigration, poverty, diversity, globalization, and more are borne from his Christian faith and basic humanity. Meeting the challenges of the twenty-first century requires compassion for those in need, a willingness to work towards common goals without domineering other cultures, and the ability to negotiate with trust, respect, and dignity. And for the first time, Pope Francis shares insights into his own personality, and the formation of his faith, including his experience with psychotherapy, and some of the most important women in his upbringing. Controversial, bold, personal, and illuminating—*A Future of Faith* will serve to be essential reading for not only Catholics, but those who want to see how the "people's pope" confronts the social injustices of the world with the foresight to create positive change.
