Who knew Advent calendars could be so much fun? It was going to be an interesting Christmas season anyways, as Molly Barrett looked forward to showing her housemate what Christmas in Carter's Cove was like. Especially since the CrossCat had never celebrated Christmas before. But when her ex-boyfriend returns unexpectedly, and Molly starts getting mysterious cards with Christmas carols from someone calling themselves "SA," the season takes a turn she never expected. Imperial law enforcer Amaranthe Lokdon is good at her job: she can deter thieves and pacify thugs, if not with a blade, then by toppling an eight-foot pile of coffee canisters onto their heads. But when ravaged bodies show up on the waterfront, an arson covers up human sacrifices, and a powerful business coalition plots to kill the emperor, she feels a tad overwhelmed. Worse, Sicarius, the empire's most notorious assassin, is in town. He's tied in with the chaos somehow, but Amaranthe would be a fool to cross his path. Unfortunately, her superiors order her to hunt him down. Either they have an unprecedented belief in her skills... or someone wants her dead. Princess Bianca returns to her court to find it poisoned from the inside out. Faced with mysterious sicknesses, power disputes, and whispers of impending death, Bianca turns to an unlikely ally--a former assassin--to find the antidote that will save her kingdom. But Bianca quickly realizes that she might not even be able to save her own life in this Snow White story. Now that Startum Ironwolf has reached Domenic's stronghold, there are a number of obstacles to surpass if he's going to have any hope in helping his friend escape the massive Chaos Storm Alliances army that's camped on his friend's doorstep. The first and foremost being his friend's refusal to run away and fight another day. Unbeknownst to either of them, even if they do manage to escape the PKers that are out for their blood, the Orcish horde has arrived and are blocking their path of escape. Somehow, Star has to make peace amongst his friends and figure out a way to survive the overwhelming odds stacked against them or everything he's been fighting for will be lost. **WARNING:** This is a GameLit/LitRPG story and contains explicit intimate relations, explicit violence, explicit expletives, cussing and swearing, explicit hacking and slashing, betrayals, pant wetting, improper use of motorcycles, general speeding, polyamory, theft, arson, egg-laying, open relationships, power leveling, twinkling, PVP, ogling of demi-humans, ogling of humanoids, ogling of monsters, PVE, spawn camping, trespassing, dwarf tossing, cell phone hacking, account hacking, attempted rape, adult situations, violations of civilian rights, a dire wolf with an attitude, infidelity, bawdy relations with Orcs, Goblins, Trolls, Beastkin, Gnomes, Dwarves, Elves and monsters, MMORPG-style violence, allusions to nonconsensual relations, consensual relations, wolves and bears as pets, nudity and nakedness, no bras, naked raids, murder, attempted murder, atheism, rationalizations, man-handling, decapitations, pirate on pirate violence, gossiping, defenestration, sexual harassment, religious rationalizations, unusual morals, NPC relations, player relations, possible centaur riding, stalking, looting, womanizing, mansplaining, bribery, LAN parties, fantasy depictions of mages and warriors, highly risqué fantasy gaming tropes, personal rants, assault and battery, stabbings, cannibalism, general mayhem, specific mayhem, immolations, explosions, siege weapons of mass destruction, existential discussions, controversial topics of sci-fi fandom, real-world intimate relationships, in-game intimate relationships, playing the field, disrespect for authority, womansplaining, realm invasions, mind control

If they succeed, they'll unleash a new terror upon an unsuspecting world. It has been five years since I found out I'm a witch and, at last, I have taken the final plunge into the magical world: I moved. Now, I'm living with in New York with my closest paranormal friends and interning at MES, the Magical Enforcement and Secrecy agency. Other than having to lie to my non-magic family, things are going great. Except that magics keep going missing... Tasked with figuring out if these seemingly random disappearances are connected, my friends and I find ourselves on the edge of a huge breakthrough; there might be a cult of witches and wizards practicing an ancient, forbidden magic. Worse, it seems like one of them is inside MES. There's nobody to trust but each other and the deeper we go, the clearer it becomes that someone is trying to stop our investigation, even if it means using dark magic and deadly force. *Magic Betrayed* is Book Four in the Urban Fantasy series, *More than Magic*, featuring witches, vampires, werewolves, and more. Taking classes to improve my spell-casting and learn more about the magical world has hit an unexpected snag: people keep mistaking me for someone else. And it's clear that my double is not a popular witch. I try not to worry about it, until being mistaken for her gets me kidnapped by people who want revenge for what she did. But taking me hostage is only part of a larger plan and when Thomas and the others come to my rescue, we find ourselves caught right in the middle of a sinister experiment. Turned into unwilling test subjects and given a dangerous potion, we have less than a week to get the antidote and the clock is ticking fast. But the casualty rate in the experiment is high and at least one of us is already dying. Our only chance rests with the kidnappers and my double. Trusting them might be a mistake, but we don't have another choice.
