Hell Riders May 15 2022 On the 150th anniversary of the world's most famous cavalry charge comes a revisionist retelling of the battle based on firsthand accounts from the soldiers who fought there In October 1854, with the Crimean War just under way and British and French troops pushing the tsar's forces back from the Black Sea, seven hundred intrepid English horsemen charged a mile and a half into the most heavily fortified Russian position in the Crimea in Ukraine. In the seven minutes it took the cavalry to cross this distance, more than five hundred of them were killed. Celebrated in poetry and legend, the charge of the Light Brigade has stood for a century and a half as a pure example of military dash and daring. Until now, historical accounts of this cavalry charge have relied upon politically motivated press reports and diaries kept by the aristocratic British generals who commanded the action. In Hell Riders, noted historian and Crimean War expert Terry Brighton looks, for the first time, to the journals recorded by survivors—the soldiers who did the fighting. His riveting firsthand narrative reveals the tragically inept leadership on the part of the British commander in chief, Lord Raglan, whose orders for the charge were poorly communicated and misinterpreted, and an unfathomable indifference on the part of British officers to the men who survived the battle and were left to tend their wounds and bury the dead in the freezing cold. While the charge overran the Russians, it gained nothing and the war continued for another two years. In finally capturing the truth behind the charge of the Light Brigade, Brighton offers a stirring portrait of incredible bravery in the service of a misguided endeavor.

Forgotten Heroes Jun 16 2022 First hand accounts of the men who took part in the heroic and tragic Charge of the Light Brigade at the Battle of Balaclava on the 25th October 1854. Previously unpublished biographies of the men and photographs bring their stories to life. What became of our heroes? Some died penniless while others found fame and fortune. Set within an unrelenting and cruel military campaign, where many would perish, unravelling the myths to find many of the missing Chargers was a massive undertaking.

The Asiatic Journal and Monthly Miscellany Apr 21 2020

Into the Valley of Death Apr 14 2022 Into the Valley of Death tells the thrilling story of the Charge of the Light Brigade in the words of the men who fought during the most heroic and yet futile engagement of the modern era. By drawing on key evidence the author has not only provided a clear narrative of the events leading up to the 25th October 1854, but has painted a vivid picture of the Charge itself. No punches are pulled and the carnage which ensued is clear for all to read, dispelling the romantic myth of 'death or glory' fostered by the Victorians. This work tells the blood and guts story of a desperate charge by 673 men in the face of what seemed insurmountable odds. It reveals the trauma endured by the rank and file who witnessed all around them men and horses cut to pieces while endeavoring to ride through walls of flying iron and lead, and not knowing if the next second would be their last. Yet in the midst of this horror and devastation, the author takes time to give an overview of the battle itself and puts on the hats of some of the commanders involved, looking at not only what they did, but also at how a terrible disaster could so easily have been turned into the greatest single victory of its time. Could such an apparently mad-cap charge have succeeded? Did sufficient men arrive at the guns to successfully capture them? Were there troops and close support that could have been utilized to drastically change the course of events? Could a simple stalling tactic have allowed these resources to have been fully exploited? All of these questions are answered. This work truly lifts the lid on the events of over 150 years ago and through the words of the survivors allows the reader to assign the responsibility for the Charge having taken place and for the consequent loss of the Light Brigade.
