Lies Feb 13 2022 The #1 New York Times bestseller by Senator Al Franken, author of *Giant of the Senate* Al Franken, one of our “savviest satirists” (People), has been studying the rhetoric of the Right. He has listened to their cries of “slander,” “bias,” and even “treason.” He has examined the GOP's policies of squandering our surplus, ravaging the environment, and alienating the rest of the world. He’s even watched Fox News. A lot. And, in this fair and balanced report, Al bravely and candidly exposes them all for what they are: liars. Lying, lying liars. Al destroys the liberal media bias myth by doing what his targets seem incapable of: getting his facts straight. Using the Right’s own words against them, he takes on the pundits, the politicians, and the issues, in the most talked about book of the year. Timely, provocative, unflinchingly honest, and always funny, *Lies* sticks it to the most right-wing administration in memory, and to the right-wing media hacks who do its bidding.

Feel Free Apr 03 2021 Winner of the 2018 National Book Critics Circle Award for Criticism A New York Times Notable Book From Zadie Smith, one

of the most beloved authors of her generation, a new collection of essays Since she burst spectacularly into view with her debut novel almost two decades ago, Zadie Smith has established herself not just as one of the world's preeminent fiction writers, but also a brilliant and singular essayist. She contributes regularly to *The New Yorker* and the *New York Review of Books* on a range of subjects, and each piece of hers is a literary event in its own right. Arranged into five sections--In the World, In the Audience, In the Gallery, On the Bookshelf, and Feel Free--this new collection poses questions we immediately recognize. What is The Social Network--and Facebook itself--really about? "It's a cruel portrait of us: 500 million sentient people entrapped in the recent careless thoughts of a Harvard sophomore." Why do we love libraries? "Well-run libraries are filled with people because what a good library offers cannot be easily found elsewhere: an indoor public space in which you do not have to buy anything in order to stay." What will we tell our granddaughters about our collective failure to address global warming? "So I might say to her, look: the thing you have to appreciate is that we'd just been through a century of relativism and deconstruction, in which we were informed that most of our fondest-held principles were either uncertain or simple wishful thinking, and in many areas of our lives we had already been asked to accept that nothing is essential and everything changes--and this had taken the fight out of us somewhat." Gathering in one place for the first time previously unpublished work, as well as already classic essays, such as, "Joy," and, "Find Your Beach," *Feel Free* offers a survey of important recent events in culture and politics, as well as Smith's own life. Equally at home in the world of good books and bad politics, Brooklyn-born rappers and the work of Swiss novelists, she is by turns wry, heartfelt, indignant, and incisive--and never any less than perfect company. This is literary journalism at its zenith. Zadie Smith's new book, *Grand Union*, is on sale 10/8/2019.

The Butterfly Mosque: A Young American Woman's Journey to Love and Islam Feb 01 2021 "In this satisfying, lyrical memoir," an American woman discovers her true faith—and true love—by converting to Islam and moving to Egypt (Publishers Weekly). Raised in Boulder, Colorado, G. Willow Wilson moved to Egypt and converted to Islam shortly after college. Having written extensively on modern religion and the Middle East in publications such as *The Atlantic Monthly* and *The New York Times Magazine*, Wilson now shares her remarkable story of finding faith, falling in love, and marrying into a traditional Islamic family in this "intelligently written and passionately rendered memoir" (*The Seattle Times*, 27 Best Books of 2010). Despite her atheist upbringing, Willow always felt a connection to god. Around the time of 9/11, she took an Islamic Studies course at Boston University, and found the teachings of the Quran astounding, comforting, and profoundly transformative. She decided to risk everything to convert to Islam, embarking on a journey across continents and into an uncertain future. Settling in Cairo where she taught English, she soon met and fell in love with Omar, a passionate young man with a mild resentment of the Western influences in his homeland. Torn between the secular West and Muslim East, Willow—with her shock of red hair, shaky Arabic, and Western candor—struggled to forge a "third culture" that might

accommodate her values as well as her friends and family on both sides of the divide. Part travelogue, love story, and memoir, “Wilson has written one of the most beautiful and believable narratives about finding closeness with God” (The Denver Post).

PrairyErth Nov 22 2022 This New York Times bestseller by the author of *Blue Highways* is “a majestic survey of land and time and people in a single county of the Kansas plains” (Hungry Mind Review). William Least Heat-Moon travels by car and on foot into the core of our continent, focusing on the landscape and history of Chase County—a sparsely populated tallgrass prairie in the Flint Hills of central Kansas—exploring its land, plants, animals, and people until this small place feels as large as the universe. Called a “modern-day Walden” by the Chicago Sun-Times, *PrairyErth* is a journey through a place, through time, and into the human mind from the acclaimed author of *Here, There, Elsewhere: Stories from the Road*. “A sense of the American grain that will give [*PrairyErth*] a permanent place in the literature of our country.” —Paul Theroux, *The New York Times*

See How Small Sep 27 2020 A riveting novel about the aftermath of a brutal murder of three teenage girls, written in incantatory prose “that’s as fine as any being written by an American author today.” (Ben Fountain) One late autumn evening in a Texas town, two strangers walk into an ice cream shop shortly before closing time. They bind up the three teenage girls who are working the counter, set fire to the shop, and disappear. *SEE HOW SMALL* tells the stories of the survivors—family, witnesses, and suspects—who must endure in the wake of atrocity. Justice remains elusive in their world, human connection tenuous. Hovering above the aftermath of their deaths are the three girls. They watch over the town and make occasional visitations, trying to connect with and prod to life those they left behind. “See how small a thing it is that keeps us apart,” they say. A master of compression and lyrical precision, Scott Blackwood has surpassed himself with this haunting, beautiful, and enormously powerful new novel.

This poignant tribute to the eleven-bedroom jumble of gables, bays, and dormers that watched over weddings, divorces, deaths, anniversaries, birthdays, breakdowns, and love affairs for five generations interweaves Colt’s final visit with memories of a lifetime of summers. Run-down yet romantic, *The Big House* stands not only as a cherished reminder of summer’s ephemeral pleasures but also as a powerful

That Dark and Bloody River Jun 05 2021 An award-winning author chronicles the settling of the Ohio River Valley, home to the defiant Shawnee Indians, who vow to defend their land against the seemingly unstoppable. This is their story, a chronicle of monumental dimension, of resounding drama and impact set during a pivotal era in our history: the birth and growth of a nation. Drawing on a wealth of research, both scholarly and anecdotal—including letters, diaries, and journals of the era—Allan W. The Gospel of the Flying Spaghetti Monster Mar 14 2022 Can I get a “ramen” from the congregation?! Behold the Church of the Flying Spaghetti Monster (FSM), today’s fastest growing carbohydrate-based religion. According to church founder Bobby Henderson, the universe and all life within it were created by a mystical and divine being: the Flying Spaghetti Monster. What drives the FSM’s devout followers, a.k.a. Pastafarians? Some say it’s the assuring touch from the FSM’s “noodly appendage.” Then there are those who love the worship service, which is conducted in pirate talk and attended by congregants in dashing buccaneer garb. Still others are drawn to the Church’s flimsy moral standards, religious holidays every Friday, or the fact that Pastafarian heaven is way cooler: Does your heaven have a Stripper Factory and a Beer Volcano? Intelligent Design has finally met its match—and it has nothing to do with apes or the Olive Garden of Eden. Within these pages, Bobby Henderson outlines the true facts—dispelling such malicious myths as evolution (“only a theory”), science (“only a lot of theories”), and whether we’re really descended from apes (fact: Humans share 95 percent of their DNA with chimpanzees, but they share 99.9 percent with pirates!) See what impressively credentialed top scientists have to say: “If Intelligent Design is taught in schools, equal time should be given to the FSM theory and the non-FSM theory.” –Professor Douglas Shaw, Ph.D. “Do not be hypocritical. Allow equal time for other alternative ‘theories’ like FSMism, which is by far the tastier choice.” –J. Simon, Ph.D. “In my scientific opinion, when comparing the two theories, FSM theory seems to be more valid than classic ID theory.” –Afshin Beheshti, Ph.D. Read the book and decide for yourself!

Writing BLUE HIGHWAYS Jun 17 2022 Winner, Distinguished Literary Achievement, Missouri Humanities Council, 2015 The story behind the writing of the best-selling Blue Highways is as fascinating as the epic trip itself. More than thirty years after his 14,000-mile, 38-state journey, William Least Heat-Moon reflects on the four years he spent capturing the lessons of the road trip on paper—the stops and starts in his composition process, the numerous drafts and painstaking revisions, the depressing string of rejections by publishers, the strains on his personal relationships, and many other aspects of the toil that went into writing his first book. Along the way, he traces the hard lessons learned and offers guidance to aspiring and experienced writers alike. Far from being a technical manual, Writing Blue Highways: The Story of How a Book Happened is an adventure story of its own, a journey of “exploration into the myriad routes of heart and mind that led to the making of a book from the first sorry and now vanished paragraph to the last words that came not from a graphite pencil but from a letterpress in Tennessee.” Readers will not find a collection of abstract formulations and rules for writing; rather, this book gracefully incorporates examples from Heat-Moon’s own experience. As he explains, “This story might be termed an inadvertent autobiography written not by the traveler who took Ghost Dancing in 1978 over the byroads of America but by a man only listening to him. That blue-roadman hasn’t been seen in more than a third of a century, and over the last many weeks as I sketched in these pages, I’ve regretted his inevitable departure.” Filtered as the struggles of the “blue-roadman” are through the awareness of someone more than thirty years older with a half dozen subsequent books to his credit, the story of how his first book “happened” is all the more resonant for readers who may not themselves be writers but who are interested in the tricky balance of intuitive creation and self-discipline required for any artistic endeavor.

Powerful Occupational Therapists Mar 22 2020 *Powerful Occupational Therapists* examines the life and times of a small group of occupational therapy leaders and scholars in a post-1950s America, to market their profession as one of increasing importance. Participating in the 1950s rehabilitation, the 1960s equal rights, and the 1970s women's movements, these innovators, being primarily women, aimed to define themselves as having professional and scientific authority that was distinct from the male-dominated medical model. The community of therapists faced challenges such as that of retaining the appearance of being "ladylike" whilst doing "unladylike" tasks. This book describes the personal experiences of 12 differing occupational therapists and it identifies how a group of them strengthened and developed the profession in the face of diverse challenges. This volume would be of interest to those studying occupational therapy, women and medicine and the history of medicine. This book was originally published as a special issue of *Occupational Therapy in Mental Health*.

With a wickedly astute sense of humor he successfully cross-pollinates two seemingly divergent worlds with daring insight and aplomb. He deserves the anarchists' Nobel."--Lew Rockwell, www.LewRockwell.com "Social commentary seldom surprises experienced readers. Once we figure out the writer's allegiance to some faction, we can predict what the writer is going to say. Not so with this writer."--Robert Klassen, author of *Atlantis, A Novel about Economic Government Expatriate Mike (in Tokyo)* Rogers shares his musings on a variety of topics from the war in Iraq to the differences between Japanese and American baseball to kamikaze taxi drivers. His witty and engaging style will have you laughing out loud as you explore his perceptions of the world through the lenses of two different cultures.

A Newer World May 04 2021 John C. Frémont, nearly forgotten today, was one of the giants of nineteenth-century America. He led five expeditions into the American West in the 1840s and 1850s, covering a greater area than any other explorer. His expedition reports -- ghost-written by his beautiful and talented wife, Jessie Benton Frémont -- were bestsellers in their day. Riding the wave of his popularity, he captured the Republican Party nomination for president in 1856 but narrowly lost the election. Frémont's scout on three of his expeditions was Kit Carson. Frémont fancied himself a mountaineer, and he possessed great stamina and courage, but he lacked Carson's skills and knowledge. The only expedition Frémont led without Carson was a disaster that, like the better-known Donner Party debacle, culminated in one of the rare documented instances of cannibalism in American history. *A Newer World* is the fascinating story of the Frémont-Carson expeditions and of two men, utterly unlike in so many ways, who became friends as well as fellow explorers. Frémont owed his life to Carson, who saved him on several occasions, while the legend of Kit Carson, the

greatest mountain man of his day, grew out of Frémont's expedition reports. The Frémont-Carson expeditions are second only to Lewis and Clark's in their significance for America's western expansion. Their 1845-46 campaign, for example, helped to precipitate the Mexican-American War and led to the wresting of California from Mexico. Carson is often remembered today for his 1863-64 roundup of Apaches and Navajos, leading to the infamous Long Walk. David Roberts demonstrates that Carson, who was twice married to Indian women, was profoundly ambivalent about the campaign, which was ordered by an Army officer who was his superior. Throughout the book, Roberts draws on little-known primary sources in telling the dramatic stories of these expeditions. He shows how Frémont saw himself as a historical figure, especially in his reports, while Carson -- taciturn where Frémont was outspoken, modest where Frémont was boastful, and, significantly, illiterate -- was oblivious to his own fame. Yet it was Carson who underwent an evolution from an Indian killer to an Indian advocate. In addition to his archival research, Roberts traveled the routes of Frémont and Carson's expeditions to gain a firsthand knowledge of the territory they explored. In analyzing how Frémont and Carson advanced the Americanizing of the West, Roberts writes with a modern-day sensitivity to the Indians, for whom these expeditions were a tragedy.

O America Sep 20 2022 In 1848 an English physician, Nathaniel Trennant, accepts an offer to serve as doctor on a ship carrying immigrants to America. When arriving in Baltimore, Trennant stumbles onto its slave market and witnesses the horrors of human bondage. One night in a boardinghouse he discovers under his bed a runaway slave. Disturbed and angered by the selling of human lives, he offers to help the young man escape, a criminal action that will put the fugitive slave and physician into flight from both the law and opportunistic slave hunters. Traveling by foot, horse, stage, canal boat, and steamer, Nathaniel and Nicodemus explore the backcountry and forge a deep friendship as they encounter a host of memorable characters who reveal the nature of the American experiment, one still in its early stages but already under the stress of social injustices and economic inequities.

American Sphinx Oct 09 2021 Following Thomas Jefferson from the drafting of the Declaration of Independence to his retirement in Monticello, Joseph J. Ellis unravels the contradictions of the Jeffersonian character. He gives us the slaveholding libertarian who was capable of decrying mescegenation while maintaining an intimate relationship with his slave, Sally Hemmings; the enemy of government power who exercised it audaciously as president; the visionary who remained curiously blind to the inconsistencies in his nature. *American Sphinx* is a marvel of scholarship, a delight to read, and an essential gloss on the Jeffersonian legacy.

Roads to Quoz Feb 25 2023 About a quarter century ago, a previously unknown writer named William Least Heat-Moon wrote a book called *Blue Highways*. Acclaimed as a classic, it was a travel book like no other. Quirky, discursive, endlessly curious, Heat-Moon had embarked on an American journey off the beaten path. Sticking to the small places via the small roads -- those colored blue on maps -- he uncovered a nation deep in character, story, and charm. Now, for the first time since *Blue Highways*, Heat-Moon is back on the backroads. *Roads to Quoz* is his lyrical, funny, and touching account of a series of American journeys into small-town America.

A Guest of the Reich Jul 26 2020 *A Guest of the Reich* is the incredible true story of Gertrude “Gertie” Legendre, an American heiress taken prisoner by the Nazis. Born into a wealthy family, Legendre lived a charmed life in Jazz Age America. But when the Japanese attacked Pearl Harbor, she joined the OSS—the wartime spy organization that preceded the CIA—and headed to Europe. In 1944, while on leave, Legendre accidentally crossed the front lines along the Luxembourg–Germany border and was captured. The Nazis treated her as a “special prisoner” of the SS and moved her from city to city throughout Germany, where she witnessed the collapse of Hitler’s Reich as no other American did, before escaping into Switzerland. A gripping portrait of a multifaceted and deeply fascinating woman, *A Guest of the Reich* is a propulsive account of a little-known chapter in the history of World War II.
