success came when

he met his present wife, Jessi Colter. Draws on recollections from artists who have been inspired by the Rolling Stones' enigmatic front man, presented in an episodic format that combines biographical information with cultural history. There is a light and it never goes out . . . or is there? Welcome to the big Reagan '80s, where ketchup is a vegetable and the Cold War looms large and chilly. If like Joe Green you were coming of age during this boom era, your main concerns include one or more of the following: a rainbow assortment of Polo shirts worn with the collar flipped up, K-Swiss

tennis shoes, a new cable channel called MTV, and Top 40 radio. Stuck in the suburban haze of Long Island, New York, Joe Green knows there has got to be more to life. However, salvation is on the way, in the form of a quiffed-up quartet from Manchester, England, who take over the airways of a local radio station. Hearing the Smiths for the first time jerks Joe awake: Morrissey's wry and witty lyrics speak to him, and Johnny Marr's driven guitar chords get under his skin. He destroys his Phil Collins cassettes, pomades his hair into New Wave submission, studies up on his Oscar Wilde, and falls in

love. He even shows up for dinner on time. That is, until his favorite band breaks up and then breaks his heart. Fast-forward some fifteen years. Joe Green is making a living as a rock journalist, still recovering from a wicked post-college smack addiction and slumming with youngsters who ironically "appreciate" the seminal '80s music that once gave his life meaning. It's too late to go home, or is it? What if Joe Green can get the Smiths back together? What if reuniting the long-broken-up band can reverse the passage of time and bring back the magic of youth? What if it helps him win the heart of the woman

he loves? How Soon Is Never? is an acerbic, ingenious look at Reagan-era adolescence, the power of hearing a record that changes your life, and the dangers of nostalgia. Be prepared to see a bit of yourself in Joe Green. Unlikely ex-rock star Sandy James grumbles, bemoans, and proselytizes about the long career but short success of his rock band, the Jane Ashers, in this edgy second novel from "Spin" senior writer Spitz. Marc Spitz assumed that if he lived like his literary and rock 'n' roll heroes, he would become a great artist, too. He conveniently overlooked the fact that many of them died young, broke,

and miserable. In his candid, wistful, touching, and hilarious memoir, Poseur, the music journalist, playwright, author, and blogger recounts his misspent years as a suburban kid searching for authenticity, dangerous fun, and druggy, downtown glory: first during New York's last era of risk and edge, the pre-gentrification '90s, and finally as a flamboyant and notorious rock writer, partying and posing during the music industry's heady, decadent last gasp. Part profane, confidential tell-all and part sweetly frank coming-of-age tale, this dirty, witty memoir finds

Spitz careening through the scene, meeting and sometimes clashing with cultural icons like Courtney Love, Jeff Buckley, Rivers Cuomo of Weezer, Chloëvigny, Kim Deal, The Dandy Warhols, Guns N' Roses, Ryan Adams, Paul Rudd, Coldplay, Pavement, Peter Dinklage, Julie Bowen, The Strokes, Trent Reznor, Chuck Klosterman, Interpol, and Franz Ferdinand, as well as meeting heroes like Allen Ginsberg, Shirley Clarke, Joe Strummer, and Morrissey. Along the way he finds literary guru Gordon Lish is a long-lost relative, and erstwhile pal and sensation JT LeRoy is an even

bigger poseur. Spitz refuses to give up the romantic ghost until a post-9/11 breakdown and an improbable new love (fellow music writer Lizzy Goodman) finally help him strike the hardest pose of all: his true self. /DIV Fitzgerald was once a twee wallflower. He's remade his image as a tough, junkie hipster and wants to take his Smiths obsessed, cardigan-wearing friends with him. Fearing resistance, he approaches a surly, Australian pimp, Blixa and hires her "finest bitch" Kylie, to "de-virginize them." He pays for Kylie's services with bad dope. When a furious Blixa shows up for revenge, what is supposed to

be the most special night of Rodney and Stew's life could very well be their last on earth. Heroin, Morrissey, Nick Drake, Nick Cave, Toto Cuelo, Chinese egg rolls and a baby snatching dingo all figure into this fast, fearless, pitch black sex farce. "Spitz writes with a buoyant irreverence that may evoke rewarding memories at times of playwrights Joe Orton and Charles Busch. And he's not afraid to address life's really big questions, such as what is the ideal recording to listen to the first time you have sex?" -Chip Deffaa, The New York Post "He's a smart little mother*****, I'll give him that."

—KEITH RICHARDS on MICK JAGGER IS he Jumpin' Jack Flash? A Street Fighting Man? A Man of Wealth and Taste? All this, it turns out, and far more. By any definition, Mick Jagger is a force of nature, a complete original—and undeniably one of the dominant cultural figures of our time. Swaggering, strutting, sometimes elusive, always spellbinding, he grabbed us by our collective throat a half-century ago and—unlike so many of his gifted peers—never let go. For decades, Mick has jealously guarded his many shocking secrets—until now.

As the Rolling Stones mark their 50th anniversary, journalist and #1 New York Times bestselling author Christopher Andersen tears the mask from rock's most complex and enigmatic icon in a no-holds-barred biography as impossible to ignore as Jagger himself. Based on interviews with friends, family members, fellow music legends, and industry insiders—as well as wives and legions of lovers—MICK sheds new light on a man whose very name defines an era and candidly reveals: —New details about Jagger's jaw-dropping sexual exploits with more than four thousand women (including

Madonna, Angelina Jolie, Carly Simon, Linda Ronstadt, Uma Thurman, and France's First Lady Carla Bruni)—as well as his encounters with several of rock's biggest male stars. Also, the day Mick's wife Jerry Hall and Keith Richards pleaded with Jagger to seek treatment for sex addiction. —The backstage drama surrounding Mick's knighthood, and Jagger's little-known ties to Britain's Royal Family, including Prince William and Kate Middleton. —What he really thinks of today's superstars—including Lady Gaga, Britney Spears, Beyoncé, Justin Timberlake, Kanye West, and Justin Bieber. —Never-

before-revealed, behind-the-scenes accounts of his often turbulent relationships—from his band-mates, ravenous groupies, and rabid fans to such intimates as Andy Warhol, John Lennon, Jackie Onassis, Bill Clinton, and others. —Cocaine, LSD, hashish, and speed—the flabbergasting truth about the extent of Jagger's substance abuse, and how long it really went on. —A rare glimpse into Mick's business dealings and the killer instinct that has enabled him to amass a personal fortune well in excess of \$400 million. —The stormy “marriage” between Mick and Keith that nearly

ran aground over Keith's searing comments—and all the scandal, mayhem, excess, madness, and genius that went into making the Rolling Stones “the world's greatest rock-and-roll band.” Like its subject, this book is explosive and riveting—the definitive biography of a living legend who has kept us thrilled, confounded, and astounded. THIS IS MICK. The most significant factor in the career of Aaron “T-Bone” Walker was his ability to bridge the worlds of blues and jazz. The guitar artistry of this early exponent of urban blues was not only admired by blues musicians like B.B. King, Gatemouth Brown,

Albert King, and Albert Collins, and rock guitarists such as Eric Clapton, Jimi Hendrix, Duane Allman, and Stevie Ray Vaughan, but by such jazz greats as Billie Holiday, Dizzy Gillespie, Lester Young, and many others with whom he recorded. Stormy Monday is the first biography of T-Bone Walker to be published. Using dozens of interviews with Walker, as well as with members of his family, close friends, fellow musicians, and business associates, the book offers a remarkable frank insider's account of the life of a blues musician and compulsive gambler, from the wild living and hard

drinking on the road to a solid and contented family life at home. “In a very real sense the modern blues is largely his creation.” blues authority Pete Welding has written about T-Bone Walker. “The blues was different before he came on the scene, and it hasn't been the same since, and few men can lay claim to that kind of distinction. No one has contributed as much, as long, or as variously to the blues.” The full story of the rise and spectacular comeback of the band hailed as the saviors of punk rock and the next U2 It's hard to believe that in early 2004 Green Day was considered over--the band was

still together, but they were dismissed as a strictly 90s phenomenon, incapable of re-creating the success of their groundbreaking album *Dookie*. Then *American Idiot* debuted at #1 on the Billboard charts, stayed on the charts for nearly 18 months, and went on to sell more than four million records and to win Record of the Year (for "Boulevard of Broken Dreams") at this year's Grammy's. Combining unique access to Green Day with a seasoned journalist's nose for a great story, Marc Spitz gives the complete account of the band, from their

earliest days to their most recent explosion of popularity and critical acclaim. Foremost, *Nobody Likes You* is a story of friendship and the transporting power of playing very loud music. It is the story of how high school dropout Billie Joe Armstrong came to write song lyrics that inflamed the political conscience of fans in a way that two Yale graduates couldn't. Green Day's story--from rise, to fall, to rise again--has never before been fully told. The long-awaited memoir of the legendary drummer's life and times in the bands Small Faces, Faces, and The Who. From the Mod revolution and the British

Invasion of the 1960s, through the psychedelic era of the 1970s, and into the exuberance and excesses of stadium rock in the 1980s, Kenney Jones helped to build rock and roll as we know it. He was the beat behind three of the world's most enduring and significant bands. He wasn't just in the right place at the right time. Along with Keith Moon, John Bonham, and Charlie Watts, Jones is regarded as one of the greatest drummers of all time, sought after by a wide variety of the best-known and best-selling artists to bring his unique skill into the studio for the recording of classic albums and songs—including, of

course, the Rolling Stones's "It's Only Rock 'n' Roll (But I Like It)." And Jones is no shallow rock star. He may play polo with royalty from across the globe now, but this is the story of a ragamuffin from the East End of London, a boy who watched his bandmates, friends since his teens, die early, combated dyslexia to find a medium in which he could uniquely excel, and later found a way through the wilderness years when the good times seemed to have gone and he had little to fall back on. Kenney Jones has seen it all, played with everyone, and partied with all of them. He's enjoyed the highs, battled

the lows, and emerged in one piece. Let the Good Times Roll is a breathtaking immersion into music past that leaves readers feeling as if they lived it too. Written by Virginia Grohl, the mother of Dave Grohl—former Nirvana drummer and current frontman for the Foo Fighters—From Cradle to Stage shares stories and exclusive photos featuring mothers of rock icons, the icons themselves, and their Behind the Music-style relationships While the Grohl family had always been musical—the family sang together on long car trips, harmonizing to Motown and David Bowie—Virginia

never expected her son to become a musician, let alone a rock star. But when she saw him perform in front of thousands of screaming fans for the first time, she knew that rock stardom was meant to be for her son. And as Virginia watched her son's star rise, she often wondered about the other mothers who raised sons and daughters who became rock stars. Were they as surprised as she was about their children's fame? Did they worry about their children's livelihood and wellbeing in an industry fraught with drugs and other dangers? Did they encourage their children's passions despite the

odds against success, or attempt to dissuade them from their grandiose dreams? Do they remind their kids to pack a warm coat when they go on tour? Virginia decided to seek out other rock star mothers to ask these questions, and so began a two-year odyssey in which she interviewed such women as Verna Griffin, Dr. Dre's mother; Marianne Stipe, Michael Stipe of REM's mother; Janis Winehouse, Amy Winehouse's mother; Patsy Noah, Adam Levine's mother; Donna Haim, mother of the Haim sisters; Hester Diamond, Mike D of The Beastie Boys' mother. With exclusive family

photographs and a foreword by Dave Grohl, *From Cradle to Stage* will appeal to mothers and rock fans everywhere. African American women have played a pivotal part in rock and roll—from laying its foundations and singing chart-topping hits to influencing some of the genre's most iconic acts. Despite this, black women's importance to the music's history has been diminished by narratives of rock as a mostly white male enterprise. In *Black Diamond Queens*, Maureen Mahon draws on recordings, press coverage, archival materials, and interviews to document the history of African American women in

rock and roll between the 1950s and the 1980s. Mahon details the musical contributions and cultural impact of Big Mama Thornton, LaVern Baker, Betty Davis, Tina Turner, Merry Clayton, Labelle, the Shirelles, and others, demonstrating how dominant views of gender, race, sexuality, and genre affected their careers. By uncovering this hidden history of black women in rock and roll, Mahon reveals a powerful sonic legacy that continues to reverberate into the twenty-first century. A rock writer and music blogger trances his personal history

through the Lower East Side's social scene of the 1990s, where heroin and cocaine use was rampant and Courtney Love, Morrissey, Alan Ginsberg, Damien Hirst and Joe Strummer held court. Original. 25,000 first printing. The Bootleg Guide is the ultimate in reference works for the 1960s and the 1970s bootleg recordings. Within these pages lies a history of rock at its best, as performed on stage or in the studio. Each entry is catalogued by title, date, featured tracks, and contains a quality rating and comments on the nature and origin of the recording. Cross-references are provided to

other titles and extensive information is available on alternate titles of bootlegs. In many cases, quirky facts about a particular title are given—something that in itself may make a title a highly desirable and sought-after 'rarity' amongst collectors. Limited editions are listed to help the reader and collector develop a clearer picture of just how obtainable a bootleg may be. Bootlegs are unofficial 'live' and studio recordings of artists and bands that are released onto vinyl, tape or CD. By definition, most are so rare that they change hands only for vastly inflated sums or are traded by

networks of dedicated collectors worldwide. Serious fans and collectors have been known to spend as much as \$225 for an original, scratchy vinyl recording of bands like Deep Purple and the Grateful Dead dating back to the early seventies. The rarest of all are akin to valuable paintings as far as collectors and traders are concerned. A memoir by the heavy metal icon and reality television star shares perspectives on his rise, fall and return as the frontman for the rock band, Twisted Sister. Clarence, Tony and Dommy work in a posh clothing store in New York's retail

capital of SoHo. They're surrounded by fabulous people, drape themselves in the latest fashions, but they take home tiny pay checks and cannot numb themselves enough with drugs, alcohol, cheap sex and even cheaper fads. As 30 approaches fast, they must fact the dying dreams, face their greatest fears, and reckon with the various firebrands, zealots and sugar mommas who make up the women and men in their lives. All day long, they must ask customers, "Can I help you?" but these guys can barely help themselves. With the world collapsing around them, they must depend on each other to survive

another weekend shift. It's the story of friendship, frocks and five dollars an hour self esteem. "Marc Spitz is one of my favorite playwrights; I have been to at least half of his dozen plays, and I have never been disappointed. He knows how to shake people up; make them laugh, gasp and gag. Expect bad taste, bad language, snappy dialogue, theatrical surprises and maybe something that really grosses you out." -Tom Murrin, Paper Magazine
Sam has the rules of slackerhood down: Don't be late to class. Don't ever look the teacher in the eye. Develop your blank stare. Since his mom left, he has become an

expert in the art of slacking, especially since no one at his new school gets his intense passion for the music of the Pacific Northwest—Nirvana, Hole, Sleater-Kinney. Then his English teacher begins a slam poetry unit and Sam gets paired up with the daunting, scarred, clearly-a-gang-member Luis, who happens to sit next to him in every one of his classes. Slacking is no longer an option—Luis will destroy him. Told in Sam's raw voice and interspersed with vivid poems, *Jumped In* by Patrick Flores-Scott is a stunning debut novel about differences, friendship, loss, and the power of words.

Drawing on recollections from artists who have been inspired by Mick Jagger's work, an examination of the life of the Rolling Stones' enigmatic front man is presented in an episodic format that combines biographical information with cultural history. Garland, Derby, and Triple Clark spend each season traveling highways and byways in their Rambler—until summer, when small-town Ridge Creek, Virginia, calls them back. There they settle in, selling burgers and fries out of Garland's Grill after each game the Rockskippers play in their battered minor-league baseball stadium.

Derby's summer traditions bring her closer than she's ever been to a real home that isn't on wheels, but this time, her return to Ridge Creek reveals unwelcome news. Now the person Derby loves most in town needs her help—and yet finding a way to do so may uncover deeply held stories and secrets. Told in Derby's unforgettable voice, this warm-hearted debut novel is about taking risks, planting roots, and discovering the true definition of home. The first collection of academic essays focused entirely on the musical, historical, cultural and media impact of the Rolling Stones. A vibrant biography of one of

the greatest rock 'n' rollers, the America that made him, and the America he made. This smart, incisive biography traces Bruce Springsteen's evolution from a young artist who wasn't sure what he wanted to say to an acclaimed musician with a distinctive vision for a better society. Brilliantly analyzing and evoking Springsteen's output, Marc Dolan unveils the pulsing heart of his music: its deep personal, political, and cultural resonances, which enabled Springsteen to reflect on his experiences as well as the world around him. The book is now updated with a new chapter on The

Promise, Wrecking Ball, and the 2012 tour. A thorough analysis of the making of the film featuring original interviews with those involved. How Performance came about and the involvement of key players such as James Fox who journeyed into the criminal underworld and how real gangsters were involved in the research for the film. Reveals how Marlon Brando was originally considered for the role of Chas. The various conflicts and intrigues that arose during filming, how the film was edited, the censorship pressures, the unseen footage and how it eventually made its way to the

big screen. Critical reaction to the film and how it turned into a cult classic. An overview of the careers to date of directors Donald Cammell and Nicolas Roeg. This tale of a little-known revolt in the Caribbean is "part literary thriller, part revolutionary study, part epic historical narrative" (Joe Meno, author of *The Boy Detective Fails*). A sympathetic and often humorous account of an obscure episode in the history of the remote island of Anguilla, in the northeast Caribbean, *The Night of the Rambler* revolves around a haphazard attempt by a dozen or so locals to

invade neighboring St. Kitts, in an effort to topple the government of the recently established Associated State of St. Kitts-Nevis-Anguilla. Ostensibly, the action maps the fifteen hours that lapse between the moment when the "rebels" board *The Rambler*, the thirty-five-foot motorboat that will take them across the strait to St. Kitts, and the break of dawn the following day, when it becomes obvious that the unaccomplished mission will have to be aborted. The novel is at turns highly dramatic and hilarious, all the while bringing deep honesty to the often-unexamined righteousness of revolution.

“Colorful detours into native lore, such as a rich Dutchman’s fabled courtship of a local beauty, strike grace notes that echo Marquez. . . . Readers . . . will be rewarded with the little-known tale of how the underdog country demanded its own place in the 20th century.” —Publishers Weekly “This is a book about revolution and the underdog, about a small, isolated island fighting for recognition, opportunity and justice; it is a compelling tale about a curious historical episode, but also a vital look at priorities, perspective and the right to live in dignity, issues that, much like Anguilla’s

rebellion of 1967, are all too easily forgotten.” —The Island Review “This is a fine novel, a surprising novel, perhaps the first true novel I have read about the nature of revolutions. The Night of the Rambler is ambitious, smart, and successful. It raises all sorts of questions about what revolutions want, how revolutions fail, and why revolutions are necessary—challenging all the while how history remembers them.” —Percival Everett, author of Erasure The perfect gift for music and car lovers, Special Deluxe is Neil Young’s New York Times bestselling follow-up to Waging

Heavy Peace that “reads like a great Neil Young song plays.” (The Buffalo News) In this acclaimed new memoir, New York Times bestselling author Neil Young has fashioned another extraordinary work of reminiscences told through the lens of one of his deepest passions: cars. A lifelong devotee and collector, Young explores his love for the well-crafted vintage automobile and examines his newfound awareness of his hobby’s negative environmental impact. Witty, eclectic, candid, and filled with Young’s original artwork, Special Deluxe will appeal to car lovers as well

as the legions devoted to one of the most genuine and enigmatic artists of our time. A photo-packed memoir by the Ramones guitarist and “true iconoclast” (Publishers Weekly). Raised in Queens, New York, Johnny Ramone founded one of the most influential rock bands of all time, but he never strayed from his blue-collar roots and attitude. He was truly imbued with the angry-young-man spirit that would characterize his persona both on and off stage. Through it all, Johnny kept the band focused and moving forward, ultimately securing their place in music

history by inventing punk rock. The Ramones were inducted into the Rock and Roll Hall of Fame in 2002—and two years later, Johnny died of cancer, having outlived two other founding members. Revealing, inspiring, and told on his own terms, this memoir also features Johnny’s assessment of the Ramones’ albums; a number of eccentric Top Ten lists; rare historical artifacts; and scores of personal and professional photos, many of which have never before been published. “Feels like a conversation with Johnny.” —The Boston Globe For ten days in March 1971, the Rolling Stones traveled by

train and bus to play two shows a night in many of the small theaters and town halls where their careers began. No backstage passes. No security. No sound checks or rehearsals. And only one journalist allowed. That journalist now delivers a full-length account of this landmark event, which marked the end of the first chapter of the Stones' extraordinary career. *Ain't It Time We Said Goodbye* is also the story of two artists on the precipice of mega stardom, power, and destruction. For Mick and Keith, and all those who traveled with them, the farewell tour of England was the end of the

innocence. Based on Robert Greenfield's first-hand account and new interviews with many of the key players, this is a vibrant, thrilling look at the way it once was for the Rolling Stones and their fans—and the way it would never be again. Winner of the Small Business Book Awards from Small Business Trends 2013 The Sydney Hobart Yacht Race is among the most demanding sailing competitions in the world. Unpredictable seas make the 628-nautical-mile course grueling under the best conditions, but the 1998 race proved to be the most perilous to date when a sudden and violent storm

struck. Winds gusted over 100 mph and monstrous 80-foot waves towered over boat masts. Six sailors perished and another 55 were saved in what became the largest search and rescue operation in Australia's history. In the face of turmoil and tragedy, a crew of "amateur" sailors piloted their tiny vessel, the AFR Midnight Rambler, not only to the finish but to overall victory. While bigger, better-equipped yachts attempted to maneuver around the storm, Ed Psaltis and his crew made the daring decision to head directly into its path. Their triumph--perhaps

even their survival--owes itself to an extraordinary level of teamwork: an alchemy of cooperation, trust, planning, and execution. Into the Storm chronicles their nearly four-day ordeal and draws parallels to the world of business, revealing 10 critical strategies for teamwork at the edge. Illustrated with examples from the story and compelling case studies, the book sheds light on what teams need to do to succeed in tough times. Finally, Into the Storm provides resources and tools to support teams as they navigate the chaotic seas of business today. This important book chronicles the

fascinating life of American folk singer, Rick Norcross, whose career began in 1963 in tiny East Hardwick, Vermont, at the annual Tulip Festival. A natural performer and gifted songwriter, Rick has toured extensively, sharing the bill with Paul Simon, Diz Disley, Al Stewart, Doc Watson, Brad Paisley, Terri Clark, Jason Aldean, and others. During the 1970's Rick was the entertainment editor at the Tampa Times, interviewing and photographing the world's most famous musicians. His rare candid photos of Elvis are some of the most striking ever taken. Returning to Burlington, Vermont, Rick

founded the long-running Green Mountain Chew Chew Food and Music Festival, and formed Rick and the Ramblers, Vermont's premier western swing band. *Riding My Guitar* is filled with extraordinary stories from Rick's life- often humorous, sometimes heartbreaking - but always steeped in his love of Vermont's iconic history. Drawn by the lodestone his father gave him years before, twelve-year-old orphan Ray travels south, meeting along the way various characters from folklore who are battling against an evil industry baron known as the Gog. New York

Times, Spin, and Vanity Fair contributor Marc Spitz explores the first great cultural movement since Hip Hop: an old-fashioned and yet highly modern aesthetic that's embraced internationally by teens, twenty and thirty-somethings and even some Baby Boomers; creating hybrid generation known as Twee. Via exclusive interviews and years of research, Spitz traces Generation Twee's roots from the Post War 50s to its dominance in popular culture today. Vampire Weekend, Garden State, Miranda July, Belle and Sebastian, Wes Anderson, Mumblecore,

McSweeney's, Morrissey, beards, artisanal pickles, food trucks, crocheted owls on Etsy, ukuleles, kittens and Zooey Deschanel—all are examples of a cultural aesthetic of calculated precocity known as Twee. In Twee, journalist and cultural observer Marc Spitz surveys the rising Twee movement in music, art, film, fashion, food and politics and examines the cross-pollinated generation that embodies it—from aging hipsters to nerd girls, indie snobs to idealistic industrialists. Spitz outlines the history of twee—the first strong, diverse, and wildly influential youth movement since Punk in the

'70s and Hip Hop in the '80s—showing how awkward glamour and fierce independence has become part of the zeitgeist. Focusing on its origins and hallmarks, he charts the rise of this trend from its forefathers like Disney, Salinger, Plath, Seuss, Sendak, Blume and Jonathan Richman to its underground roots in the post-punk United Kingdom, through the late '80s and early '90s of K Records, Whit Stillman, Nirvana, Wes Anderson, Pitchfork, This American Life, and Belle and Sebastian, to the current (and sometimes polarizing) appeal of Girls, Arcade Fire, Rokie

magazine, and hellogiggles.com. Revealing a movement defined by passionate fandom, bespoke tastes, a rebellious lack of irony or swagger, the championing of the underdog, and the vanquishing of bullies, Spitz uncovers the secrets of modern youth culture: how Twee became pervasive, why it has so many haters and where, in a post-Portlandia world, can it go from here? An expansive biography of David Bowie, one of the twentieth century's greatest music and cultural icons. From noted author and rock 'n' roll journalist Marc Spitz comes a major David Bowie

biography to rival any other. Following Bowie's life from his start as David Jones, an R & B-loving kid from Bromley, England, to his rise to rock 'n' roll aristocracy as David Bowie, Bowie recounts his career but also reveals how much his music has influenced other musicians and forever changed the landscape of the modern era. Along the way, Spitz reflects on how growing up with Bowie as his soundtrack and how writing this definitive book on Bowie influenced him in ways he never expected, adding a personal dimension that Bowie fans and those passionate about art and

culture will connect with and that no other bio on the artist offers. Bowie takes an in-depth look at the culture of postwar England in which Bowie grew up, the mod and hippie scenes of swinging London in the sixties, the sex and drug-fueled glitter scene of the early seventies when Bowie's alter-ego Ziggy Stardust was born, his rise to global stardom in the eighties and his subsequent status as an elder statesman of alternative culture. Spitz puts each incarnation of Bowie into the context of its era, creating a cultural time line that is intriguing both for its historical significance as well as for its

delineation of this rock 'n' roll legend, the first musician to evolve a coherent vision after the death of the sixties dream. Amid the sex, drugs and rock 'n' roll mayhem, a deeper portrait of the artist emerges. Bowie's early struggles to go from follower to leader, his tricky relationship with art and commerce and Buddhism and the occult, his complicated family life, his open romantic relationship and, finally, his perceived disavowal of all that made him a touchstone for outcasts are all thoughtfully explored. A fresh evaluation of his recorded work, as well as his film, stage and video

performances, is included as well. Based on a hundred original interviews with those who knew him best and those familiar with his work, including ex-wife Angie Bowie, former Bowie manager Kenneth Pitt, Siouxsie Sioux, Camille Paglia, Dick Cavett, Todd Haynes, Ricky Gervais and Peter Frampton, Bowie gives us not only a portrait of one of the most important artists in the last century, but also an honest examination of a truly revolutionary artist and the unique impact he's had across generations. A fascinating account of the music and epic social change of 1973, a defining

year for David Bowie, Bruce Springsteen, Pink Floyd, Elton John, the Rolling Stones, Eagles, Elvis Presley, and the former members of The Beatles. 1973 was the year rock hit its peak while splintering—just like the rest of the world. Ziggy Stardust travelled to America in David Bowie's *Aladdin Sane*. *The Dark Side of the Moon* began its epic run on the Billboard charts, inspired by the madness of Pink Floyd's founder, while all four former Beatles scored top ten albums, two hitting #1. FM battled AM, and Motown battled Philly on the charts, as the era of protest soul gave way to disco, while DJ Kool

Herc gave birth to hip hop in the Bronx. The glam rock of the New York Dolls and Alice Cooper split into glam metal and punk. Hippies and rednecks made peace in Austin thanks to Willie Nelson, while outlaw country, country rock, and Southern rock each pointed toward modern country. The Allman Brothers, Grateful Dead, and the Band played the largest rock concert to date at Watkins Glen. Led Zep's *Houses of the Holy* reflected the rise of funk and reggae. The singer songwriter movement led by Bob Dylan, Neil Young, and Joni Mitchell flourished at the Troubadour

and Max's Kansas City, where Bruce Springsteen and Bob Marley shared bill. Elvis Presley's Aloha from Hawaii via Satellite was NBC's top-rated special of the year, while Elton John's albums dominated the number one spot for two and a half months. Just as U.S. involvement in Vietnam drew to a close, Roe v. Wade ignited a new phase in the culture war. While the oil crisis imploded the American dream of endless prosperity, and Watergate's walls closed in on Nixon, the music of 1973 both reflected a shattered world and brought us together. A lively narrative history and the definitive account of the legendary and least

understood rivalry in the annals of rock 'n' roll. The first work of popular history to tell the story of the Beatles and the Rolling Stones through the lens of their complex relationship with each other. It's a deep exploration of how their rivalry was created - by fans, by the media, by the two groups themselves. How it evolved, and what it reveals about the legendary personalities in both bands. The Rolling Stones' Beggars Banquet is one of the seminal albums in rock history. Arguably it not only marks the advent of the 'mature' sound of the Rolling Stones but lays out a new blueprint for an

approach to blues-based rock music that would endure for several decades. From its title to the dark themes that pervade some of its songs, Beggars Banquet reflected and helped define a moment marked by violence, decay, and upheaval. It marked a move away from the artistic sonic flourishes of psychedelic rock towards an embrace of foundational streams of American music - blues, country - that had always underpinned the music of the Stones but assumed new primacy in their music after 1968. This move coincided with, and anticipated, the 'roots' moves that many leading

popular music artists made as the 1960s turned toward a new decade; but unlike many of their peers whose music grew more 'soft' and subdued as they embraced traditional styles, the music and attitude of the Stones only grew harder and more menacing, and their status as representatives of the dark underside of the 60s rock counterculture assumed new solidity. For the Rolling Stones, the 1960s ended and the 1970s began with the release of this album in 1968. A gritty, one-of-a-kind backstage account of the world's greatest touring band, from the opinionated

music journalist who was along for the ride as a young reporter for Rolling Stone in the 1990s ONE OF THE TOP FIVE ROCK BIOGRAPHIES OF THE YEAR—SAN FRANCISCO CHRONICLE ONE OF THE BEST BOOKS OF THE YEAR—KIRKUS REVIEWS A book inspired by a lifelong appreciation of the music that borders on obsession, Rich Cohen's fresh and galvanizing narrative history of the Rolling Stones begins with the fateful meeting of Mick Jagger and Keith Richards on a train platform in 1961—and goes on to span decades, with a focus on the golden run—from the albums Beggars

Banquet (1968) to Exile on Main Street (1972)—when the Stones were at the height of their powers. Cohen is equally as good on the low points as the highs, and he puts his finger on the moments that not only defined the Stones as gifted musicians schooled in the blues, but as the avatars of so much in our modern culture. In the end, though, after the drugs and the girlfriends and the bitter disputes, there is the music—which will define, once and forever, why the Stones will always matter. Praise for The Sun & The Moon & The Rolling Stones "Fabulous . . . The research is meticulous. . . .

Cohen's own interviews even yield some new Stones lore."—The Wall Street Journal "[Cohen] can catch the way a record can seem to remake the world [and] how songs make a world you can't escape."—Pitchfork "No one can tell this story, wringing new life even from the leathery faces of mummies like the Rolling Stones, like Rich Cohen. . . . The book beautifully details the very meaning of rock 'n' roll."—New York Observer "Masterful . . . Hundreds of books have been written about this particular band and [Cohen's] will rank among the very best of the bunch."—Chicago Tribune "Cohen,

who has shown time and time again he can take any history lesson and make it personal and interesting . . . somehow tells the [Stones'] story in a whole different way. This might be the best music book of 2016."—Men's Journal "[Cohen's] account of the band's rise from 'footloose' kids to 'old, clean, prosperous' stars is, like the Stones, irresistible."—People "You will, as with the best music bios, want to follow along on vinyl."—The Washington Post "A fresh take on dusty topics like Altamont and the Stones' relationship with the Beatles . . . Cohen takes pilgrimages to places like Nellcôte,

the French mansion where the Stones made Exile on Main Street, and recounts fascinating moments from his time on tour."—Rolling Stone "On the short list of worthwhile books about the Stones . . . The book is stuffed with insights."—San Francisco Chronicle Sympathy for the Drummer: Why Charlie Watts Matters is both a gonzo rush—capturing the bristling energy of the Rolling Stones and the times in which they lived—and a wide-eyed reflection on why the Greatest Rock 'n' Roll Band in the World needed the world's greatest rock 'n' roll drummer.

Across five decades, Rolling Stones drummer Charlie Watts has had the best seat in the house. Charlie Watts, the anti-rock star—an urbane jazz fan with a dry wit and little taste for the limelight—was witness to the most savage years in rock history, and emerged a hero, a warrior poet. With his easy swing and often loping, uneven fills, he found nuance in a music that often had little room for it, and along with his greatest ally, Keith Richards, he gave the Stones their swaggering beat. While others battled their drums, Charlie played his modest kit with finesse and humility, and yet

his relentless grooves on the nastiest hard-rock numbers of the era ("Gimme Shelter," "Street Fighting Man," "Brown Sugar," "Jumpin' Jack Flash," etc.) delivered a dangerous authenticity to a band that on their best nights should have been put in jail. Author Mike Edison, himself a notorious raconteur and accomplished drummer, tells a tale of respect and satisfaction that goes far beyond drums, drumming, and the Rolling Stones, ripping apart the history of rock'n'roll, and celebrating sixty years of cultural upheaval. He tears the sheets off of the myths of music making, shredding

the phonies and the frauds, and unifies the frayed edges of disco, punk, blues, country, soul, jazz, and R&B—the soundtrack of our lives. Highly opinionated, fearless, and often hilarious, *Sympathy* is as an unexpected treat for music fans and pop culture mavens, as edgy and ribald as the Rolling Stones at their finest, never losing sight of the sex and magic that puts the roll in the rock—the beat, that crazy beat!—and the man who drove the band, their true engine, the utterly irreplaceable Charlie Watts.
