The Zulu Principle Apr 30 2021 Jim Slater's classic text made available once more Jim Slater makes available to the investor - whether the owner of only a few shares or an experienced investment manager with a large portfolio - the secrets of his success. Central to his strategy is *The Zulu Principle*, the benefits of homing in on a relatively narrow area. Deftly blending anecdote and analysis, Jim Slater gives valuable selective criteria for buying dynamic growth shares, turnarounds, cyclical, shells and leading shares. He also covers many other vitally relevant aspects of investment such as creative accounting, portfolio management, overseas markets and the investor's relationship with his or her broker. From *The Zulu Principle* you will learn exactly when to buy shares and, even more important, when to sell - in essence, how to make 'extraordinary profits from ordinary shares'.

Groundbreakers Nov 13 2019 Growth business is the most dynamic sector of the economy. Rapidly expanding companies demonstrate the ingenuity, flexibility and energy which are the foundation of flourishing new market sectors. These are the blue chip companies of tomorrow, capable of taking on the world. Nightingale MultiMedia with the help of growth company broker Beeson Gregory, the Innovation Unit of the Department of Trade and Industry and senior financial journalists has identified the most exciting growth companies in Britain. These key companies are defined as groundbreakers in their particular field, who have done something different in the marketplace, and who have been identified as having the most potential for growth. In 100 in-depth case studies, Groundbreakers analyses the constituent elements of the success of these impressive and significant new enterprises. What are the factors which make these companies distinctive? Why will they be key contributors to the economic environment of the future? This comprehensive report examines the leading new operators across the entire spectrum of British industry and shows how they will influence the development of UK and global business.
