The associated activity for each is designed to challenge students to use their acquired problemsolving skills. Detailed teachers' notes provide information on distinct problemsolving strategies, to include: think, estimate & check; draw a diagram or picture; look for patterns; make a model; act out a problem; construct a table or a graph; write a statement; make a list; calculate; and reflect & assess results. The perfect supplement to any math class! There's no mistake...God is seeking you. Friends, teachers, and the world in general will tell you that Christianity and faith is a lie. Atheism and Eastern religions are more fashionable. The culture tells you to look and act certain ways or people will think you're a loser or weird. If you say you believe in God, you can expect people to be in your face, doing their best to tear down God, the Bible, and your belief in Christ. By now, you may even have a few doubts – everything seems so crazy and pointless, how can you believe God really does care about what is going on with you? Or if God is in charge of this chaos called life? You aren't the only one with questions! Find great answers to 15 popular faith questions and discover why the world is such a mess, why you can believe in Christ, and why God wants a relationship with you! For ages 13 to 17 Basics of the Biblical Greek is an entirely new, integrated approach to teaching and learning New Testament Greek.
