A Paradise Lost Oct 16 2022 Noted for its magnificent architecture and extraordinary history, the Yuanming Yuan is China's most famous imperial garden. The complex was begun in the early eighteenth century, and construction continued over the next 150 years. While Chinese historians, and many Chinese in general, view the garden as the paramount achievement of Chinese architecture and landscape design, almost nothing is known about the Yuanming Yuan in the West. *A Paradise Lost* is the first comprehensive study of the palatial garden complex in a Western language. Written in a broad and engaging style, Young-tsu Wong brings "the garden of perfect brightness" to life as he leads readers on a grand tour of its architecture and history. Wong begins by inspecting the garden's physical appearance and its architectural elements. He discusses the origin and evolution of these structures and the aesthetics of their design and arrangement. Throughout he refers to maps and original models of individual buildings and other existing gardens of the Ming-Qing period, including the well-preserved Yihe Yuan and the Chengde Summer Mountain Retreat in Rehe. A special feature of the book is its exploration of the activities and daily life of the royal household.

Imperial Japan's Allied Prisoners of War in the South Pacific Feb 14 2020 Three weeks after Imperial Japan's surrender, five men dressed in baggy khaki uniforms stared at the camera. They and two colleagues were the only survivors out of the 210 Allied airmen which Imperial Japan had imprisoned in "paradise." Joining them were 18 British soldiers, the only survivors of 600 of their countrymen similarly but separately imprisoned. Another 10,000 Allied soldiers and civilians were also imprisoned on the South Pacific island of New Britain. More than half died before liberation. What motivated such inhumane treatment? This book's quest for an answer traces the genesis of Bushido, Imperial Japan's martial code, and surveys the prisoners' recollections of their ordeal as the Battle for Rabaul raged around them from 1942 to March 1944.

The Lost Imperial Seal Feb 20 2023 Described as *The Da Vinci Code* meets *Bruce Lee* by fans. Amazon Bestseller in Asian Canadian Literature, Taiwanese History, Taiwan Travel Guide, Martial Arts Fiction, Travel Adventure Fiction. Sebastian Lee, a fresh college grad, who originally only intends to teach English in Taiwan for one year, to escape from starting the typical corporate nine-to-five job upon graduation. But when an earthquake strikes on Mid-Autumn Festival night, one of his students, a ninety-year-old Chinese Civil War veteran, shares with Sebastian the clues to the hidden location of the most legendary ancient artifact in Chinese history—which supposedly has been lost for over a thousand years. When Sebastian "accidentally" promises to help, he is suddenly pulled into an unforeseen turn of events—a perilous quest to unlock the mystery of the Lost Imperial Seal. Aided by his buddy, Jack, and the old veteran's granddaughter, Audrey, together they race all over the island of Taiwan. They must follow the trail of clues, decipher puzzles, and fight off unknown hostiles. Along the way, they uncover murders, clandestine operations, secret passages, and even national conspiracies. Why is the imperial seal of the Chinese emperor hidden in Taiwan? Who hid it and why? And why would Sebastian's failure to find the Imperial Seal doom the future of Taiwan's freedom and

democracy? The *Lost Imperial Seal* distinguishes itself from other novels by combining Western adventure story-arc and Eastern wuxia action description. It is one of, if not, the first English action-adventure novel written from the actual perspectives of AAPI writers. Perfect for readers looking for: action-adventure, world travel, mystery thriller, multicultural representations.

Milton's Imperial Epic Jan 27 2021 Written during the crucial first phase of English empire-building in the New World, *Paradise Lost* registers the radically divided attitudes toward the settlement of America that existed in seventeenth-century Protestant England. Evans looks at the relationship between Milton's epic and the pervasive colonial discourse of Milton's time. Evans bases his analysis on the literature of exploration and colonialism. The primary sources on which he draws range from sermons about the New World justifying colonization and exhorting virtue among colonists to promotional pamphlets designed to lure people and investment into the colonies. Evans's research allows him to create a richly textured picture of anxiety and optimism, guilt and moral certitude. The central question is whether Milton supported England's colonization or covertly attempted to subvert it. In contrast to those who attribute to *Paradise Lost* a specific political agenda for the American colonies, Evans maintains that Milton reflects the complexity and ambivalence of attitudes held by English society. Analyzing *Paradise Lost* against this background, Evans offers a new perspective on such fundamental issues as the narrator's shifting stance in the poem, the unique character of Milton's prelapsarian paradise, and the moral and intellectual status of Adam and Eve before and after the fall. From Satan's arrival in Hell to the expulsion from the garden of Eden, Milton's version of the Genesis myth resonates with the complex thematics of Renaissance colonialism.

Gaining and Losing Imperial Favour in Late Antiquity Sep 15 2022 The volume *Gaining and Losing Imperial Favour in Late Antiquity* studies fundamental dynamics of the political culture of the Later Roman Empire (4th and 5th centuries A.D.) by examining how people rose in and fell from the emperor's favour.

Lost Kingdom Dec 06 2021 The New York Times—bestselling author delivers “a riveting saga about Big Sugar flexing its imperialist muscle in Hawaii . . . A real gem of a book” (Douglas Brinkley, author of *American Moonshot*). Deftly weaving together a memorable cast of characters, *Lost Kingdom* brings to life the clash between a vulnerable Polynesian people and relentlessly expanding capitalist powers. Portraits of royalty and rogues, sugar barons, and missionaries combine into a sweeping tale of the Hawaiian Kingdom's rise and fall. At the center of the story is Lili'uokalani, the last queen of Hawai'i. Born in 1838, she lived through the nearly complete economic transformation of the islands. Lucrative sugar plantations gradually subsumed the majority of the land, owned almost exclusively by white planters, dubbed the “Sugar Kings.” Hawai'i became a prize in the contest between America, Britain, and France, each seeking to expand their military and commercial influence in the Pacific. The monarchy had become a figurehead, victim to manipulation from the wealthy sugar plantation owners. Lili'u was determined to enact a constitution to reinstate the monarchy's power but was outmaneuvered by the United States. The annexation of Hawai'i had begun, ushering in a new century of American imperialism. “An important chapter in our national history, one that most Americans don't know but should.” —The New York Times Book Review “Siler gives us a riveting and intimate look at the rise and tragic fall of Hawaii's royal family . . . A reminder that Hawaii remains one of the most breathtaking places in the world. Even if the kingdom is lost.” —Fortune “[A] well-researched, nicely contextualized history . . . [Indeed] ‘one of the most audacious land grabs of the Gilded Age.’” —Los Angeles Times

Isagogical Crossroads from the Early Imperial Age to the End of Antiquity Jul 21 2020 This book explores how introductory methods shaped intellectual activity in various fields of thought of the post-Hellenistic Age and Late Antiquity by framing them in a wider interdisciplinary framework.

Concubinage and Servitude in Late Imperial China Jun 12 2022 In the long course of late imperial Chinese history, servants and concubines formed a vast social stratum in the hinterland along the Grand Canal, particularly in urban areas. *Concubinage and Servitude in Late Imperial China* is a survey of the institutions and practice of concubinage and servitude in both the general populace and the imperial palace, with a focus on the examination of Ming-Qing political and socioeconomic history through the lives of this particular group of distinct yet associated individuals. The persistent theme of the book is how concubines, appointed by patriarchal polygamy, and servants, laboring under the master-servants hierarchy, experienced interactions and mobility within each institution and in associating with the other. While reviewing how ritual and law treated concubines and servants as patriarchal possessions, the author explores the perspectives available for individual concubines and servants and the limitations in their daily circumstances, searching for their "positional powers" and "privilege of the inferiors" in the context of Chinese culture during the Ming-Qing time period. For a list of the book's tables and their sources, please see: <http://www.wou.edu/wp/hsiehb/>

China's Lost Imperial Garden Aug 22 2020 Built in 1707, the Old Summer Palace (Yuan Ming Yuan) is a masterpiece integrating the classic garden-building arts of China. It is reputed as the "Garden of all Gardens," due to its rich and incomparable landscaping. The beautiful and expansive gardens were known to the world, and triggered the craze of Chinese gardens in 18th century Europe. Victor Hugo, one of the best and greatest known French writers, described it as "Achievements generated from the imagination of a super nation." The Old Summer Palace was also the second political center in addition to the Forbidden City in the Qing Dynasty (1636–1911). Five emperors chose the Old Summer Palace as their venue for administrative governance. They felt it expressed an ideal of state governing and an appeal of aesthetics. Meanwhile, it was the base for turning out important national policies while serving as an important venue for the exchange between Chinese and foreign envoys. Having gone through a span of over 150 years, the Old Summer Palace reflects the history of the rise and fall of the Qing Dynasty. Deserving its honor as the largest royal art museum, the Old Summer Palace contained calligraphic works and paintings of many noted artists, numerous rarities such as secret and valuable books, ancient bells, tri-pots, precious articles, gold and silver wares, jewelry and jade as well as rare flowers and trees of that time. In 1860, the Old Summer Palace was destroyed by British-French Allied Forces and all the collections inside were looted, resulting in a terrible disaster in the history of international culture. Today, the Older Summer Palace represents an important piece of cultural history for human civilization. At the end of the 20th century, Guo Daiheng, the author of this book, led over 80 experts, scholars and professionals in starting a project of Digital Reconstruction of the Old Summer Palace, an unprecedented task in the history of international historic parks. Over the past 15 years, the project has included an orderly development in 3D molding, digital restoration, and digital experience. Scenes of the Old Summer Palace in this book are the exact results from a digitalized Old Summer Palace, which reveals the magnificence of the garden in its prime.

Ancillary Justice Nov 24 2020 *Ancillary Justice* is Ann Leckie's stunning debut -- the only novel to ever win the Hugo, Nebula, and Arthur C. Clarke awards -- about a ship's AI who becomes trapped in a human body and her quest for revenge. A must read for fans of Ursula K. Le Guin and James S. A. Corey. "There are few who write science fiction like Ann Leckie can. There are few who ever could." -- John Scalzi On a remote, icy planet, the soldier known as Breq is drawing closer to completing her quest. Once, she was the Justice of Toren -- a colossal starship with an artificial intelligence linking thousands of soldiers in the service of the Radch, the empire that conquered the galaxy. Now, an act of treachery has ripped it all away, leaving her with one fragile human body, unanswered questions, and a burning desire for vengeance.

Imperial Japanese Navy Destroyers 1919–45 (1) Jan 19 2023 This volume will detail the history, weapons and tactics of the Japanese destroyers built before the war. This includes the famous Fubuki class (called “Special Type” by the Japanese, which were, when completed in the late 1920's, the most powerful class of destroyers in the world. This design forced all other major navies to follow suite and provided the basic design for the next many classes of Imperial Navy destroyers. This book will also cover the three classes built before the Special Type which were based on a German World War I design as well as two classes built after the advent of the Special Type. All of these ships had a rich history as they fought from the first battles of the Pacific War up until the very end when several accompanied the superbattleship Yamato on her death sortie. The final part of the book will be an analysis of the destroyer designs covered in the book which will include an examination of their strengths and weaknesses. The success (or lack of success) of these designs will be discussed and they will be compared to comparable Allied destroyer designs.

Olive the Lionheart Nov 17 2022 "Brad Ricca's Olive MacLeod is my favorite sort of woman from history—bold and unconventional, utterly unsinkable—and her story is so full of adventure and acts of courage, it's hard to believe she actually lived. And yet she did! Brad Ricca has found a heroine for the ages, and written her tale with a winning combination of accuracy and imagination." — Paula McLain, author of *Love and Ruin* and *The Paris Wife* From the Edgar-nominated author of the bestselling *Mrs. Sherlock Holmes* comes the true story of a woman's quest to Africa in the 1900s to find her missing fiancé, and the adventure that ensues. In 1910, Olive MacLeod, a thirty-year-old, redheaded Scottish aristocrat, received word that her fiancé, the famous naturalist Boyd Alexander, was missing in Africa. So she went to find him. *Olive the Lionheart* is the thrilling true story of her astonishing journey. In jungles, swamps, cities, and deserts, Olive and her two companions, the Talbots, come face-to-face with cobras and crocodiles, wise native chiefs, a murderous leopard cult, a haunted forest, and even two adorable lion cubs that she adopts as her own. Making her way in a pair of ill-fitting boots, Olive awakens to the many forces around her, from shadowy colonial powers to an invisible Islamic warlord who may hold the key to Boyd's disappearance. As these secrets begin to unravel, all of Olive's assumptions prove wrong and she is forced to confront the darkest, most shocking secret of all: why she really came to Africa in the first place. Drawing on Olive's own letters and secret diaries, *Olive the Lionheart* is a love story that defies all boundaries, set against the backdrop of a beautiful, unconquerable Africa. This book is not for sale in the United Kingdom.

The British Imperial Army in the Middle East Aug 14 2022 The First World War has often been understood in terms of the combat experiences of soldiers on the Western Front; those combatants who served in the other theatres of the war have been neglected. Using personal testimonies, official documentation and detailed research from a diverse range of archives, *The British Imperial Army in the Middle East* explores the combat experiences of these soldiers. The army that fought the Ottoman Empire was a multinational and multi-ethnic force, drawing personnel from across Britain's empire, including Australia, New Zealand, and India. By taking a transnational and imperial perspective on the First World War, this book ensures that the campaigns in Egypt and Palestine are considered in the wider context of an empire mobilised to fight a total and global war.

Law, State, and Society in Early Imperial China (2 vols) Sep 22 2020 In *Law, State, and Society in Early Imperial China*, Anthony J. Barbieri-Low and Robin D.S.
