The word "algebra" is not commonly heard in elementary classrooms, but the mathematical investigations in these grades frequently include elements of algebraic thinking/reasoning, and building students' algebra skills. To address the call for "Algebra for All" from NCTM, this classroom-tested, standards-based program helps elementary students develop a strong foundation in algebra reasoning to build the skills necessary for success in Algebra in the secondary grades. Getting Smarter Every Day is a selection of activities, puzzles, ideas, information, and graphics to excite, enrich, challenge, instruct, amaze, and entertain students. This program aims to broaden student perspectives on what mathematics really is and its application in the real world. This program will help students develop the ability to understand and apply mathematics in everyday life, also known as numeracy. Four major instructional approaches are used to develop numeracy, leading to student success in mathematics: Discussion and interaction Active exploration Visualization and estimation Interrelating concepts Activities can be used to supplement an existing program in the form of homework or in-class. The program is also flexible and can be used in group settings, as extra practice for individual students, or for whole-class. To view sample lessons and pages, click on the appropriate ISBN # below. The Active Learning Series is made up of activity books for infants and one, two, and three-year-olds. In each of these books there is a planning guide and four activity sections. Pre-Kindergarten kits, components and Take-Home Storybooks 5 packs for English and Spanish.
