Glimpses from Beyond May 02 2021 The content of this book is material channeled through the author by her spirit guide. If you are not interested in having your personal belief system offended, particularly in the areas of religion and generally accepted historical accounts, please do not read this book. Much of the content herein flies in the face of traditional thinking and beliefs, most notably in the area of religion. On the other hand, some of the content supports religious concepts, even though from a non-traditional point of view. The author herself finds some of the ideas hard to accept or even give minimal credence to. Therefore, she cannot vouch for the validity of much of what the book contains. The book does, however, present a great deal of thought for the readers to ponder. It is solely up to them to espouse or to reject whatever they so choose. The author is making no attempt to promote anything. Nevertheless, the material is presented exactly as it was channeled through her by her spirit guide at the monthly meetings of the Coral Springs (FL) Metaphysical Group.

Your Personal Guidebook To Quality Living Jan 30 2021 Most self-help books don't work! Why? They are not about you. They are too general and don't directly apply to your life. Don't you just want a book with answers in it? Wouldn't that be nice! A book with answers to issues like, "How do I deal with that whacko neighbor?" and "How do I stop yelling at my television?" Don't worry! I know, you're just asking for a friend. Oh, no! It's not you, but you know who I'm talking about. You want a book that will tell you how to cope with or completely avoid those people. You don't want a rulebook. You already break all the rules, so, that won't help. You're looking for a kind of guidebook with ideas and suggestions. You know, just stuff to think about. What's the catch? There's always a catch. No book can do all that! The catch is that you have to implement some of these ideas and suggestions into your life, by writing your own notebook/workbook/guidebook/manual. You have to do something. You're going to do something anyway. Why not do this? The good news is that all these ideas and suggestions are either easy to do, highly rewarding or both! "Answers". They said someone would ask me a series of questions and They would answer. I said "Ok" & told few family & friends & forgot about it. In October, at one of my Live events, I met Angie Felske. I read for Angie for over an hour, privately. She had lost 2 sons violently & both came through for her with intimate details. They gave her a comprehensive list of questions & she attached them to the email. I wrote back telling her I knew. That the book was called Answers & let's get started. In the pages of this book you will find information you may have never heard before. A unique perspective perhaps. It was not designed to be perfect and is far from it. It was created to give you a catalyst to find your own Answers.
