Publisher's description: How many Christians can defend their faith? I Peter 3:15 exhorts us to be ready to give a defense to anyone who asks about the hope within us. As we prepare our children for adulthood, part of bringing them to maturity should be teaching them biblically sound apologetics. Every Thought Captive was written with that very purpose in mind! Dr. Pratt created the lessons in this book for high school-age students to specifically train

them in presuppositional apologetics, a genuine biblical defense of the faith. This book can be used for individual study or with a group. Parents, you may want to study alongside your student, equipping yourself as well as your child! This book "" ""The Autobiography of Parley Parker Pratt; One of the Twelve Apostles of the Church of Jesus Christ of Latter-Day Saints, Embracing His Life, Ministry, and Travels"" has been considered important throughout the human history. It has been out of print for decades. So that this work is never forgotten we have made efforts in its preservation by republishing this book in a modern format for present and future generations. This whole book has been reformatted, retyped and designed. These books are not made of scanned copies and hence the text is clear and readable. Excerpt from The Autobiography of Parley Parker Pratt: One of the Twelve Apostles of the Church of Jesus Christ of Latter-Day Saints, Embracing His Life, Ministry and Travels, With Extracts, in Prose and Verse, From His Miscellaneous Writing In publishing this volume I am discharging a duty solemnly imposed upon me by my lamented father, just before his departure on his last mission to the United States. It affords me great pleasure to present the Autobiography of the late Author to his relatives, his numerous friends, and to the general reader. The writer is well and favorably known through his "Voice of Warning," his "Key to Theology" and other productions of his pen, as well as through his personal labors. He was one of the first Apostles of the Church of Jesus Christ of Latter-Day Saints, having been called by revelation and ordained to that office by the Prophet Joseph Smith and Oliver Cowdery. He was intimately associated with the martyrs Joseph and Hyrum, with Presidents B. Young and H. C. Kimball, and other leading men, almost from the first rise of the Church: his history, therefore, was so interwoven with that of the Church, that many of the most interesting sketches of Church history will be found therein. The following pages, which embrace his life, ministry and travels, and some of his best miscellaneous writings in prose and verse, are the productions of his own pen. He spared no pains to make the work a reliable record, and one that would be acceptable to all lovers of truth. It is written in the author's happiest style. He was an early pioneer of the Great West, and travelled extensively in different countries. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Orson Pratt (1811-1881) was an apostle of The Church of Jesus Christ of Latter-day Saints; at 24, he was the third youngest member of the original Quorum of the Twelve. Pratt was a genuine polymath, with major writings on theology, astronomy, and mathematics. He supervised the work of transcribing the Book of Mormon to the Deseret Alphabet and is responsible for our current chapter-verse divisions in the Book of Mormon. He wrote numerous pamphlets that were long used in missionary work. He and his brother Parley were, after Joseph Smith himself, the most important theologians in the early LDS Church. We reprint here twenty of his sermons as recorded in the Journal of Discourses. This book is in the Deseret Alphabet, a phonetic alphabet for writing English developed in the mid-19th century at the University of Deseret (now the University of Utah). Known as the best fisherman of his Connecticut community, Wilford Woodruff became one of the greatest fishers of men of the Latter-day dispensation. When he was 23, he resolved to "do the will of God as far as I could learn it." He carefully examined scripture and when he found Mormonism, he was convinced it matched what scripture described as Christ's Church. He had asure testimony of Joseph Smith: "he is like a bed of gold concealed from human view. . . . God alone can comprehend his soul." Wilford received calling after calling eventually as one of the Twelve Apostles. His legendary missionary service, on full display in England, is unparalleled in Church annals. Feeling the command of the Lord to go to the South of England where nomissionary of the Church had yet gone, he cleared a pool for baptisms and during the next eight months he not only baptized over 600 people in that one pool, he baptized 1,200 others in other locales. Such was the faith of the man who became the fourth president of The Church of Jesus Christ of Latter-day Saints. Letter to Belinda from her husband, Parley P. Pratt, written from San Francisco in January 1855, focusing on family concerns; and a fifteen-page autobiographical sketch written by her, dated 1884 on page one and 1889 on page eleven. Also includes an undated biographical sketch of Belinda written by Parker Pratt Robison, based on her autobiographical account. Her account discusses her conversion to Mormonism, church service, and marriage to Parley P. Pratt. an amazing account of the visions, faith and doctrine of the early church. The author calls it *An Interesting Account of Several Remarkable Visions, and of the late discovery of ancient American records*. Initially published for missionaries, Orson Pratt recounts several early church events, including the story of Joseph Smith, the first vision, Angel Moroni's visit to the boy prophet, and the translation of the Book of Mormon. Included in this work is the story by Oliver Cowdery regarding Joseph's receiving the gold plates and translation of the Book of Mormon. In this book you will learn in greater detail the design, make-up and construction of the stone box built by Moroni to conceal the plates and how the plates were preserved to come forth in this day. You will discover the location where Joseph found the gold plates in the Hill Cumorah and how Moroni used the hill's layout to his advantage to keep the plates hidden until Joseph's day. This book also includes the testimony of the three and eight witnesses as recorded in the Book of Mormon, along with a brief account of the restoration of the priesthood and baptism of Joseph and Oliver. It's a remarkable and enlightening writing by Orson Pratt and a well-deserved addition to any LDS collection. Orson Pratt (1811-1881) was born in Hartford, New York to Jared Pratt and Charity Dickinson. He, along with several other members of his family, were early members of the LDS Church. In 1835 Orson and his brother, Parley P. Pratt, were called to be apostles in the LDS Church. Orson practiced plural marriage and was the father of a number of children. He was the first to publicly announce the Mormon doctrine of the plurality of wives. He died in Salt Lake City in 1881. Pratt, born April 12, 1807, was one of the important early leaders of the LDS church. His influence is felt not only through his work as one of the first apostles called in this dispensation, but also through his missionary work, writing, poems, and hymns. After being baptized around September 1, 1830 by Oliver Cowdery, he was soon called on a mission by the prophet Joseph Smith. This was the first of many such missions that Pratt served. He was a member of Zion's Camp and served as a missionary in Canada, the southern United States, and the United Kingdom. This book gives his history in his own words. The testimonies Pratt shares of the Gospel, particularly of the Book of Mormon, are inspiring. We hope this book and the amazing experiences of Parley P. Pratt's life will serve to strengthen the testimonies of all who read it. *Over the Rim* is the first book about an important but little-known expedition sent by Brigham Young to explore southern Utah. Led by Mormon apostle Parley P. Pratt, the party

traveled from Salt Lake City south across the rim of the Great Basin to the Virgin River near future St. George. They brought back to Mormon leaders their first detailed portrait of the country to the south that the church planned to settle. Explains how to grasp and apply the timeless truths in Old Testament narratives. Parley Parker Pratt Sr. (April 12, 1807 - May 13, 1857) was an early leader of the Latter Day Saint movement whose writings became a significant early nineteenth-century exposition of the Latter Day Saint faith. Named in 1835 as one of the first members of the Quorum of the Twelve Apostles, Pratt was part of the Quorum's successful mission to Great Britain from 1839 to 1841. Pratt has been called "the Apostle Paul of Mormonism" for his promotion of distinctive Mormon doctrines. Parley Parker Pratt, son of Jared Pratt and Charity Dickson, was born in 1807 in Burlington, New York. He married Thankful Halsey in 1827. He died in 1857 in Alma, Arkansas. Includes a collection of essays about his life. Terryl L. Givens and Matthew J. Grow offer a revelatory biography of Parley P. Pratt, examining the dramatic events of his life and the crucial role he played in the expansion and foundational theology of early Mormonism. The author of several dozen seminal treatises on Mormon doctrine, Orson Pratt (1811-81) produced a library of spirited and thoughtful expositions and defenses of the LDS church that charted the course for all subsequent church theologians. Born in Henderson, New York, Pratt was a contemporary of Joseph Smith, who, like his successor Brigham Young, often

depended on Pratt's rhetorical skills and scientific eclecticism in presenting the Mormon message to the outside world. Since Pratt was a member of the leading Quorum of Twelve Apostles, many of his works were published in pamphlet form for proselytizing purposes. His rudimentary mathematical talents were also relied on to help navigate the first party of pioneers to the Great Salt Lake Valley. He was the first Mormon to enter the valley--three days before Young. A stubborn and fiercely independent intellectual, Pratt also clashed with Smith over polygamy and with Young over the nature of God and the origin of the soul. Their arguments eventually led Young in 1875 to demote him within the quorum, reducing his chances of succeeding to the church presidency. Pratt suffered from diabetes, and his final years were plagued by illness. He died in Utah at the age of seventy. Nevertheless, his influence has continued. Pratt was the first to write and publish an account of Smith's famous "first vision," and he authored one of the earliest confessions of Mormon doctrine, which Smith later used in composing his own "Articles of Faith." Pratt edited the Latter-day Saints' *Millennial Star*, *The New York Messenger*, *The Seer*, and *The Prophetic Almanac*, the latter consisting of astrological observations, folk wisdom, theological essays, and one of the first LDS statements that humans could become gods. Pratt's most controversial speculation was that atoms, then thought to be indestructible and indivisible, were intelligent, self-conscious, sentient, self-propelled particles which bonded together to form colonies in the shape of plants, minerals, animals, humans, and gods, and which were tutored over time in the "great school of the universe." His writing was thus a unique blend of biblical and pseudo-scientific philosophy. Twentieth-century reprints of his works have tended to overlook his more controversial ideas and emphasized the less radical ones. In the present compilation, care has been taken to remain faithful to the originals, leaving nothing out. Dear reader, your future well-being in all time to come, depends upon your rightly understanding these seven subjects. Read, therefore, with serious attention, and your mind shall be opened to see things that you never saw before; things too of infinite importance, without which you can in no wise be saved. - Orson Pratt This book by Orson Pratt, brother to Parley P. Pratt, and Apostle, examines two of seven topics in detail; the true nature of God, and qualifications of an apostle.
