Aids and the Workplace: Resources for Workers, Managers, and Employers is designed to facilitate policy and education efforts regarding HIV infection and AIDS in the workplace. Produced jointly by the National AIDS Information Clearinghouse (NAIC) and the National Leadership Coalition on AIDS, this resource guide is intended to serve as a starting point for organizations developing onsite education programs on AIDS and the workplace. It can be used to locate and obtain materials to inform employees about HIV transmission and prevention, or to help dissipate worker's fear about contracting the disease from a colleague who has HIV infection or AIDS. Instructions on manuscript preparation in over 290 major biomedical journals. Also includes some journals from Western Europe and English-speaking countries. Alphabetical arrangement by journal titles. Entries include detailed instructions as well as miscellaneous information, e.g., publication lag time, percentage of articles accepted, and recommended style manuals. Classified permuted title indexes. Special edition of the Federal Register, containing a codification of documents of general applicability and future effect ... with ancillaries. The Codex Alimentarius is a collection of international food standards which seek to protect the health of consumers and facilitate international trade in food products. Volume one of the Codex covers the standards and other texts generally applicable to all food commodities, and is the basic reference document for all other volumes. This publication presents the second part (volume 1B) containing general food hygiene texts, and is the revised second edition which includes standards adopted by the Codex Alimentarius Commission up to July 2001. Over 19,000 live, print, and electronic information sources for 460 legal topics are quickly accessible in this guide to the US legal system. The work is arranged alphabetically by subject, from actions and defences to noteworthy trials, and users can see at a glance what printed materials are available, what organizations are active in that subject, and whether any databases or other electronic information sources are available. " Authored by the Digital Photographic Documentation Task Force of the American Institute for Conservation of Historic and Artistic Works"--P. 11. The Sampling Source Book is an invaluable guide to the world's literature on sampling and provides a timely and much needed focus on what is a diverse and important subject. Based on an exhaustive search of the world's literature, this index contains bibliographic references to journal articles, patents, conference proceedings, books, technical reports and standards. Details of databases searched and outlines are provided as to how the searches were conducted to facilitate update of the data by users of the index. The material contained in this source book has been assessed by specialists in sampling operations; assuring relevance of the material included. Comprehensive lists of suppliers of sampling equipment, consultants and professional bodies with expertise and interests in sampling are also presented.
