Presented as a series of vignettes, in the tradition of Sandra Cisneros' Young Adult classic *The House on Mango Street*, it tells of Michael's coming of age in a year which brings him grief and romance; and of the place he lives in Western Sydney where 'those who don't know any better drive through the neighbourhood and lock their car doors', and those who do, flourish in its mix of cultures. Through his perceptions, the reader becomes familiar with Michael's community and its surroundings, the unsettled life of his family, the girl he meets at the local pool, the friends that gather in the McDonalds parking lot at night, the white Pontiac Trans Am that lights up his life like a magical talisman.

Landscape and Infrastructure Jan 11 2022 Landscape and Infrastructure examines the relationships between landscape painting and landscape design from the seventeenth century to the present, and contemporary infrastructure projects around the globe. These seemingly disparate subjects are united by a shared concern for the pastoral middle ground; a traditionally productive landscape. By focusing an art-historical lens on pre-industrial productive systems and the effects of the Industrial Revolution on the pastoral landscape tradition, we can gain a better understanding of how to weave new approaches to productive infrastructure systems (such as power generation, water filtration and food production) into our contemporary landscapes. With rising demand for clean energy, clean water, and locally-grown food, this study offers a historical perspective on how such systems can be integrated into our suburban and urban areas. Vestigial elements of the pastoral tradition have long held aesthetic sway in our suburbs, cities and national parks, both in Britain and America. Now, as new energy and water related projects encroach on these spaces, remnants of the pastoral play a crucial role in convincing neighborhood residents, municipal leaders, and energy companies or water authorities of the benefits of a neighboring infrastructure. This book investigates the history of that tradition and highlights the advantages it brings as we re-imagine infrastructure in the twenty-first century.

High Achiever May 03 2021 NATIONAL BESTSELLER • An up-close portrait of the mind of an addict and a life unraveled by narcotics—a memoir of captivating urgency and surprising humor that puts a human face on the opioid crisis. “Raw, brutal, and shocking. Move over, Orange Is the New Black.”—Amy Dresner, author of My Fair Junkie When word got out that Tiffany Jenkins was withdrawing from opiates on the floor of a jail cell, people in her town were shocked. Not because of the twenty felonies she’d committed, or the nature of her crimes, or even that she’d been captain of the high school cheerleading squad just a few years earlier, but because her boyfriend was a Deputy Sheriff, and his friends—their friends—were the ones who’d arrested her. A raw and twisty page-turning memoir that reads like fiction, High Achiever spans Tiffany’s life as an active opioid addict, her 120 days in a Florida jail where every officer despised what she’d done to their brother in blue, and her eventual recovery. With heart-racing urgency and unflinching honesty, Jenkins takes you inside the grips of addiction and the desperate decisions it breeds. She is a born storyteller who lived an incredible story, from blackmail by an ex-boyfriend to a soul-shattering deal with a drug dealer, and her telling brims with suspense and unexpected wit. But the true surprise is her path to recovery. Tiffany breaks through the stigma and silence to offer hope and inspiration to anyone battling the disease—whether it’s a loved one or themselves.

Heaven Is Here Feb 24 2023 Go on an unforgettable journey, with a woman who has unimaginable strength. Stephanie Nielson began sharing her life in 2005 on nieniedialogues.com, drawing readers in with her warmth and candor. She quickly attracted a loyal following that was captivated by the upbeat mother happily raising her young children, madly in love with her husband, Christian (Mr. Nielson to her readers), and filled with gratitude for her blessed life. However, everything changed in an instant on a sunny day in August 2008, when Stephanie and Christian were in a horrific plane crash. Christian was burned over 40 percent of his body, and Stephanie was on the brink of death, with burns over 80 percent of her body. She would remain in a coma for four months. In the aftermath of this harrowing tragedy, Stephanie maintained a stunning sense of humor, optimism, and resilience. She has since shared this strength of spirit with others through her blog, in magazine features, and on The Oprah Winfrey Show. Now, in this moving memoir, Stephanie tells the full, extraordinary story of her unlikely recovery and the incredible love behind it--from a riveting account of the crash to all that followed in its wake. With vivid detail, Stephanie recounts her emotional and physical journey, from her first painful days after awakening from the coma to the first time she saw her face in the mirror, the first kiss she shared with Christian after the accident, and the first time she talked to her children after their long separation. She also reflects back on life before the accident, to her happy childhood as one of nine siblings, her close-knit community and strong Mormon faith, and her fairy-tale love story, all of which became her foundation of strength as she rebuilt her life. What emerges from the wreckage of a tragic accident is a unique perspective on joy, beauty, and overcoming adversity that is as gripping as it is inspirational. Heaven Is Here is a poignant reminder of how faith and family, love and community can bolster us, sustain us, and quite literally, in some cases, save us. Praise for Heaven Is Here "In Heaven Is Here, Stephanie chronicles in harrowing detail the unspeakable tragedy that would forever alter her life. But the real story is this: Through all the tears, pain, upheaval, sadness, and struggles, it was Stephanie's faith--and the abundant love of her beautiful family--that brought her back to life. I recommend this book to anyone who needs a reminder of just how strong the human spirit is, and how instrumental faith can be in overcoming what life throws at us." --Ree Drummond, author of The Pioneer Woman Cooks "Moving and transformative, Heaven Is Here is one of those rare books that causes you to

count your blessings, and it reminds you that even in face of devastating loss, you can rebuild to become stronger. Gripping from beginning to end." --Liz Murray, author *Breaking Night* "How do you find your way back to happiness after your everyday life has been shattered?"

Stephanie paints a vivid picture of the happy life she possessed before a devastating plane crash--and how she built that happiness again. Honest, insightful, and compulsively readable, this book gave me much food for thought." --Gretchen Rubin, author of *The Happiness Project* "For anyone who wonders how they will come through a difficult time, *Heaven Is Here* proves that human beings were built to survive. Stephanie weaves a humbling and spellbinding tale of how her perfect life was upended on one beautiful afternoon. Her story is a powerful testament of the healing powers of an unyielding faith, the gift of family, and the unshakable love of her husband." --Lee Woodruff, author *In an Instant*

Would you please close my eyes? Nov 28 2020 "When a man has done what he considers his duty to his people and country, he can rest in peace. I believe I have made that effort and that is why I will sleep for eternity." —Nelson Mandela Words of a man whose story is worthy of his seat in life. There is a secret in these words that is etched deep in our fabric, but remains to be awakened in a gift exclusive to us. Your gift will never be until the stories of your life are stories of people. The risk to the gift is an obsession with the inanimate luxuries and ideas exclusive of people. I found it because my angel chanced upon me when I was dying. He was here because I am here. He was different, but differences have nothing to do with one's seat but rather providence's purpose for us. Like him, I had no choice in my life's package. We had a lifetime's opportunity to share time and space. What we do with such opportunities ultimately reveals our gift and a contentment that closes one's eyes for eternity. This is the story one little boy, who shares your fate, discovered. He is here because you are here.

That Incredible Christian Apr 14 2022 From the Introduction: "Someone said that while Dr. A. W. Tozer always sought to introduce sinners to their Savior, he longed to help saints to see the greatness of God and to experience the life of victory and joy through surrender and faith. This theme--recognizing God for who He is, giving Him the worship and honor due Him--was particularly dominant in Dr. Tozer's late writings. To know God requires first of all a right relationship to Him. It requires time, and this we must give. It requires also faith and knowledge, and this God gives us as we humbly seek Him. And because we cannot know God apart from the illuminating Holy Spirit, we must welcome Him, allowing Him to indwell and possess us. The reader will find each chapter in this book complete in itself, and one may speak to him more than another. There is, however, progression, and the greater profit will come from at least one consecutive reading. The chapters were selected to instruct the heart that seeks to "follow on to know the Lord." Such a life may not be always easy, but at last it will be all that really matters. -- Anita M. Bailey, former managing editor, the Alliance Witness

Perfect Spy Mar 21 2020 During the Vietnam War, Time reporter Pham Xuan An befriended everyone who was anyone in Saigon, including American journalists such as David Halberstam and Neil Sheehan, the CIA's William Colby, and the legendary Colonel Edward Lansdale—not to mention the most influential members of the South Vietnamese government and army. None of them ever guessed that he was also providing strategic intelligence to Hanoi, smuggling invisible ink messages into the jungle inside egg rolls. His early reports were so accurate that General Giap joked, "We are now in the U.S. war room." For more than twenty years, An lived a dangerous lie—and no one knew it because he was a master of both his jobs. After the war, An was named a Hero of the People's Army and was promoted to general—one of only two intelligence officers to ever achieve that rank. In *Perfect Spy*, Larry Berman, who An considered his official American biographer, chronicles the extraordinary life of one of the twentieth century's most fascinating spies. In doing so, he offers a new perspective on a war that continues to haunt us.

Then, in a few short years, he went from hero to villain – and when he sent Wayne Gretzky, Canada's most revered hockey player, to California, his effigy was burned and his reputation trashed. Endurance Aug 06 2021 Adventure, shipwreck, storms and survival on the high seas. ENDURANCE is the story of one of the most astonishing feats of exploration and human courage ever recorded. In 1914 Sir Ernest Shackleton and a crew of 27 men set sail for the South Atlantic on board a ship called the Endurance. The object of the expedition was to cross the Antarctic overland. In October 1915, still half a continent away from their intended base, the ship was trapped, then crushed in ice. For five months Shackleton and his men, drifting on ice packs, were castaways on one of the most savage regions of the world. This utterly gripping book, based on first-hand accounts of crew members and interviews with survivors, describes how the men survived, how they lived together in camps on the ice for 17 months until they reached land, how they were attacked by sea leopards, the diseases which they developed, and the indefatigability of the men and their lasting civility towards one another in the most adverse conditions conceivable.

Parking the Moose Jan 31 2021 A quarter-Canadian from Cleveland explores his roots--and melts your face with joy. Most American children are taught that their country is the "best." But this idea never stuck with Dave Hill, despite being born and raised in Cleveland, Ohio. His grandfather, you see, was from Canada. And every Sunday at dinner he'd remind Dave and anyone else within earshot that it was in fact Canada, this magical and mysterious land just across the mighty Lake Erie, that was the "best." So while Dave's peers kept busy with football and baseball, Dave got into hockey, developed a preference for Canadian bacon, and was well-versed in the Canadian healthcare system by age nine (okay, the last one is not true). In later years he even visited Canada a couple of times. And then, inspired by a publisher's payment of several hundred dollars (Canadian) in cash, he travelled all over the country, reconnecting with his heritage in such places as Montreal, Moose Jaw, Regina, Winnipeg, Merrickville and of course Clinton, Ontario, meeting a range of Canadians, touching things he probably shouldn't and having adventures too numerous and rich in detail to be done justice in this blurb. The result, he promises, is "the greatest Canada-based literary thrill ride of your lifetime."

Extremely Loud & Incredibly Close Mar 01 2021 Jonathan Safran Foer emerged as one of the most original writers of his generation with his best-selling debut novel, Everything Is Illuminated. Now, with humor, tenderness, and awe, he confronts the traumas of our recent history. What he discovers is solace in that most human quality, imagination. Meet Oskar Schell, an inventor, Francophile, tambourine player, Shakespearean actor, jeweler, pacifist, correspondent with Stephen Hawking and Ringo Starr. He is nine years old. And he is on an urgent, secret search through the five boroughs of New York. His mission is to find the lock that fits a mysterious key belonging to his father, who died in the World Trade Center on 9/11. An inspired innocent, Oskar is alternately endearing, exasperating, and hilarious as he careens from Central Park to Coney Island to Harlem on his search. Along the way he is always

dreaming up inventions to keep those he loves safe from harm. What about a birdseed shirt to let you fly away? What if you could actually hear everyone's heartbeat? His goal is hopeful, but the past speaks a loud warning in stories of those who've lost loved ones before. As Oskar roams New York, he encounters a motley assortment of humanity who are all survivors in their own way. He befriends a 103-year-old war reporter, a tour guide who never leaves the Empire State Building, and lovers enraptured or scorned. Ultimately, Oskar ends his journey where it began, at his father's grave. But now he is accompanied by the silent stranger who has been renting the spare room of his grandmother's apartment. They are there to dig up his father's empty coffin.

An ideal volume for those encountering Lewis Nkosi for the first time as well as for those already devoted to his work. Edited by Astrid Starck, a literary scholar, and Dag Henrichsen, a historian. “Much has happened to me that is worth narrating, worth celebrating, in spite of the regrets and sorrows of exile. My life began under Apartheid until I attained the age of 22, and then subsequently lived in many places and societies, in Central Africa, Britain, the United States, Poland, and during a brief sojourn, in France and, finally, in Switzerland.”

What Got You Here Won't Get You There Feb 12 2022 Your hard work is paying off. You are doing well in your field. But there is something standing between you and the next level of achievement. That something may just be one of your own annoying habits. Perhaps one small flaw - a behaviour you barely even recognise - is the only thing that's keeping you from where you want to be. It may be that the very characteristic that you believe got you where you are - like the drive to win at all costs - is what's holding you back. As this book explains, people often do well in spite of certain habits rather than because of them - and need a "to stop" list rather than one listing what "to do". Marshall Goldsmith's expertise is in helping global leaders overcome their unconscious annoying habits and become more successful. His one-on-one coaching comes with a six-figure price tag - but in this book you get his great advice for much less. Recently named as one of the world's five most-respected executive coaches by Forbes, he has worked with over 100 major CEOs and their management teams at the world's top businesses. His clients include corporations such as Goldman Sachs, Glaxo SmithKline, Johnson and Johnson and GE.
