Developed by the National Strength and Conditioning Association (NSCA), NSCA's Essentials of Personal Training, Third Edition With HKPropel Access, is

the definitive reference for personal training professionals and students. This comprehensive guide to personal training, with contributions from leaders in the field, provides the most accurate and reliable information and guidance for current and aspiring professionals. Updated to reflect the latest research, with clear explanations of supporting scientific evidence, this edition will give readers the knowledge, skills, and abilities (KSAs) needed by modern personal training professionals. New content addresses the latest objectives found on the National Strength

and Conditioning Association's Certified Personal Trainer (NSCA-CPT) exam, maintaining this text's position as the single best resource for those preparing for the NSCA-CPT exam. NSCA's Essentials of Personal Training, Third Edition, provides guidelines for the complex process of designing safe, effective, and goal-specific resistance, aerobic, plyometric, and speed training programs for clients of all ages and fitness levels. With comprehensive coverage of various categories of unique client needs, readers will learn how to make specific modifications and

adjust exercise programs for each individual client. Multiple fitness testing protocols and norms for each component of fitness—including 10 new tests—are all presented, along with instructions that are detailed yet easy to follow. Over 200 full-color photos and accompanying instructions clearly describe and visually show proper technique for exercises and drills, including stretching, plyometrics, and stability ball exercises. There are new sections on suspension training, manual resistance training, and common types of resistance training equipment. Plus, 27 online videos,

delivered through HKPropel, demonstrate exercise technique in action, preparing readers to instruct clients through safe exercise performance. Students will also be able to complete chapter quizzes assigned by instructors through HKPropel. Study questions at the end of each chapter, written in the same style and format as those found on the NSCA-CPT exam, facilitate learning of chapter content and fully prepare candidates for exam day. Practicing professionals and aspiring professionals alike will benefit from a new appendix of advice on building a successful career as

a personal trainer. NSCA's Essentials of Personal Training, Third Edition, remains the most comprehensive resource available for personal training preparation and professional development. Unmatched in scope, this essential text continues to be a definitive reference for current and future personal trainers, exercise instructors, fitness facility and wellness center managers, and other fitness professionals. Ascencia Test Prep's mission is to help healthcare workers grow ACSM's Resources for the Personal Trainer provides a broad introduction to the field of personal training, covering both basic science topics and practical

application. It was originally designed to help people prepare for the ACSM Personal Training Certification Exam. It continues to serve that function, but the market for it has expanded to practitioners in the field looking for an additional resource, as well as in an academic setting where the book is a core text for personal training programs. When it comes to the NSCA Personal Trainer Certification Exam, you want to be prepared, and you will be with our book designed to making studying fun and easy! You don't want to waste time - and money! - taking your NSCA CPT exam twice...or more. You want to

accelerate your education, not miss opportunities for starting your future career! Every year, thousands of people think that they are ready for the NSCA CPT, but realize too late when they get their score back that they were not ready at all. They weren't incapable, and they certainly did their best, but they simply weren't studying the right way. There are a variety of methods to prepare for the NSCA CPT...and they get a variety of results. Trivium Test Prep's NSCA CPT Study Guide provides the information, secrets, and confidence needed to get you the score you need the first time around. Losing points on the NSCA

CPT can cost you precious time, money, and effort that you shouldn't have to spend. What is in the book? In our NSCA CPT study guide, you get the most comprehensive review of all tested concepts. The subjects are easy to understand, and have fully-explained example questions to ensure that you master the material. Best of all, we show you how this information will be applied on the real exam; NSCA CPT practice questions are included so that you can know, without a doubt, that you are prepared. Our study guide is streamlined and concept-driven not filled with excess junk, silly attempts

at humor, or confusing filler so you get better results through more effective study time. Why spend days or even weeks reading through meaningless junk, trying to sort out the helpful information from the fluff? We give you everything you need to know in a concise, comprehensive, and effective package. Why trust Trivium Test Prep? Our NSCA CPT study materials are created by industry and educational experts. Other study guides simply tell you what is on the test, not how that material is applied or, more importantly, HOW TO STUDY FOR IT. Trivium study

guides are different. Our dedicated professionals know how people think and learn, and have created the NSCA CPT study guide based on what research has shown to be the fastest, easiest, and most effective way to prepare for the exam. Unlike other study guides that are stamped out in a generic fashion, our NSCA CPT study guide is specifically tailored for your exact needs. We refuse to pad a study guide as a means to convince people there is more information; this is a devious trick used to make you think you are getting more, when really it's all just wasting your time. Now in a

revised, expanded, and upgraded edition, Ignite the Fire is the highly practical approach to personal training already relied on by thousands of trainers Worldwide. Repeatedly called one of the "best books for personal trainers", it provides a clear road map teaching you how to become a personal trainer, to getting a personal trainer certification, to building your career from the bottom up so you can build a clientele, your reputation, and income. -- When it comes to the ACSM CPT (Certified Personal Trainer), you want to be prepared, and you will be with our book designed to

"Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell,

himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the

Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.
