A deceptively sleepy town where ancient supernatural forces are being awakened. A local high-school girl is found murdered in a park amid horse farms and the wealthy homes of northern Westchester County, New York. The shocking manner of her death intrigues forensic psychiatrist Dani Harris. All the suspects are teenagers who were at a party with the girl—yet none remembers what happened. Could one of them be a vicious killer? Or is something more sinister afoot—something tied to an ancient evil? Across town, former NFL linebacker Tommy Gunderson finds his state-of-the-art security system has been breached by an elderly woman. Mumbling threats in Latin, she attacks him with an uncanny, preternatural strength. Before he has time to process the attack, someone close to him is implicated in the girl's murder at the park. He agrees to help—and finds himself working with Dani, the only girl who could resist his charm years ago when they were in high school. A heavy darkness is spreading. Yet a heavenly force is also at work. Dani and Tommy suspect there's more to the mystery than murder, more to their growing friendship than chance . . . and more to the evil they're facing than a mere human killer.

The basis for the hit Lifetime TV series, *Witches of East End!* Freya Beauchamp is trapped in 1692, in Salem of all places, with no recollection of her past. A powerful enemy spell has sent her spiraling away so that she is separated by centuries from her mother, Joanna, and sister, Ingrid. This is not good news for a twenty-first-century witch. Not to mention the immediate threat she faces from the

wealthy and influential Putnam family. When little Annie Putnam is one of the first to make accusations of witchcraft, her landowner father jumps at the opportunity to consolidate his power and expand his holdings in Puritan Salem Town. If Freya is caught using magic, she will be forced to relive the witch trials, and this time, her immortality will be in question. Meanwhile, twenty-first-century North Hampton has its own snares. Joanna and Norm consult the Oracle for advice, and Freddie and his pixie allies search for a missing totem that could reopen the passages of time and help bring his sister home. When Ingrid bumps into an old flame, she finds that her new love for Detective Matt Noble is in doubt. Moving between past and present, with dizzying plot twists and page-turning suspense, *Winds of Salem* is sure to bewitch fans old and new. The evil in East Salem is no longer content to hide in the shadows. The stakes—and the darkness—are rising. Dani Harris thought there wasn't much left that could surprise her after serving as a forensic psychiatrist in East Salem. And Tommy Gunderson has faced few challenges in his life that he couldn't overcome by either physical strength or his celebrity status. But as they race to uncover what's really happening behind the high walls of St. Adrian's Academy, it becomes clear that supernatural forces have been at work here for generations. And now their focus is on making sure Dani and Tommy don't interfere. When the unseen becomes seen, faith is the only weapon strong enough to fight in a battle involving not just murder and betrayal—but angels and demons. "Wiehl's latest is a truly creepy story with supernatural undertones that seem eerily real." -Romantic Times review of *Waking Hours*

Ideology has been described as the single most powerful force in modern Arab politics. In this analysis, Salem examines 20th-century nationalist, Marxist, and Islamic movements in the Arab world. He uses a multidisciplinary approach and a breadth of theoretical work from the fields of sociology, social psychology, and political science. He also draws on primary Arabic sources, examining the main works of Sati al-Husri, Michel Aflaq, Sayyid Qutb, and Antoun Saadeh.
