This bundle offers books one, two, and three in one convenient file, with over 200,000 words of reading. In CAUSE TO KILL, Homicide Detective Avery Black has been through hell. Once a top criminal defense attorney, she fell from grace when she managed to get a brilliant Harvard professor off—only to watch him kill again. She lost her husband and her daughter, and her life fell apart around her. Trying to redeem herself, Avery has turned to the other side of the law. Working her way up the ranks, she has reached Homicide Detective, to the scorn of her fellow officers, who still remember what she did, and who will always hate her. Yet even they cannot deny Avery's brilliant mind, and when a disturbing serial killer strikes fear into the heart of Boston, killing girls from elite colleges, it is Avery that they turn to. It is Avery's chance to prove herself, to finally find the redemption she craves. And yet, as she is soon to find out, Avery has come up against a killer as brilliant and daring as she. In CAUSE TO RUN, a new serial killer is stalking Boston, killing his victims in bizarre ways, taunting the police with mysterious puzzles that reference the stars. As the stakes are upped and the pressure is on, the Boston Police Department is forced to call in its most brilliant—and most controversial—homicide detective: Avery Black. Avery, still reeling from her last case, finds herself up against a rival precinct and a brilliant, cunning killer who is always one step ahead of her. She is forced to enter his dark, twisted mind as he lays clues for his next killing, and forced to look into places in her own mind she would rather not go. In CAUSE TO HIDE, bodies are being found in the outskirts of Boston, their corpses burned beyond recognition, as the police realize a new serial killer is roaming the streets. As the media converges and the pressure is upped, the Boston Police Department must turn to its most brilliant—and controversial—homicide detective: Avery Black. Avery, still trying to pick up the pieces of her own life—her budding relationship with Ramirez, her reconciliation with Rose—suddenly finds herself thrown into the most challenging case of her career. Dark psychological thrillers with heart-pounding suspense, the AVERY BLACK MYSTERY series is a riveting new series—with a beloved new character—that will leave you turning pages late into the night. Dying to Kill weaves a delicious web of suspense, thrill, and intrigue—a mystery that will leave readers coming back for more. From internationally bestselling author Sandrone Dazieri and featuring “two of the most intriguing detectives to have emerged in recent years” (Daily Mail, London) comes the “explosive” (Booklist, starred review) second thriller in the Caselli and Torre series. In Rome, a passenger train speeds into the city's main station, its first-class car full of dead bodies, the macabre discovery of which falls to Deputy Police Commissioner Colomba Caselli. The police then receive a claim of responsibility and the threat of more murders to come. But neither Caselli nor her eccentrically brilliant ally, Dante Torre, are ready to buy the terrorist link. As the two unconventional investigators chip away at what the perpetrator wants everyone to believe, they put their own lives in jeopardy. But Dante's bizarre and traumatic past enables him to see what others miss, and in this case, to connect with a kindred spirit of sorts, a woman named Giltine who also experienced an intense trauma—one from which she emerged damaged and full of murderous intent. Making her especially lethal is that the rare mental illness she suffers from has her believing she's already dead. When Colomba and Dante find themselves on the outs with law enforcement they're entirely on their own, faced with the responsibility of making sure the waters of Venice don't turn red with blood. The New York Times bestselling author of the brilliantly inventive The Word Is Murder and The Sentence Is Death returns with his third literary whodunit featuring intrepid detectives Hawthorne and Horowitz. "Horowitz is a master of misdirection, and his brilliant self-portrayal, wittily self-deprecating, carries the reader through a jolly satire on the publishing world." —Booklist When Ex-Detective Inspector Daniel Hawthorne and his sidekick, author Anthony Horowitz, are invited to an exclusive literary festival on Alderney, an idyllic island off the south coast of England, they don't expect to find themselves in the middle of murder investigation—or to be trapped with a cold-blooded killer in a remote place with a murky, haunted past. Arriving on Alderney, Hawthorne and Horowitz soon meet the festival's other guests—an eccentric gathering that includes a bestselling children's author, a French poet, a TV chef turned cookbook author, a blind psychic, and a war historian—along with a group of ornery locals embroiled in an escalating feud over a disruptive power line. When a local grandee is found dead under mysterious circumstances, Hawthorne and Horowitz become embroiled in the case. The island is locked down, no one is allowed on or off, and it soon becomes horribly clear that a murderer lurks in their midst. But who? Both a brilliant satire on the world of books and writers and an immensely enjoyable locked-room mystery, A Line to Kill is a triumph—a riddle of a story full of brilliant misdirection, beautifully set-out clues, and diabolically clever denouements. GLAAD Award-winning writer James Tynion IV (Batman, The Woods) and artist Werther Dell'Edera (Briggs Land) present the next chapter of the critically acclaimed series that showed the world a new kind of horror. Collects Something is Killing the Children #6-10. Selected by the Modern Library as one of the 100 best nonfiction books of all time From the Modern Library's new set of beautifully repackaged hardcover classics by Truman Capote—also available are Breakfast at Tiffany's and Other Voices, Other Rooms (in one volume), Portraits and Observations, and The Complete Stories Truman Capote's masterpiece, In Cold Blood, created a sensation when it was first published, serially, in The New Yorker in 1965. The intensively researched, atmospheric narrative of the lives of the Clutter family of Holcomb, Kansas, and of the two men, Richard Eugene Hickock and Perry Edward Smith, who brutally killed them on the night of November 15, 1959, is the seminal work of the “new journalism.” Perry Smith is one of the great dark characters of American literature, full of contradictory emotions. “I thought he was a very nice gentleman,” he says of Herb Clutter. “Soft-spoken. I thought so right up to the moment I cut his throat.” Told in chapters that alternate between the Clutter household and the approach of Smith and Hickock in their black Chevrolet, then between the investigation of the case and the killers' flight, Capote's account is so detailed that the reader comes to feel almost like a participant in the events. The mostly white town of Clanton in Ford County, Mississippi, reacts with shock and horror at the inhuman crime—until the girl's father acquires an assault rifle and takes justice into his own hands. For ten days, as burning crosses and the crack of sniper fire spread through the streets of Clanton, the nation sits spellbound as defense attorney Jake Brigance struggles to save his client's life—and then his own. Don't miss any of John Grisham's gripping books featuring Jake Brigance: A TIME TO KILL • SYCAMORE ROW • A TIME FOR MERCY • SPARRING PARTNERS Voted America's Best-Loved Novel in PBS's The Great American Read Harper Lee's Pulitzer Prize-winning masterpiece of honor and injustice in the deep South—and the heroism of one man in the face of blind and violent hatred One of the most cherished stories of all time, To Kill a Mockingbird has been translated into more than forty languages, sold more than forty million copies worldwide, served as the basis for an enormously popular motion picture, and was voted one of the best novels of the twentieth century by librarians across the country. A gripping, heart-wrenching, and wholly remarkable tale of coming-of-age in a South poisoned by virulent prejudice, it views a world of great beauty and savage inequities through the eyes of a young girl, as her father—a crusading local lawyer—risks everything to defend a black man unjustly accused of a terrible crime. This Oatmeal collection is a must-have for cat-lovers from Mr. Oats! The Sheriff of Frozen's Murder Cases is the second volume in The Cumberland Mountain Trilogy. Sheriff Jake Herald's career was characterized by violence, intemperate outbursts against "Outsiders" (non-Mountaineers), high-handed and perhaps illegal campaign tactics, flights of fancy wherein he extols the beauties of the mountains and the virtues of its inhabitants, incarceration and intimidation of coal camp managers, police and owners, and, some say, inveterate womanizing. He did, however, quite remarkably, find the time to solve the occasional murder case. In this volume, Jake considers running for High Sheriff while being assailed by a series of difficulties, some of them quite bizarre. Violence from a near war in West Virginia between union miners and coal company "detectives" threatens to spill over into Chinoe County, Kentucky. Two bodies are found on the same stretch of railroad track. "Italian Bank Robbers" strike a nearby town, a young school teacher is stalked, and automobiles come to Chinoe with the introduction of a yellow Duesenberg and a Bluebird Overland. The series of murder cases that Jake Herald faces, and the methods he employs, build suspense and create the dramatic tension that propels the novel to its climax, and to an unforgettable resolution that promises a love interest readers are sure to look forward to in the final novel of the Cumberland Mountain Trilogy. Stolen during the attack is the Murder Book, which contains evidence on all active cold cases. Without the book, old homicides became almost impossible to track down. A group of men dig a tunnel under the threshold of a house. Then they go and fetch a heavy, sagging object from inside the house, pull it out through the tunnel, and put it on a cow-hide to be dragged off and thrown into the offal-pit. Why should the corpse of a suicide – for that is what it is– have earned this unusual treatment? In The Curse on Self-Murder, the second volume of his three-part Suicide in the Middle Ages, Alexander Murray explores the origin of the condemnation of suicide, in a quest which leads along the most unexpected byways of medieval theology, law, mythology, and folklore –and, indeed, in some instances beyond them. At an epoch when there might be plenty of ostensible reasons for not wanting to live, the ways used to block the suicidal escape route give a unique perspective on medieval religion.
