Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy. Title shows resumes and cover letters of people who wish to enter the manufacturing field, advance in it, or exit from it into new careers. Job hunting strategies are provided, as are strategies for transferring manufacturing skills and experience to other industries. The book contains more than 100 real resumes and cover letters which target this

industry, and the purpose of the book is to give models or examples for people to use in creating their own resumes and cover letters tailored to the manufacturing industry. Readers will find resumes of machine operator, product design director, production foreman, quality engineer, shipping and receiving manager, tool and die maker, tire builder, welder, team leader, assembler, maintenance supervisor, and many other jobs. This book will be of enormous help to people seeking employment in the manufacturing sector and to people who desire to transfer knowledge gained in a manufacturing environment into new occupational areas. This is the most complete career resource guide book for engineers dealing with the non-technical side of engineering. It provides career advice for engineers at all stages of their careers, whether newly graduated, mid-career, or soon-to-be-retired. This book provides many real world, practical, proven, common sense career tips supported by actual work and

experiences/examples. Tips deal with problems the engineer may encounter with supervisors, co-workers and others in the corporation. The book provides step-by-step guidance on how to deal with career problems and come out ahead. Call from a headhunter? Layoffs getting a little too close for comfort? Hear about a great new internal opportunity? Getting out of the military? Or just frustrated and wonder if you could do better someplace else? This is the definitive guide to getting you on the market fast.
