You can know a lot about Jesus and not know him at all. We're not meant to simply know a lot of facts about Jesus. Truly knowing someone requires personal knowledge coming from being with someone over time and building trust. Knowing about someone is just the first step toward truly knowing them. It's the same with God: we come to know Him personally when we spend time with Him, when we build trust in Him, when we share our life with Him. Join Megan Fate Marshman in this eight-week invitation to respond to and really get to know Jesus in a personal and intimate way. This study through the Gospel of John will focus on dissecting His seven "I Am" statements, where we come to learn what Jesus wants us to know most about His character and love for us. This study guide includes: Individual access to eight streaming video talks from Megan Group discussion questions and an opening group activity for each session In-depth personal Bible study between sessions Reading plan through the entire Gospel of John Scripture memory cards and coloring pages The Beautiful Word Bible Study Series helps you connect God's Word to your daily life through vibrant video teaching, group discussion, and deep personal study that includes verse-by-verse reading, Scripture memory, coloring pages, and encouragement to receive your own beautiful Word from God. In each study, a central theme—a beautiful word—threads throughout the book, helping you connect and apply each book of the Bible to your daily life today, and forever. This study guide has everything you need for a full Bible study experience, including: The study guide itself—with discussion questions, group activities, personal Bible study, a Gospel of John reading plan, scripture memory cards, and coloring pages. But, for every tale, there is a different slant, a different set of characters, and a different drama unfolding. In the stories between the covers of this book, are characters who live only in the imagination of the author. Based upon reality, of course, but placed in their own settings, the stories are made up from the fabric of the human raw materials we each carry with us from Life's experiences. Aligned to state and national The revolutionary guide that challenged businesses around the world to stop selling to their buyers and start answering their questions to get results; revised and updated to address new technology, trends, the continuous evolution of the digital consumer, and much more In today's digital age, the traditional sales funnel—marketing at the top, sales in the middle, customer service at the bottom—is no longer effective. To be successful, businesses must obsess over the questions, concerns, and problems their buyers have, and address them as honestly and as thoroughly as possible. Every day, buyers turn to search engines to ask billions of questions. Having the answers they need can attract thousands of potential buyers to your company—but only if your content strategy puts your answers at the top of those search results. It's a simple and powerful equation that produces growth and success: They Ask, You Answer. Using these principles, author Marcus Sheridan led his struggling pool company from the bleak depths of the housing crash of 2008 to become one of the largest pool installers in the United States. Discover how his proven strategy can work for your business and master the principles of inbound and content marketing that have empowered thousands of companies to achieve exceptional growth. They Ask, You Answer is a straightforward guide filled with practical tactics and insights for transforming your marketing strategy. This new edition has been fully revised and updated to reflect the evolution of content marketing and the increasing demands of today's internet-savvy buyers. New chapters explore the impact of technology, conversational marketing, the essential elements every business website should possess, the rise of video, and new stories from companies that have achieved remarkable results with They Ask, You Answer. Upon reading this book, you will know: How to build trust with buyers through content and video. How to turn your web presence into a magnet for qualified buyers. What works and what doesn't through new case studies, featuring real-world results from companies that have embraced these principles. Why you need to think of your business as a media company, instead of relying on more traditional (and ineffective) ways of advertising and marketing. How to achieve buy-in at your company and truly embrace a culture of content and video. How to transform your current customer base into loyal brand advocates for your company. They Ask, You Answer is a must-have resource for companies that want a fresh approach to marketing and sales that is proven to generate more traffic, leads, and sales. The author of Forever Undecided, Raymond Smullyan continues to delight and astonish us with his gift for making available, in the thoroughly pleasurable form of puzzles, some of the most important mathematical thinking of our time.
