Turfgrass Management Information Directory Jul 07 2021

"Designed to bring together sources of turfgrass information into a single publication. Anyone who needs to know university and green industry contacts, certification and teaching programs, publications, diagnostic labs and soil testing facilities, and much more, will benefit by having this reference." □Dr. Jeff Nus

Almanac of Federal PACs Feb 14 2022

Grass Tennis Courts Aug 20 2022 This work looks at the construction and maintenance of grass tennis courts. Published in partnership with the All-England Lawn Tennis Club, Wimbledon, the book is an authoritative guide on the construction and maintenance of grass tennis courts at all levels of the game. It provides comprehensive coverage of modern scientifically-based turf cultural practices and shows how they can be applied in the production and management of a natural turf surface for tennis.

Ransomes Sims and Jefferies Oct 18 2019 Ransomes of

Ipswich was at the forefront of the agricultural engineering and grass-cutting industries in Britain. In the course of their 200-year history they were responsible for many innovations including the self-sharpening ploughshare and the world's first self-moving agricultural machine. They manufactured the world's first lawn mower and were renowned for steam engines and threshers. They built tractors and trolleybuses, combines and reach trucks; they provided Britain's tillage implements and they exported throughout the world. Using over 300 illustrations, a quarter in colour, this book provides a vivid picture of Ransomes and in particular their contribution to 20th-century farm machinery. The text is authoritative, full of detail and useful information for a wide range of enthusiasts, whether their interests are match ploughing, MG tractors, grass-maintenance machinery or combines.
