Guarding the Single Mother Jul 04 2021 Retired Navy SEAL, Clint Backwater, enjoys his solitary life as owner of the Ask Questions Later gun range. It's the kind of place you find because you know a guy. So when Leila Ortiz, a petite woman with a "baby on board" sticker on the back of her car—and an 18-month-old boy in her arms—shows up at the range, panicked and desperate for a gun, he knows something is wrong. Having grown up in the foster system, Clint has seen what happens when you let yourself get too invested—things get messy, people leave. He made himself a promise to never get emotionally involved again, but the former SEAL in him feels the tug to help this woman and her child. Leila's ex-husband is being released from prison early on good behavior and she found out too late. He was supposed to serve five years, not two, and Leila is unprepared to protect herself and her son. She promised him they'd never run again—they've made a nice life for themselves

and the last thing she wants to do is leave it all behind. When Clint refuses to give Leila a gun without lessons, she agrees to return to the range to learn. At first, Leila won't say why she's so desperate for protection, but when the threats from her ex escalate, it becomes clear what she's afraid of. Clint is a loner. Always has been, always will be. So when Leila and her little son enter his life, it hits him—hard— maybe being alone isn't what he needs. Still, having his solitary life disrupted when he invites the little family into his home is a bit tougher to take than he thought. With Leila and her son in danger, though, he'll do whatever it takes to keep them safe—even putting up with stray toys and changing a nappy or two. But the biggest danger might be to his heart, when it starts to look like the safest thing for Leila and her baby might be to leave her problems—and her budding relationship with Clint—behind.

Cathures Jan 22 2023 Edwin Morgan was appointed Poet Laureate of Glasgow in 1999, and many of these poems reflect the life of the city both now and in the past. But equally the poetry moves to other places and other worlds. A sequence of poems about a demon allows the mind to expatiate on a wide range of subjects, social, psychological, philosophical. Some of the poems have been set to music, both jazz and classical. In many ways it is a book of voices and observation, a book of accessible storytelling.

Wild War Dec 29 2020 As soon as I saw him, it was war.

I thought at first it would be between me and him. Cade was cold and hard and didn't want anything to do with the headmaster's daughter. I was off-limits. He didn't need that kind of trouble. I didn't need that kind of trouble, either. And since I did my best to avoid any kind of trouble, that should have been the end of it. But when I saw him, he also saw me. All of me. The lonely parts. The dark parts. The secret parts. He became my ally. I lost the battle with myself and fell in love despite the risk. But the war isn't over for either of us. Not as long as my father is alive.?

Just Parker Oct 27 2020 They say hate is a strong word,

but Eileen Parker is certainly no stranger to it. Parker hates her first name, hates her apartment, hates her life.

Which, sure, sounds a bit cynical, but after the life that she's led so far, you really can't blame her. With her sophomore year of college overshadowed by

circumstances that she never expected, Parker just wants to keep her head down, pass her classes, and take care of the responsibilities that are threatening to destroy her.

And then she meets Ash. Ashton Carter is working to fix the messes that he's made, but he's still struggling with dark memories of a night that changed his life. He's definitely not looking for someone to spend forever with, but when he meets Parker, his life changes once again. It doesn't bother him that Parker adamantly refuses to admit to the chemistry between them, or that she's determined to keep him at arms length. Ash is convinced that Parker

is everything he never knew he needed, and he's not about to let her slip away. Fighting against overwhelming insecurities and secrets that feel too big to share, the two must make a choice. They can keep running from their pasts, or they can confront them and face their future together. ***This is the first book in a series of standalone novels. Due to adult language/situations and mild drug use, this book is recommended for readers 18+.

exercises can also be used as a fundamental, dynamic warm-up for not only common recreational play, but also youth athletic training. The DNS exercise app explains the developmental exercise positions to children in a fun, relatable manner, comparing them with the way animals characteristically move and pose. The concise text and colorful illustrations help to explain not only how the child ought to move, but also what they should feel during each movement or position. Of course, these also describe how to detect and correct errors and movement faults typically found with each exercise. Furthermore, in order to help train exercise transitions, movement memory, mimicry, and team exercise (while also incorporating speech development), the DNS app has included a variety of rhythmic songs that are meant to be sung along with every global movement routine. By incorporating both animal imagery and catchy songs into each routine, the DNS Fit Kid App motivates children to exercise regularly in a pleasurable, playful way, while also emphasizing DNS principles like optimal posture and ideal movement coordination.

Intermediate Microeconomics Jun 15 2022 Intermediate Microeconomics offers a clear and concise treatment of microeconomic principles in a useful pedagogic framework. The mathematical level is approachable and uses basic algebra with extensions to calculus where it helps the analysis. The book is also strongly applied in focus and shows the relevance of theory in the "real

world". Whilst these features make the book approachable to students, the theoretical content and overall learning experience is a rigorous one. In this adapted edition Peter Luke and Michael Wood have been brought in to adapt the text for the UK, European and South African market. Applications features in the book have been internationalised, and the European Social Model/US-UK model debate on the macroeconomy discussed at a micro level. This book is designed for students specifically studying economics at an undergraduate or postgraduate level such as MBA within the UK and EU in general, and South Africa. These students would be predominantly second-year students who have already taken an introductory course in microeconomics.

Founded on Goodbye Mar 20 2020 His songs were better when he had a broken heart. That sentence would change

my life after my dream job was dished to me on a shiny, silver platter. All I had to do? Hurt Nash Pierce enough to get him writing good music again. The pop icon's songs were no longer the phenomena they used to be. His team needed another breakthrough album--like the first he'd penned, using his heartbreak as fuel. The plan was simple: I'd go on tour with him as a backup dancer...and make him fall in love with me. I was hired to inspire--to become embedded into every lyric he wrote. Then, I was to set fire to it all--to destroy every feeling we hoped he'd develop for me. It seemed simple enough. Easy, even. I didn't expect to be consumed myself--to see so much in the man displayed in the tabloids. I didn't foresee falling for him. It didn't occur to me that, while attempting to break his heart, I might just shatter my own. Most of all, I never thought I'd fight so hard to hold on to a relationship that had always been founded on goodbye.
