The Hatchet, Published on the High Seas Oct 23 2020

**Western Medical Review** Sep 21 2020

The World and the Parish Nov 11 2019 "One of the few really helpful words I ever heard from an older writer," Willa Cather declared in 1922, "I had from Sarah Orne Jewett when she said to me: 'Of course, one day you will write about your own country. In the meantime, get all you can. One must know the world so well before one can know the parish.'" Although Cather's first novel about her own country, *O Pioneers!*, did not appear until 1913, the process of knowing the world and of mastering her craft, so far as it can be traced in her published writing, already had been going on for some twenty years. *The World and the Parish: Willa Cather's Articles and Reviews, 1893-1902*, is the fourth in a series collecting the work of these years of experiment and discovery. More specifically, it offers a representative collection of Cather's nonfiction writing for newspapers and periodicals during her first decade as a professional writer. Selected from 520 articles and columns, the text is divided into three parts corresponding to major developments in Cather's career—the period from 1893 to 1896 when she first began to write regularly for Lincoln newspapers; the years in Pittsburgh when she was working for the *Home Monthly* and the *Leader* and sending her famous "Passing Show" column back to Nebraska; and the period from the spring of 1900 to 1903, when she freelanced in Pittsburgh and Washington, taught in a Pittsburgh high school, and made her first trip abroad. The text has been edited with three main objectives: 1) to enable the reader to trace Cather's development as a writer; 2) to group the material so that the reader interested in a

particular subject?the theatre, or music, or literature, for example?can readily locate pertinent selections; and 3) to provide a context sufficient to relate these pieces to Willa Cather's life and to the times, and to suggest some of their connections with the body of her work. Chronologies have been included for each of the three parts; and the Bibliography is the most complete yet available for the for the nonfiction writing up to 1903. Not the least remarkable feature of this collection is the range and variety of forms and subject matter?reviews (of books, plays, operas, concerts, art exhibits, lectures), feature stories, interviews, straight reportage, columns of miscellaneous comment, and travel letters. Seemingly, with no apparent effort Willa Cather could adjust her sights to any assignment and any audience. And if it is astonishing that she could write so much about so many matters at so many levels, it is perhaps even more astonishing that so much of it was so good. Undeniably, however, the chief interest to the general reader and the peculiar value to the scholar of these journalistic writings reside in their manifold and crucial connections with Cather's later work and in the unparalleled insights they afford into the process by which a gifted writer becomes a great artist.

**The Atmospherians** Oct 03 2021 “Darkly funny and glitteringly satirical, *The Atmospherians* unforgettably takes aim at wokeness, wellness, and toxic masculinity.” —Esquire This “edgy, addictive” (Kirkus Reviews, starred review) satire about two best friends who form *The Atmosphere*—a cult designed to reform problematic men—is “a book to be devoured” (Vanity Fair). Sasha Marcus was once the epitome of contemporary success: an internet sensation, social media darling, and a creator of a high-profile wellness brand for women. But a confrontation with an abusive troll has taken a horrifying turn, and now she’s at rock bottom: canceled and doxxed online, isolated in her apartment while men’s rights protestors rage outside. Sasha confides in her oldest childhood friend, Dyson—a failed actor with a history of body issues—who hatches a plan for her to restore her reputation

by becoming the face of his new business venture, *The Atmosphere*: a rehabilitation community for men. Based in an abandoned summer camp and billed as a workshop for job training, it is actually a rigorous program designed to rid men of their toxic masculinity. Sasha has little choice but to accept. But what horrors await her as the resident female leader of a crew of washed up, desperate men? And what exactly does Dyson want? Explosive, dazzling, and wickedly funny, *The Atmospherians* is “a book written with this exact cultural moment in mind” (Oprah Daily).

**Five Months in Berlin** Sep 02 2021 In 1946, Edgar N. Johnson, later Professor of European History at the University of Nebraska, served as a political advisor for the American military government in Berlin. In diary-like letters, he described his meetings with important actors in American occupation politics such as General Lucius D. Clay, many representatives of the other occupying powers, and leading German political and cultural figures.

*Me and My Girl* Nov 16 2022 In love with her best friends boyfriend, Matise Jackson finally gets the chance to act on her hearts desire and must decide whether or not to rip apart a happy home or spend the rest of her life wondering what could have been.

The Poet-Hero in the Work of Byron and Shelley Aug 21 2020

Byron's and Shelley's experimentation with the possibilities and pitfalls of poetic heroism unites their work. *The Poet-Hero in the Work of Byron and Shelley* traces the evolution of the poet-hero in the work of both poets, revealing that the struggle to find words adequate to the poet's imaginative vision and historical circumstance is their central poetic achievement. Madeleine Callaghan explores the different types of poetic heroism that evolve in Byron's and Shelley's poetry and drama. Both poets

experiment with, challenge and embrace a variety of poetic forms and genres, and this book discusses such generic exploration in the light of their developing versions of the poet-hero. The heroism of the poet, as an idea, an ideal and an illusion, undergoes many different incarnations and definitions as both poets shape distinctive and changing conceptions of the hero throughout their careers.

**Heroic Hearts** Aug 13 2022 "Heroic Hearts: Sentiment, Saints, and Authority in Modern France examines how young women, authorized by a widespread cultural discourse that privileged public action over love and marriage, sought to change the world"--

**Love, Power, and Gender in Seventeenth-Century French**

**Fairy Tales** Jul 12 2022 Love is a key ingredient in the stereotypical fairy-tale ending in which everyone lives happily ever

after. This romantic formula continues to influence contemporary ideas about love and marriage, but it ignores the history of love as an emotion that shapes and is shaped by hierarchies of power including gender, class, education, and social status. This interdisciplinary study questions the idealization of love as the ultimate happy ending by showing how the conteuses, the women writers who dominated the first French fairy-tale vogue in the 1690s, used the fairy-tale genre to critique the power dynamics of courtship and marriage. Their tales do not sit comfortably in the fairy-tale canon as they explore the good, the bad, and the ugly effects of love and marriage on the lives of their heroines. Bronwyn Reddan argues that the conteuses' scripts for love emphasize the importance of gender in determining the "right" way to love in seventeenth-century France. Their version of fairy-tale love is historical and contingent rather than universal and timeless. This conversation about love compels revision of the happily-ever-after narrative and offers incisive commentary on the gendered scripts for the performance of love in courtship and marriage in seventeenth-century France.
