Casenote Legal Briefs for Commercial Law, Keyed to Lopucki, Warren, Keating, and Mann
Apr 13 2022 After your casebook, a Casenote Legal Brief is your most important reference source for the entire semester. The series is trusted for its expert summary of the principal cases in your casebook. Its proven reliability makes Casenote Legal Briefs the most popular case brief series available. With more than 100 titles keyed to the current editions of major casebooks, you know you can find the help you need. The brief for each case saves you time and helps you retain important issues. Each brief has a succinct statement of the rule of

law/black letter law, description of the facts, and important points of the holding and decision. Quicknotes are short definitions of the legal terms used at the end of each brief. Use the Glossary in the end of your text to define common Latin legal terms. Such an overview, combined with case analysis, helps broaden your understanding and supports you in classroom discussion. Each title is keyed to the current edition of a specific casebook; it is your trusted guide to the text throughout the semester. The brief for each principal case in the casebook saves you time and helps you retain important issues. Each brief has a succinct statement of the rule of law/black letter law, description of the facts, important points of the holding and decision, and concurrences and dissents included in the casebook excerpt. This overview is combined with a short analysis: all to help you broaden your understanding and support you in classroom discussion. Quicknotes at end of each brief give you short definitions of the legal terms used. A handy Glossary of common Latin words and phrases is included in every Casenote. Detailed instruction on how to brief a case is provided for you. A free Quick Course

Outline accompanies all Casenote Legal Briefs in these course areas: Civil Procedure, Constitutional Law, Contracts, Criminal Law, Criminal Procedure, Evidence, Property, and Torts.

The First Expedition to Mount Everest (Illustrated Edition) Feb 17 2020 This eBook has been formatted to the highest digital standards and adjusted for readability on all devices. The 1921 British Mount Everest reconnaissance expedition set off to explore how it might be possible to get to the vicinity of Mount Everest, to reconnoiter possible routes for ascending the mountain, and – if possible – make the first ascent of the highest mountain in the world. A feasible route was discovered from the east up the Kharta Glacier and then crossing the Lhakpa La pass north east of Everest. It was then necessary to descend to the East Rongbuk Glacier before climbing again to Everest's North Col. Initially the expedition explored from the north and discovered the main Rongbuk Glacier, only to find that it seemed to provide no likely

routes to the summit. However, at the time it was not realised that the East Rongbuk glacier actually flowed into the Rongbuk glacier – it was thought it descended away to the east. As a reconnaissance the expedition was a success because it determined that a good route might be to approach the East Rongbuk glacier via the Rongbuk glacier, and then follow the North Col route to the summit.

The Big Adventures of Tiny House Feb 23 2023 The adventure begins when an old farmhouse gets salvaged and recycled into Tiny, a snug little house with a big heart -- and WHEELS! With the help of Big Truck, Tiny sets off across America to discover if he is still a real home. Tiny makes friends on the road, like Shiny the Airstream, Waverly the houseboat, and Buster the skoolie. He even goes to a jamboree! After thousands of miles, Tiny discovers that home isn't a place...it's a feeling in your heart. The irresistible rhymes and delightfully detailed illustrations in this new classic from the creators of Sun Kisses, Moon Hugs are sure to enchant children - and the book's gentle messages about sustainable living and working together will delight parents and teachers as well.

A Guide to Chicago's Historic Suburbs on Wheels and on Foot (Lake, McHenry, Kane, DuPage, Will & Cook Counties) Aug 25 2020 Photographs and text celebrate the historic sections of the Chicago Metropolitan Area, focusing on landmark buildings, parks, shops, museums, and theaters.

The Prairie Traveler: A Hand-book for Overland Expeditions Dec 09 2021 'The Prairie Traveler' is a travel guidebook to the western trails, written by Randolph Barnes Marcy. He was an officer in the United States Army. This book became a key handbook for the thousands of Americans wanting to cross the continent. It was written based on his own extensive experience of "more than thirty years of service in the United States Army, a large portion of the time on the frontiers" and in the mountains, deserts, and prairies, the book provided authoritative advice about reconnaissance, fieldcraft, provisions, and healthcare, that would save many lives on

these perilous routes. It covered key topics like hunting and tracking, food and water supply, as well as specialist advice about the selection of horses, the avoiding of quicksands, the interpreting of smoke signals and sign language, and numerous other issues. 'The Prairie Traveler' was one of the best-selling books in the U.S. in the 19th century.

MOUNT EVEREST - The First Expedition of 1921 (Illustrated Edition) Mar 20 2020 The 1921 British Mount Everest reconnaissance expedition set off to explore how it might be possible to get to the vicinity of Mount Everest, to reconnoiter possible routes for ascending the mountain, and – if possible – make the first ascent of the highest mountain in the world. A feasible route was discovered from the east up the Kharta Glacier and then crossing the Lhakpa La pass

north east of Everest. It was then necessary to descend to the East Rongbuk Glacier before climbing again to Everest's North Col. Initially the expedition explored from the north and discovered the main Rongbuk Glacier, only to find that it seemed to provide no likely routes to the summit. However, at the time it was not realised that the East Rongbuk glacier actually flowed into the Rongbuk glacier – it was thought it descended away to the east. As a reconnaissance the expedition was a success because it determined that a good route might be to approach the East Rongbuk glacier via the Rongbuk glacier, and then follow the North Col route to the summit.

Heaven on Wheels Dec 17 2019 To see Britain through the eyes of Firdaus Kanga is a rare revelation. It is a view, as he says himself, gained "from one eye misted with Anglophilia and the other clear and wide open". Firdaus arrived in London for the first time prior to publication of his first autobiographical novel, "Trying To Grow", an account of a Parsee childhood in Bombay in which a congenital condition characterized by brittle bones left him disabled but undaunted.;Firdaus has always found that one of the bizarre consequences of his situation

is that people tend to tell him things about themselves that they would not readily tell anyone else. As evidenced in "Heaven on Wheels", this proved the case everywhere from London literary circle to Bradford Pakistani community centre, from Birkenhead ferry to Edinburgh gay bar. In return, Firdaus has not hesitated to speak as he finds Britain in this unprecedented tour by rail and wheelchair round historic places, regional politics, colour and cultural prejudice, disabled facilities and bookshops - general, gay and Glastonbury-spiritualist. It is a journey through England, Wales and Scotland that branches out unpredictably - ideologically and geographically - with

Of Wings and Wheels Jun 22 2020 "This study examines the physical form and cultic function of the biblical cherubim. Previous studies of the cherubim have placed too great an emphasis on archaeological and etymological data. This monograph presents a new synthetic study, which prioritizes the evidence supplied by the biblical texts. Biblical exegesis, using literary and historical-critical methods, forms the large part of the investigation (Part I). The findings arising from the exegetical discussion provide the basis upon which

comparison with etymological and archaeological data is made (Parts II and III). The results suggest that traditions envisaging the cherubim as tutelary winged quadrupeds, with one head and one set of wings, were supplanted by traditions that conceived of them as more enigmatic, obeisant beings."--BOOK JACKET.

Blood Memory Nov 08 2021 From the author of the New York Times bestselling Natchez Burning Trilogy, and hailed by Dan Brown (The Da Vinci Code) for his "utterly consuming" suspense fiction, Greg Iles melds forensic detail with penetrating insight into the heart of a killer in a southern town. Some memories live deep in the soul, indelible and dangerous, waiting to be

resurrected... Forensic expert "Cat" Ferry is suspended from an FBI task force when the world-class odontologist is inexplicably stricken with panic attacks and blackouts while investigating a chain of brutal murders. Returning to her Mississippi hometown, Cat finds herself battling with alcohol, plagued by nightmares, and entangled with a married detective. Then, in her childhood bedroom, some spilled chemicals reveal two bloody footprints...and the trauma of her father's murder years earlier comes flooding back. Facing the secrets of her past, Cat races to connect them to a killer's present-day violence. But what emerges is the frightening possibility that Cat herself has blood on her hands...

Two Wheels South May 22 2020 Go on the trip of a lifetime. Two Wheels South shows you how to realize your own journey. Two friends take the motorcycle trip of their life--From Brooklyn to Patagonia. Matias Corea shares his insights on how to prepare, choose the right motorcycle, what to pack, how to plan the route, where to camp and last but not least: How to prepare your mind. Setbacks and breaking down are part of the adventure, but preparation and being on the road teach you the confidence to tackle any problem. Follow Matias Corea and his friend Joel through the American South, Central America over the Darien Gap and beyond, over wooden cracking jungle bridges in Colombia and to dry lake high plateaus in Argentina. Feel the character of the roads and the smell of nature: Riding a motorcycle is one of the purest forms of traveling. After 7 months and 13 countries Matias and Joel have learned a lot while riding down south on their trusty BMW air-cooled G / S overland haulers and are ready to share their experience. Two Wheels South invites you on the experience of a lifetime.

Miss Pickerell Goes to the Arctic Feb 28 2021 This work presents an incredible story of Miss Pickerell, who goes to the Arctic wearing skin boots, and a parka, carrying her famous umbrella. She goes there with a snowmobile to save a lost weather expedition. But when she and her partners run out of fuel, they are forced to deal with the harsh Arctic weather on their own, with minimal supplies.

Wheels, Life, and Other Mathematical Amusements Oct 07 2021 'Martin Gardner is an amateur magician, but, putting in the shade all his sleight-of-hand, is the magic whereby he can take any mathematical subject and make it impossible for me to stop reading till he stops writing- whether I know anything about the subject to begin with or not. And when he does stop, I complain. In WHEELS, the prestidigitating master is better than ever.' -Isaac Asimov

Lee Jun 03 2021 Generals Grant and Sherman shared a deep mutual respect and worked closely together throughout the war, keeping in almost daily communication.

Popular Mechanics Jun 15 2022

Wheels Within Wheels May 02 2021 Any conventional account of the life Edward Montagu, 3rd Baron Montagu of Beaulieu, would tell of his passion for motorcars, his setting up of the National Motor Museum at Beaulieu in Hampshire, his accession to the Montagu barony at the age of three (his father had been a pioneer motorist and Conservative MP), his attendance at the House of Lords for more than fifty years), and his Chairmanship of English Heritage. But his Who's Who entry makes no mention of an event in his life in the mid-1950s that was instrumental in a reform of the law on homosexuality. In WHEELS UPON WHEELS Montagu reveals for the first time what happened in 1952 when he was arrested - along with the journalist Peter Wildeblood (died in 1999) - on charges that lead to his trial and ultimate imprisonment. Montagu discusses for the very first time with frankness - and humour - his own sexuality, how he first realised his own sexual preferences were 'ambidextrous' and how he used his position

as a Peer to campaign for a royal commission - eventually set up by Harold Macmillan under Lord Wolfenden - that led to the law being changed. These memoirs benefit from the memories and diaries kept by his mother, who only

Hell on Wheels Nov 20 2022 A fascinating look at the rise and growing popularity of the automobile during the first half of twentieth-century America, which brought with it a dark undercurrent. On the one hand, Americans embraced the newfound sense of freedom and mobility embodied by the automobile; on the other, they grew increasingly anxious about and fearful of the enormous threat that cars--and car accidents--posed to public safety.
