*Seven Masters of Supernatural Fiction* Aug 06 2021 An unusual grouping of writers, this insightful study includes some, like Henry James, who are indisputably leaders of the "canon" regardless of genre, and others, like Algernon Blackwood, who wrote almost exclusively in the supernatural; all, however, were clearly masters of this genre. The seven chapters, respectively on J. Sheridan Le Fanu, Henry James, M. R. James, Algernon Blackwood, Arthur Machen, Walter de la Mare, and Marjorie Bowen, each examine plot, character, mood, and setting in a

traditional sense, sparked by personal observations and unique comparisons. Each is preceded by a biographical sketch and documented by bibliography and notes. For some, these chapters may be the fullest accounts ever published. All demonstrate the happy combination of a scholar's insights and a fan's enthusiasm.

[He Descended into Hell](#) Dec 10 2021 The Apostles' Creed is one of the most prominent creeds in Christianity, perhaps even the most recited creed by normal believers in church services. However, the creed holds a clause that seems controversial to Christian mission in some contexts, especially African contexts. The clause, "He descended into Hell," is the main concern of this book. In African context, where ancestral cult is prominent in both people's worldview and practice, this clause poses a tangible problem of religious syncretism. The phrase suggests a life after immediate death, that a person can continue to live in a certain realm soon after

death. Since the clause depicts Jesus descending into hell after death and burial, and preaching to the other souls of the dead in hell, it suggests the possibility of hearing a message of salvation after death, a doctrine hardly held by Christianity. The doctrine therefore becomes good news for those Africans who hold firm the ancestral cult, and those whose relatives had died in sin on earth. Therefore, this book critically examines the origin and use of this doctrine in the church and its validity in an African context.

**Damned Nation** Jun 16 2022 hell and eternal damnation. The fear of fire and brimstone and the worm that never dies exerted a profound and lasting influence on Americans' ideas about themselves, their neighbors, and the rest of the world. Kathryn Gin Lum poses a number of vital questions: Why did the fear of hell survive Enlightenment critiques in America, after largely subsiding in Europe and elsewhere? What were the consequences for early and antebellum

Americans of living with the fear of seeing themselves and many people they knew eternally damned? How did they live under the weighty obligation to save as many souls as possible? What about those who rejected this sense of obligation and fear? Gin Lum shows that beneath early Americans' vaunted millennial optimism lurked a pervasive anxiety: that rather than being favored by God, they and their nation might be the object of divine wrath.

**The Theological Works of Herbert Thorndike** Dec 30 2020

*Carnegie Institution of Washington Publication*  
May 03 2021

The Trinity and Theodicy Nov 28 2020 Why does God permit the great suffering and evil that we see in our world? This basic question of human existence receives a fresh answer in this book as the mystery of evil is explored in the context of the mystery of the Trinity. God's permission of evil and the way in which suffering can lead human persons into the life of the Trinity are

discussed in dialogue with the great Swiss theologian Hans Urs von Balthasar. In the light of Balthasar's model of the Trinity as divine self-giving love, we gain a profound grasp of the nature of suffering in human life by placing our suffering in the context of the divine life of the Triune God.

Summa Theologiae: Volume 54, The Passion of Christ Jun 04 2021 Paperback reissue of one volume of the English Dominicans' Latin/English edition of Thomas Aquinas' Summa Theologiae.  
**Encyclopedia of Comparative Iconography** Jul 05 2021 First published in 1998. Routledge is an imprint of Taylor & Francis, an informa company.

*7th Son: Descent* Jan 23 2023 As America reels from the bizarre presidential assassination committed by a child, seven men are abducted from their normal lives and delivered to a secret government facility. Each man has his own career, his own specialty. All are identical in appearance. The seven strangers were grown---unwitting human clones---as part of a project called 7th Son. The government now wants

something from these "John Michael Smiths." They share the flesh as well as the implanted memories of the psychopath responsible for the president's murder. The killer has bigger plans, and only these seven have the unique qualifications to track and stop him. But when their progenitor makes the battle personal, it becomes clear he may know the seven better than they know themselves.

### **One of the Trinity Has Suffered: Balthasar's Theology of Divine Suffering in Dialogue**

Nov 21 2022 Hans Urs von Balthasar's discourse on the descent of Christ into hell and its implications for the Triune God have been disputed for half a century. One of the Trinity has Suffered evaluates and revises von Balthasar's theology of divine suffering in a way that interacts with and significantly enriches contemporary Catholic theology. In this book, Joshua R. Brotherton engages twentieth-century Thomistic theology, as well as the thought of Pope Emeritus Benedict XVI (Joseph Ratzinger)

and Pope St. John Paul II. Drawing from the vast secondary literature on von Balthasar, Brotherton offers a balanced assessment of his work on the topic of divine suffering, both critical and appreciative. Recognizing von Balthasar's laudable attempt to integrate mystical spirituality and systematic theology, Brotherton seeks to distinguish valid insights from confused mixtures of metaphorical, meta-symbolic, and philosophical (metaphysical) discourse on God, particularly with respect to the classical problem of how the Creator who willed to become incarnate may be said to suffer. Truly, "One of the Trinity has suffered," and yet this mystery of faith must be carefully explained and understood in conformity with sustained Catholic reflection on divine immutability and simplicity, the dual nature and unique personhood of Christ, the Trinity of divine subsistent relations, the freedom of God in creating and becoming man, the analogy of being, the problem of evil, and the immensity

and infinite value of Christ's redemptive suffering.

**Summa Theologiae Index: Volume 61** Mar 21 2020 Paperback reissue of one volume of the English Dominicans' Latin/English edition of Thomas Aquinas' Summa Theologiae.

*Blood and Faith* Apr 21 2020 In April 1609, King Philip III of Spain signed an edict denouncing the Muslim inhabitants of Spain as heretics, traitors, and apostates. Later that year, the entire Muslim population of Spain was given three days to leave Spanish territory, on threat of death. In a brutal and traumatic exodus, entire families and communities were obliged to abandon homes and villages where they had lived for generations, leaving their property in the hands of their Christian neighbors. In Aragon and Catalonia, Muslims were escorted by

government commissioners who forced them to pay whenever they drank water from a river or took refuge in the shade. For five years the expulsion continued to grind on, until an estimated 300,000 Muslims had been removed from Spanish territory, nearly 5 percent of the total population. By 1614 Spain had successfully implemented what was then the largest act of ethnic cleansing in European history, and Muslim Spain had effectively ceased to exist. Blood and Faith is celebrated journalist Matthew Carr's riveting chronicle of this virtually unknown episode, set against the vivid historical backdrop of the history of Muslim Spain. Here is a remarkable window onto a little-known period in modern Europe—a rich and complex tale of competing faiths and beliefs, of cultural oppression and resistance against overwhelming odds.

**Words With Power** Oct 20 2022 Words with Power is the crowning achievement of the latter half of Northrop Frye's career. Portions of the

work can be found in Frye's notebooks as far back as the mid-1960s when he had just finished Anatomy of Criticism, and he completed the book shortly before his death in 1991. Beyond summing up his ideas about the relation of the Bible to Western culture, Words with Power boldly confronts a host of questions ranging from the relationship between literature and ideology to the real meaning of words like 'spirit' and 'faith.' The first half of the 'double mirror' structure looks at the language in which the Bible is written, arguing that it is identical to that of myth and metaphor. Frye suggests, therefore, that given this characteristic, the Bible should be read imaginatively rather than historically or doctrinally. However, he is also careful to point out the ways in which the Bible is more than a conventional work of fiction. The second half is an astonishing tour de force in which Frye demonstrates how both the Bible and literature revolve around four primary concerns of human life. This edition goes beyond the

original in its documentation of Frye's dazzlingly encyclopedic range of reference. Profound and searching, *Words with Power* is perhaps the most daring book of Frye's career and one of the most exciting.

**American Socialists and Evolutionary Thought, 1870-1920** May 23 2020

Reconstructs the history of scientific thought by American socialists, showing how ideas about evolution shaped the national movement and its place in the international movement. Documents the enthusiasm that lured both Marxists and non-Marxists far beyond Darwin and Spencer to a vision of inevitable progress toward socialism. Paper edition (unseen), \$24.95. Annotation copyright by Book News, Inc., Portland, OR

*The Ignatius Catholic Study Bible* Feb 18 2020

This edition does not contain study questions, or the concordance. Click here to read more about

the New Testament study bible and to download the study questions. The only Catholic Study Bible based on the Revised Standard Version 2nd Catholic Edition, the Ignatius Catholic Study Bible New Testament brings together all of the books of the New Testament and the penetrating study tools developed by renowned Bible teachers Dr. Scott Hahn and Curtis Mitch. This volume presents the written Word of God in a highly readable, accurate translation, excellent for personal and group study. Extensive study notes, topical essays and word studies provide fresh and faithful insights informed by time-tested, authentically Catholic interpretations from the Fathers of the Church and other scholars. Commentaries include the best insights of ancient, medieval and modern scholarship, and follow the Church's guidelines for biblical interpretation. Plus, each New Testament book is outlined and introduced with an essay covering questions of authorship, date of composition, intended audience and general

themes. The Ignatius Study Bible also includes handy reference materials such as a doctrinal index, a helpful cross-reference system, and various maps and charts.

Paradise Damned Feb 24 2023 Elise Kavanagh is being held captive without weapons or allies. The only way out of the garden is to kill God Himself. James Faulkner's son has been taken by Metaraon, but James is caught in Limbo and helpless to save him. An army of half-angel, half-demon hybrids is converging on the gates of Heaven, where the Union prepares for a final battle. The end has arrived.

*A Greek and English Lexicon to the New Testament ... Seventh edition, corrected. With a portrait* Sep 19 2022

**The Thought of Jonathan Edwards** Aug 18 2022 Jonathan Edwards is the greatest theologian of colonial America as well as its first important philosopher. As a theologian, he represents without any concession Calvinistic Orthodoxy, re-thought and re-lived through the

experience of the Great Awakening. The large majority of his writings are of a theological character, yet this theology is articulated and expressed through a systematic philosophical reflection. Edwardsian thought covers three major areas: First, being, grace, and glory; then, the doctrine of the will extending to the study of the original sin and evil; finally, an entirely original theory of knowledge synthesizing spirituality, aesthetics, and epistemology. The present book, the first edition of which appeared in French almost thirty years ago, is a uniquely comprehensive study of the work of Jonathan Edwards. It discusses all the aspects of his thought over against the background of classical Protestant theology and of seventeenth- and eighteenth-century Western philosophy. Our time witnesses a significant renewal of interest in Jonathan Edwards. Professor Veto's book should prove to be a major contribution to assist and to guide the readers of "America's Theologian."

Mirror of the Medieval World Jan 11 2022 The publication of this comprehensive catalogue celebrates the distinguished career of William D. Wixom at the Metropolitan. Highlighted in these pages are more than three hundred purchases and gifts, the great majority of which have been on view but many of which have remained unpublished until now. -- Metropolitan Museum of Art website.

*Hell and its Afterlife* Oct 08 2021 The notion of an infernal place of punishment for 'undesired' elements in human culture and human nature has a long history both as religious idea and as cultural metaphor. This book brings together a wide array of scholars who examine hell as an idea within the Christian tradition and its 'afterlife' in historical and contemporary imagination. Leading scholars grapple with the construction and meaning of hell in the past and investigate its modern utility as a means to describe what is perceived as horrific or undesirable in modern culture. While the idea of

an infernal region of punishment was largely developed in the context of early Jewish and Christian religious culture, it remains a central belief for some Christians in the modern world. Hell's reception (its 'afterlife') in the modern world has extended hell's meaning beyond the religious realm; hell has become a pervasive image and metaphor in political rhetoric, in popular culture, and in the media. Bringing together scholars from a variety of fields to contribute to a wider understanding of this fascinating and important cultural idea, this book will appeal to readers from historical, religious, literary and cultural perspectives.

Truth Is a Synthesis: Catholic Dogmatic Theology Feb 12 2022 In everyday parlance, synthesis is synonymous with short. Here, Mauro Gagliardi uses synthesis as it has been applied to the Hypostatic Union in Christ: the "Synthetic Union" of the two natures in one Person. All of dogmatic theology is presented from this et-et (both-and), Christocentric approach in Truth is a

Synthesis: Catholic Dogmatic Theology. The volume presents for beginners a comprehensive, organic view of the Catholic faith. Truth is a Synthesis spotlights, in a respectful yet clear way, the different views about Christian Dogmatics held by our separated brethren, both Protestant and Orthodox. As he explores the implications of the et-et nature of theology, Gagliardi reveals the underlying unity of both Fundamental and Dogmatic theology "Professor Gagliardi's book is in every way a magnum opus, both from the qualitative and the quantitative standpoint."—Cardinal Gerhard L. Müller

**Alternative Rock** Nov 09 2021 Provides profiles of solo performers, bands, producers, and record labels from the alternative rock movement, ranging from the mid-1970s to the present, and includes discographies, album reviews, and photographs.

*Theo-drama: Theological Dramatic Theory, Vol. 3* Sep 07 2021 The third volume of Theo-Drama is considered the most central book of Fr. von

Balthasar's entire theological project. Structurally it is the middle volume of the middle part of his theological trilogy: Glory of the Lord, Theo-Drama, and Theo-Logic. More significantly, it contains von Balthasar's synthetic treatment of the central mysteries of the Catholic Faith: Christ, Mary, the Church, man and the Trinity. The various elements of von Balthasar's theological reflection converge here, and here as nowhere else one can find the systematic elaboration of his Christology, Mariology, ecclesiology, anthropology and trinitarian doctrine. It is both a one-volume compendium of this theology and a key to his trilogy and other writings.

*Soteriology* Oct 16 2019

*Darwin's Sacred Cause* Apr 02 2021 In this remarkable book Adrian Desmond and James Moore, world authorities on Darwin, give a completely new explanation of how Darwin came to his famous view of evolution, which traced all life to an ancient common ancestor. Darwin was

committed to the abolition of slavery, in part because of his family's deeply held beliefs. It was his 'Sacred Cause' and at its core lay a belief in human racial unity. Desmond and Moore show how he extended to all life the idea of human brotherhood held by those who fought to abolish slavery, so developing our modern view of evolution. Through massive detective work among unpublished family correspondence, manuscripts and rare works, the authors back up their compelling claim. Leading apologists for slavery in Darwin's day argued that blacks and whites had originated as separate species, with whites superior. Creationists too believed that 'man' was superior to other species. Darwin abhorred such 'arrogance'; he declared it 'more humble & ... true' to see humans 'created from animals'. Darwin gave all the races - blacks and whites, animals and plants - a common origin and freed them from creationist shackles. Evolution meant emancipation. Darwin's Sacred Cause restores Darwin's humanitarianism,

tarnished by atheistic efforts to hijack his reputation and creationist attempts to smear him. Desmond and Moore argue that only by understanding Darwin's Christian abolitionist inheritance can we shed new light on the perplexing mix of personal drive, public hesitancy and scientific radicalism that led him finally in 1871 to publish *The Descent of Man, and Selection in Relation to Sex*. The result is an epoch-making study of this eminent Victorian.

[Systematic Theology](#) Mar 01 2021

*John Quincy Adams and American Global Empire* Jan 19 2020 This is the story of a man, a treaty, and a nation. The man was John Quincy Adams, regarded by most historians as America's greatest secretary of state. The treaty was the Transcontinental Treaty of 1819, of which Adams was the architect. It acquired Florida for the young United States, secured a western boundary extending to the Pacific, and bolstered the nation's position internationally. As William Weeks persuasively argues, the document also

represented the first determined step in the creation of an American global empire. Weeks follows the course of the often labyrinthine negotiations by which Adams wrested the treaty from a recalcitrant Spain. The task required all of Adams's skill in diplomacy, for he faced a tangled skein of domestic and international controversies when he became secretary of state in 1817. The final document provided the United States commercial access to the Orient—a major objective of the Monroe administration that paved the way for the Monroe Doctrine of 1823. Adams, the son of a president and later himself president, saw himself as destined to play a crucial role in the growth and development of the United States. In this he succeeded. Yet his legendary statecraft proved bittersweet. Adams came to repudiate the slave society whose interests he had served by acquiring Florida, he was disgusted by the rapacity of the Jacksonians, and he experienced profound guilt over his own moral transgressions while secretary of state. In

the end, Adams understood that great virtue cannot coexist with great power. Weeks's book, drawn in part from articles that won the Stuart Bernath Prize, makes a lasting contribution to our understanding of American foreign policy and adds significantly to our picture of one of the nation's most important statesmen.

*The Encyclopedia of Science Fiction and Fantasy Through 1968: Who's who, A-L* Nov 16 2019 This massively comprehensive work of science fiction and fantasy bibliography is already a library standard. It consists of an alphabetical listing of hundreds of authors, anthologists, editors, artists, etc., with biographical sketches where available, and compilations of their science fiction and fantasy works. The contents of most collections and anthologies are listed. In most cases the entries include bibliographic data for all known English-language editions and forms, as well as some foreign translations. Each author's entry also includes listings of books and short stories which form connected series, such

as Robert Heinlein's famous Future History. Large 8 1/2 x 11 inch pages in two columns of small print.

*Resurrected to Eternal Life* May 15 2022 In this deeply personal and daring meditation, eminent theologian Jürgen Moltmann challenges many closely held beliefs about the experience of dying, the nature of death, and the hope of eternal life. Moving deftly between biblical, theological, and existential domains, Moltmann argues that while we know intimately the experience of dying--both our loved ones' dying and, ultimately, our own--death itself is a mystery. Are those who have died in fact dead? If the dead are alive, how or in what respect? When the dead awaken to eternal life, who wakes? Moltmann's interrogations yield surprising and beautiful fruits. The living soul that awakens to eternal life is not a ghost in a machine, but the Lebensgestalt, the shape and story of a life, its human and divine contexts, its whole. Drawing on themes from his oeuvre's

entire arc, *Resurrected to Eternal Life* testifies to the inner unity of Moltmann's theology: the cross, the Spirit, the kingdom, the end, and the hope that makes the end present here and now. Seasoned readers of Moltmann will find in these pages a capstone of a lifetime of theological exploration, while those new to his complex thought will find a concise and elegant entry point into his voluminous work.
