My Father's Secret May 22 2020 When Declan Keenan begins to clean out his family's house after his father's death, he makes an unexpected discovery. His father, a former RCMP Security Service agent, left a videotape message that drops responsibility for resolving an old case into his son's lap. Unable to refuse his father's dying wish, Declan begins his search for answers in an attempt to satisfy justice. In the process, the motive, means, and opportunities that led to the 1973 bombing of BOAC Flight 281 are revealed; but so too are the agendas to have the case buried. Solving this thirty-year-old case with its inherent obstacles and challenges is frustratingly elusive, especially when compounded by present-day tragedy and official cover-ups. Despite threats, destruction of evidence, and murder, Declan perseveres, knowing that he must do his utmost to reveal his father's secret and expose a long hidden truth. This entertaining thriller resonates with the themes of justice and injustice, reconciliation and alienation, and duty and denial—together representing both the admirable and dishonourable aspects of the Canadian national identity.

***My Life Is Chaos in Theory* Oct 15 2019 This is the story of my life - as a teenager, anyway. Think of this as me time-traveling back to my high school days, only if it were filmed as a documentary and I was narrating it as an adult. It's a story about the struggles, tribulations, and trials that stood in my way and how years after the fact I'm still alive today. Even though my mental health may not be at its best, nor has it been, this is for those who want something to relate to. A story about life. A little four year adventure in my life so you know that even if life has beaten you into the dirt, you matter. You know why? I'm still kicking and screaming, letting life (and its manager) I'll burn its house down with the lemons if it gives me any more of them. It's told through the eyes of my young adult self, looking back and telling it like it is. I know many people, young and old, who struggle with mental health and might be afraid to speak up about it. There's a stigma that surrounds it, a hatred for those who suffer, and some who fake it for attention. If you're one of those people who are struggling, this is for you. Everyone who lays low, all the ones who feel small, and insignificant. Here's my story. Enjoy. Sincerely, - Me**

Practical AVR Microcontrollers Nov 08 2021 In **Practical AVR Microcontrollers**, you'll learn how to use the AVR microcontroller to make your own nifty projects and gadgets. You'll start off with the basics in part one: setting up your development environment and learning how the "naked" AVR differs from the Arduino.
