winning 2010 book Nailed: Ten Christian Myths That Show Jesus
Never Existed At All pointed out the top ten fatal flaws of
Christianity's origin story. Now, Jesus: Mything in Action presents
the most compelling new findings in Jesus Myth theory and
critically examines its controversial reception by biblical scholars,
the extent and reliability of our sources for Jesus, and reveals the
surprising history behind Jesus' evolution. In this volume: Mything
in Action, vol. I (chapters 1 - 12) looks at the myths of Jesus
Mythicism: what it is and isn't; what biblical scholars are saying
about it (and why); and examines our oldest "biographical" source
for Jesus - the allegorical story we know as the Gospel of Mark.
Out of the spotlight, in the darker corners of the studio backlots,
Hollywood hides a remarkable secret. Actor or actress, set
designer, electrician, best boy, or grip—in la-la land, it pays not to
be human. Vampires, succubae, trolls, elementals,
goblins—studios hire anyone and anything that can take direction,

be discreet, and not eat the extras. (The less you know about your agent, the better.) Though only human, stuntwoman and struggling actress Lee Striga is a member of the legendary Katz Stunt Crew. They're the best in the biz, in part because they can y, and boast superhuman strength. When Lee lands a job on the movie Pale Dreamer, however, not everyone is following the script. It's up to her to gure out who—or what—is killing the cast and crew. Especially when Lee goes from stuntwoman to lead role... and the next target. After being acquitted of brutally slaying her parents, Lizzie Borden thinks her nightmare is over-but it's only just begun! Now Lizzie and the citizens of Fall River must battle a new surge of flesh-eaters, this time with a heartbreaking twist: the infected creatures are friends and family, hidden away by their grief-stricken caregivers. When her sister Emma becomes a pawn in the growing war against the undead, Lizzie has no choice but to pick up her axe again. With the help of her charming self-defense instructor, Pierre, she vows to end the horrific zombie menace, once and for all. But can she overcome her personal demons and the rampaging monsters, no matter the cost? Contains spoilers - continues story from first book, Lizzie Borden, Zombie Hunter. #1 New York Times bestselling author Terry Goodkind reinvents the thriller with a provocative, page-turning walk among evil. Kate Bishop thought she was an ordinary woman living and working in Chicago. But when she unexpectedly finds herself in the middle of a police investigation into a brutal murder, Kate makes a shocking discovery: she has the ability to identify killers just by looking into their eyes. Trying to grasp the implications of this revelation, Kate is drawn deep into a world of terror. She is tracked down by Jack Raines, a mysterious author with shadowy connections to those who share her ability. He tells Kate that her unique vision also makes her a target, and only he can help her. Now, hot on Jack and Kate's heels are a force of super-predators, vicious and

bloodthirsty killers who will stop at nothing until Kate is dead. But even as she fights for her life, Kate still isn't sure if Jack is really her salvation, or another killer coming to slaughter her. An explosive mix of action and suspense, *Nest* is a landmark new novel from worldwide bestselling author Terry Goodkind, and a complete reinvention of the contemporary thriller. Travel with Goodkind on a dangerous journey to the back alleys of the darknet, to the darkest corners of our minds, and to the very origins of what it is to be human. From the mind of Caitlin Kittredge, the award-winning author of the *Iron Codex* trilogy and *Vertigo* comic *Coffin Hill*, comes *Black Dog*, the first book in a new urban fantasy series about revenge and hell...it's *Kill Bill* with demons! Ava has spent the last hundred years as a hellhound, the indentured servant of a reaper who hunts errant souls and sends them to Hell. When a human necromancer convinces her to steal her reaper's scythe, Ava incurs the wrath of the demon Lilith, her reaper's boss. As punishment for her transgression, Lilith orders Ava to track down the last soul in her reaper's ledger . . . or die trying. But after a hundred years of servitude, it's time for payback. And Hell hath no fury like an avenging Ava. . . .

An anthology of original new horror stories edited by Bram Stoker Award winners Vince Liaguno and Rena Mason that showcases authors from underrepresented backgrounds telling terrifying tales of what it means to be, or merely to seem, "other" Offering original new stories from some of the biggest names in horror as well as some of the hottest up-and-coming talents, *Other Fears* will provide the ultimate reading experience for horror fans who want to celebrate fear of "the other." Be they of a different culture, a different background, a different sexual preference, a different belief system, or a different skin color, some people simply aren't part of the dominant community—and are perceived as scary. Humans are almost instinctively inclined to fear what's different, as foolish

as that may be, and there are a multitude of individuals who have spent far too long on the outside looking in. And the thing about the outside is . . . it's much larger than you think. In *Other Fears*, horror writers from a multitude of underrepresented backgrounds will be putting a new, terrifying spin on what it means to be "the other." People, places, and things once considered normal will suddenly appear different, striking a deeper, much more primal, chord of fear. Are our eyes playing tricks on us, or is there something truly sinister lurking under the surface of what we thought we knew? And who among us who is really of the other, after all? New York Times bestselling author Kevin Hearne returns to the world of his beloved *Iron Druid Chronicles* in a spin-off series about an eccentric master of rare magic solving an uncanny mystery in Scotland. "A terrific kick-off of a new, action-packed, enchantingly fun series."—Booklist

Al MacBharrais is both blessed and cursed. He is blessed with an extraordinary white moustache, an appreciation for craft cocktails—and a most unique magical talent. He can cast spells with magically enchanted ink and he uses his gifts to protect our world from rogue minions of various pantheons, especially the Fae. But he is also cursed. Anyone who hears his voice will begin to feel an inexplicable hatred for Al, so he can only communicate through the written word or speech apps. And his apprentices keep dying in peculiar freak accidents. As his personal life crumbles around him, he devotes his life to his work, all the while trying to crack the secret of his curse. But when his latest apprentice, Gordie, turns up dead in his Glasgow flat, Al discovers evidence that Gordie was living a secret life of crime. Now Al is forced to play detective—while avoiding actual detectives who are wondering why death seems to always follow Al. Investigating his apprentice's death will take him through Scotland's magical underworld, and he'll need the help of a mischievous hobgoblin if he's to survive. "The Girl with Ghost Eyes

is a fun, fun read. Martial arts and Asian magic set in Old San Francisco make for a fresh take on urban fantasy, a wonderful story that kept me up late to finish.” —#1 New York Times bestselling author Patricia Briggs

It's the end of the nineteenth century in San Francisco's Chinatown, and ghost hunters from the Maoshan traditions of Daoism keep malevolent spiritual forces at bay. Li-lin, the daughter of a renowned Daoshi exorcist, is a young widow burdened with yin eyes—the unique ability to see the spirit world. Her spiritual visions and the death of her husband bring shame to Li-lin and her father—and shame is not something this immigrant family can afford. When a sorcerer cripples her father, terrible plans are set in motion, and only Li-lin can stop them. To aid her are her martial arts and a peachwood sword, her burning paper talismans, and a wisecracking spirit in the form of a human eyeball tucked away in her pocket. Navigating the dangerous alleys and backrooms of a male-dominated Chinatown, Li-lin must confront evil spirits, gangsters, and soulstealers before the sorcerer's ritual summons an ancient evil that could burn Chinatown to the ground. With a rich and inventive historical setting, nonstop martial arts action, authentic Chinese magic, and bizarre monsters from Asian folklore, *The Girl with Ghost Eyes* is also the poignant story of a young immigrant searching to find her place beside the long shadow of a demanding father and the stigma of widowhood. In a Chinatown caught between tradition and modernity, one woman may be the key to holding everything together. Chuck T-Bone is a private detective—A P.I. A gumshoe. A dick. He also happens to be a zombie, in a world where the zombies have taken over, and “fresh meat” is a rare commodity. Where you go into a diner to order an elbow joint with a side of toes. But nothing’s really changed—the rich get richer, the poor get poorer, at least until they fall apart altogether. When a curvaceous member of a famous crime family walks into his office, he’s forced to reopen a case he’d just as soon forget. It’s the one that introduced him to the dame who stole his heart—and got him killed. Trouble is, if it happens again, this time it’s for good. It’s gory goodness for fans of *The Big Sleep* and *Shaun of the Dead*, with a dash of *Zombieland* thrown in for good measure. Located on Manhattan’s Lower East Side, Golgotham has been the city’s supernatural district for centuries. Populated by creatures from myth and legend, the neighborhood’s most prominent citizens are the Kymera, a race of witches who

maintain an uneasy truce with the city's humans... It has been several months since Tate Eresby developed her new magical ability to bring whatever she creates to life, but she is still learning to control her power. Struggling to make a living as an artist, she and Hexe can barely make ends meet, but they are happy. That is until Golgotham's criminal overlord Boss Marz is released from prison, bent on revenge against the couple responsible for putting him there. Hexe's right hand is destroyed, leaving him unable to conjure his benign magic. Attempts to repair the hand only succeed in plunging Hexe into a darkness that can't be lifted—even by news that Tate is carrying his child. Now, with her pregnancy seeming to progress at an astonishing rate, Tate realizes that carrying a possible heir to the Kymeran throne will attract danger from all corners, even beyond the grave... An adrenaline-charged tale of unrelenting suspense that sparks with raw and savage energy... The newspapers scream out headlines that spark terror across the city. Ten murders on the New York City subway. Ten grisly crimes that defy all reason -- no pattern, no m.o., no leads for police to pursue. The press dubs the fiend the "Subway Psycho"; the NYPD desperately seeks their quarry before the city erupts in mass hysteria. But they won't find what they're looking for. Because they all think that the killer is human. Only a few know the true story -- a story the papers will never print. It is a tale of abject terror and death written in grit and steel... and blood. The tale of a man who vanished into the bowels of the urban earth one night, taken by a creature of unholy evil, then left as a babe abandoned on the doorstep of Hell. Now he is back, driven by twin demons of rage and retribution. He is unstoppable. And we are all his prey... unless a ragtag band of misfit souls will dare to descend into a world of manmade darkness, where the real and unreal alike dwell in endless shadow. A place where humanity has been left behind, and the horrifying truth will dawn as a madman's chilling

vendetta comes to light... Filled with gripping drama and harrowing doomsday dread, *The Light at the End* is the book that ushered in a bold new view of humankind's most ancient and ruthless evil; a mesmerizing novel from two acknowledged masters of spellbinding suspense. People are dying. Then they are waking up hungry. In the small university town of Redwood Grove, people are succumbing to a lethal strain of flu. They are dying—but not for long. Ashley Parker and her boyfriend are attacked by these shambling, rotting creatures that crave human flesh. Their lives will never be the same again. When she awakes Ashley discovers that she is a “wild card”—immune to the virus—and is recruited by a shadowy paramilitary organization that offers her the chance to fight back. Trained by gorgeous vegan Gabriel, and bonding with her fellow wild cards, Ashley begins to discover skills she never knew she had. As the town falls to ever-growing numbers of the infected, Ashley and her team fight to contain the outbreak—but will they be enough? Having stopped the wave of the undead that swarmed their facility, Ashley Parker and the other wild cards (those immune to the zombie virus) are assaulted by an unknown enemy and forced to travel to a secret laboratory in San Francisco. En route some are killed, while others are kidnapped by their shadowy foe, who seems to use the zombies as a weapon. Awakening in a bleak landscape, Cass Dollar vaguely recalls enduring something terrible. Having no idea how many days—or weeks—have passed, she slowly realizes the horrifying truth: her daughter, Ruthie, has vanished. And with her, nearly all of civilization. Instead of winding through the once-lush hills, the roads today see only cannibalistic Beaters—people turned hungry for human flesh by a government experiment gone wrong. In a broken, barren California, Cass will undergo a harrowing quest to get Ruthie back. Few people trust an outsider—much less one who bears the telltale scars of a Beater attack—but she finds safety with an enigmatic outlaw, Smoke. And she'll need him more than ever when his ragged band of survivors learn that she and Ruthie have become the most feared, and desired, weapons in a brave new world....

In November 2018, fire broke out on Camp Creek Road and raced through Butte County, California. By the time the fire was extinguished, the town of Paradise had been scoured from the map. The horror writers of Northern California rallied to raise money for the survivors. TALES FOR THE CAMP FIRE ranges from fairytale to science fiction, from psychological terror to magical realism, from splatterpunk to black humor, all rounded out by a messed-up post-apocalyptic cookbook. Through these pages roam werewolves, serial killers, a handful of ghosts, plenty of zombies, Cthulhu cultists, mad scientists, and a pair of conjoined twins. All profits from the sale of this anthology will be donated to Camp Fire relief and recovery efforts. Time shatters into shards of the past, present, and future. Why would anyone think Jesus never existed? Isn't it perfectly reasonable to accept that he was a real first century figure? As it turns out, no. **NAILED** sheds light on ten beloved Christian myths, and, with evidence gathered from historians across the theological spectrum, shows how they point to a Jesus Christ created solely through allegorical alchemy of hope and imagination; a messiah transformed from a purely literary, theological construct into the familiar figure of Jesus ' in short, a purely mythic Christ.

The Midwestern resort town of Pemkowitz boasts a diverse population: eccentric locals, wealthy summer people, and tourists by the busload—not to mention fairies, sprites, vampires, naiads, ogres, and a whole host of eldritch folk, presided over by Hel, a reclusive Norse goddess. To Daisy Johanssen, fathered by an incubus and raised by a single mother, it's home. And as Hel's enforcer and the designated liaison to the Pemkowitz Police Department, it's up to her to ensure relations between the mundane and eldritch communities run smoothly. But when a young man from a nearby college drowns—and signs point to eldritch involvement—the town's booming paranormal tourism trade is at stake. Teamed up with her childhood crush, Officer Cody Fairfax, a sexy werewolf on the down-low, Daisy must solve the crime—and keep a tight rein on the darker side of her nature. For if she's ever tempted to invoke her demonic birthright, it could accidentally unleash nothing less than Armageddon.

In this sequel to the Nebula Award-nominated and Tiptree Award Honor Book that New York Times bestselling author Seanan McGuire called “exciting, inventive, and brilliantly plotted,” Millie unwillingly returns to the Arcadia Project when an impossible and deadly situation pulls her back in. Four months ago, Millie left the Arcadia Project after losing her partner Teo to the lethal magic of an Unseelie fey countess. Now, in a final visit to the scene of the crime, Millie and her former boss Caryl encounter Teo's tormented ghost. But there's one problem: according to Caryl, ghosts don't exist. Millie has a new life, a stressful job, and no time to get pulled back into the Project, but she agrees to tell her side of the ghost story to the agents from the Project's National

Headquarters. During her visit though, tragedy strikes when one of the agents is gruesomely murdered in a way only Caryl could have achieved. Millie knows Caryl is innocent, but the only way to save her from the Project's severe, off-the-books justice is to find the mysterious culprits that can only be seen when they want to be seen. Millie must solve the mystery not only to save Caryl, but also to foil an insidious, arcane terrorist plot that would leave two worlds in ruins.
