Greatest Personalities of the Indian Freedom Struggle (The Life and Times of Sardar Vallabhbhai Patel/ The Life and Times of Subhash Chandra Bose/ The Life and Times of Lokmanya Tilak) (Set of 3 Books) Jun 05 2021

A Gentleman's Word Oct 21 2022 The great Indian nationalist leader Subhas Chandra Bose arrived in Singapore in 1943 to revitalize the Indian National Army (INA). Taking the opportunity of the Japanese occupation of parts of Southeast Asia, he launched armed struggle against British colonial rule in India. Two years later, that attempt failed at the eastern gates of India. Yet, it was a temporary failure because the INA helped set in motion a series of developments within India. These would culminate in its freedom in a further two years. Bose is household name in India. He is remembered in Southeast Asia as well, particularly among Indians. However, while his contributions to India's independence movement have been recorded exhaustively, less is known about the legacy that he left behind in Southeast Asia. This book seeks to fill that gap in the international understanding of a great Indian nationalist and pan-Asianist. It records how participation in the nationalist struggle invested Southeast Asian Indians with a rare sense of dignity and helped foster a mushrooming of militant trade unions, making it difficult for the returning British planters to perpetuate their control over what had been a docile workforce. The INA's Rani of Jhansi movement proved to be a pioneering effort at drawing Southeast Asian Indian women out of their traditional roles and expectations. It inspired some of them to take up mainstream roles for the cause of equality and emancipation. A Gentleman's Word retraces this journey of self-discovery of those who were inspired by Subhas Chandra Bose. The Z Factor Dec 23 2022 Memoir of one of India's most prominent businessmen The pioneer who gate-crashed his way to the top Subhash Chandra, the promoter of Essel/ Zee Group, is an unlikely mogul. Hailing from a small town in Haryana, where his family ran grain mills, Chandra has been a perennial outsider, repeatedly aiming high and breaking into businesses where he was considered an interloper. Starting work as a teen to pay off family debts, Chandra had to rely on bluff, gumption and sheer hard toil to turn things around. A little bit of luck and political patronage saw him make a fortune in rice exports to the erstwhile USSR. Always a risk-taker, Chandra then had the vision of getting into broadcasting early, even as established media players failed to see its potential. His Zee TV, India's first private Indian TV channel, changed the rules of the game and tickled the fancy of a public starved of entertainment. Several gutsy initiatives followed, though not all of them were successful. Chandra's attempts to launch satellite telephony and a cricket league came a cropper. But the man continues to reinvent himself; he is now also focusing on infrastructure and

smart cities. This is an unusually candid memoir of a truly desi self-made businessman who came to Delhi at age twenty with seventeen rupees in his pocket. Today, he has a net worth of \$6.3 billion and annual group revenues of about \$3 billion.

Nehru and Bose Jun 17 2022 'Nobody has done more harm to me . . . than

Jawaharlal Nehru,' wrote Subhas Chandra Bose in 1939. Had relations between the two great nationalist leaders soured to the extent that Bose had begun to view Nehru as his enemy? But then, why did he name one of the regiments of the Indian National Army after Jawaharlal? And what prompted Nehru to weep when he heard of Bose's untimely death in 1945, and to recount soon after, 'I used to treat him as my younger brother'? Rudrangshu Mukherjee's fascinating book traces the contours of a friendship that did not quite blossom as political ideologies diverged, and delineates the shadow that fell between them—for, Gandhi saw Nehru as his chosen heir and Bose as a prodigal son.

His Majesty's Opponent Feb 19 2020 The man whom Indian nationalists perceived as the "George Washington of India" and who was President of the Indian National Congress in 1938–1939 is a legendary figure. Called Netaji ("leader") by his countrymen, Subhas Chandra Bose struggled all his life to liberate his people from British rule and, in pursuit of that goal, raised and led the Indian National Army against Allied Forces during World War II. His patriotism, as Gandhi asserted, was second to none, but his actions aroused controversy in India and condemnation in the West. Now, in a definitive biography of the revered Indian nationalist, Sugata Bose deftly explores a charismatic personality whose public and private life encapsulated the contradictions of world history in the first half of the twentieth century. He brilliantly evokes Netaji's formation in the intellectual milieu of Calcutta and Cambridge, probes his thoughts and relations during years of exile, and analyzes his ascent to the peak of nationalist politics. Amidst riveting accounts of imprisonment and travels, we glimpse the profundity of his struggle: to unite Hindu and Muslim, men and women, and diverse linguistic groups within a single independent Indian nation. Finally, an authoritative account of his untimely death in a plane crash will put to rest rumors about the fate of this "deathless hero." This epic of a life larger than its legend is both intimate, based on family archives, and global in significance. His Majesty's Opponent establishes Bose among the giants of Indian and world history.
