The student will develop not only scholastic abilities but there will be an overall holistic development Life Skills, Attitude, Values. As children are most receptive to learning during young age, a time when they are not influenced by a lot of external factors. So the right time is to start NOW. Composite Mathematics is a series of books for Pre Primer to Class 8 which conforms to the latest CBSE curriculum. The main aim of writing this series is to help the children understand difficult mathematical concepts in a simple manner in easy language. Written specifically for anyone preparing for the board for the very first time or those preparing to recertify, this comprehensive board review guide will aid in the preparation for the neurology board certification and re-certification exams. With extensive neuroimaging, illustrations, and neuropathology included, this book eliminates the need for obtaining multiple resources to study for the neurology board examination with high-yield information emphasized to highlight key facts. The book is divided into the basic sciences in Part 1 and clinical neurology in Part 2. It features short, easy-to-read chapters to help the busy resident, fellow, and clinician "on the run." In addition to those people preparing to take, or recertify for, the neurology boards, it will also be useful to medical students and residents rotating through neurology or for the generalist with an interest in reviewing neurology. This book is the solution of Mathematics (R.S. Aggarwal) class 10th (Publisher Bharti Bhawan). It includes solved & additional questions of all the chapters mentioned in the textbook. It is strictly based on 2021 Examination Pattern. Recommended for only CBSE students. According to the New Syllabus and exam format, Jawahar Navodaya Book 2020 contains entire topics on Reasoning, Maths, and English. This book is good for students preparing for JNVST (Jawahar Navodaya

Vidyalaya Selection Test). The Class 6 Entrance book for JNV provides simplified preparation material for the students. It contains the JNV 2020 previous year's question paper with its detailed solution. Book for Jawahar Navodaya Vidyalaya Class 6 Entrance provides comprehensive and detailed theoretical information that helps make self-study more relaxed and simpler to comprehend. The book provides clear perspectives on topics along with free video concepts that help to learn more quickly and attain 100% chances of clearing JNVST. It's also perfect for any learner who chooses to practice on their own. Each activity and tricky problem has some clues and suggestions about how to resolve it, and several students have learned significantly from it, in recent years. Along with the right solution, the book also includes an ample number of practice questions that will assist the students to solve several different versions of the question in the book as they appear in the actual test. This book is one hundred percent error-free and easy to understand because it was planned and written under the guidance of Dr. RS Aggarwal, a pioneer of education. JNV is primarily charged with identifying promising children in rural areas of India and supporting them with education similar to the best school system, irrespective of the socio-economic status of their households. Following are the features of Jawahar Navodaya Book 2020 English: Easy to understand the detailed explanation for solutions. Coverage of the entire syllabus for the test. 100 % error-free because of a three-level assessment of the solution. JNV 2020 questions paper with detailed solution. Free concept video to attain more understandability. The unique feature of this book is problem-solving techniques that will help the students get top scores. The first part of this book deals with theory, examples, and exercises. In the examples, wherever it is required, I have shown the problem-solving techniques that will help you tackle a problem and solve it in the shortest way. In addition, I have included many problems that are generally not given in GMAT guidebooks. The purpose is to equip you to face any situation in the actual test. The second part of this book is designed as a workbook to help you apply the problem-solving techniques that you have studied in the first part. Every problem solving has a technique, and a particular technique can be applied to different types of problems. You will have to study and master them. A successful student will not only learn the techniques but also learn how to apply the appropriate technique for a particular problem. Learning Mathematics - Class 8 has been written by Prof. M.L. Aggarwal in accordance with the latest syllabus of the NCERT and Guidelines issued by the CBSE on Comprehensive and Continuous Evaluation (CCE). The subject matter has been explained in a simple language and includes many examples from real life situations. Questions in the form of Fill in the Blanks, True/False statements and Multiple Choice Questions have been given under the heading 'Mental Maths'. Some Value Based Questions have also been included to impart values among students. In addition to normal questions, some Higher Order Thinking Skills (HOTS) questions have been given to enhance the analytical thinking of the students. Each chapter is followed by a Summary which recapitulates the new terms, concepts and results.

Lakhmir Singh's Science is a series of books which conforms to the NCERT syllabus. The main aim of writing this series is to help students understand difficult scientific concepts in a simple manner in easy language. The ebook version does not contain CD. Comprehensively written, this book presents the political theories, concepts, analysis, thoughts and main currents. The book begins with introduction to political theory, its history, evolution & approaches while also discussing forms & organs of Government. It progresses to discuss contemporary political analysis in light of American concepts and main currents of Political Thought in detail. This book would be extremely useful for the students pursuing BA Political Science. This book is written for the students preparing for the Medical and Engineering Entrance Examinations of all Indian Universities and Institutes. It is also useful for Civil Services (Prelim), J.R.F, other Examinations.
