Leah Buchanan's family has been in service to vampires for five centuries. Even so, Leah wants nothing to do with her family's legacy. But when she's summoned to her Selection by the Vampire Dominion, under familial pressure, she has no choice but to go. Lucien has been living under the strict edicts of the Vampire Dominion for centuries but he's tired of these ancient laws stripping away everything that is the essence of the vampire. So he's taking it back. This is because Lucien has been watching and waiting for decades for Leah to become available for a Selection and he will not be limited with what he can do with her. He will have her, all of her. Therefore, Lucien is going to tame Leah, even if he gets hunted and killed for doing it. What neither Leah nor Lucien expects is the strong bond that will form between them, connecting them on unprecedented levels for mortals or immortals. And what will grow between them means they will challenge their ways of life and their union will begin the Prophecies which makes them one of three couples who will save humanity...or die in the effort. Two childhood friends are playing house--and maybe playing for keeps--in USA Today bestselling author Adriana Locke's funny, sexy, and unpredictable marriage-of-convenience romance. To save her Tennessee bed-and-breakfast, Sophie Bates needs a fast-cash miracle. Holden McKenzie, her childhood best friend, needs to prove to a prospective employer that he's a committed man. Their fortunes on the line, Holden proposes...a solution. He'll take care of Sophie's bills if she agrees to a temporary marriage of convenience. And why not? They're comfortable together, they have fun, and they trust each other. It's as simple as saying "I do." But the off-the-cuff wedding has all of Honey Creek talking--and Sophie and Holden realizing that their perfect arrangement is working too well. If they're not careful, this marriage could turn into a love story. They call me a slut. Maybe I am. Sometimes I do things I despise. Sometimes men take without asking. But I have a musical gift, only a year left of high school, and a plan. With one obstacle. Emeric Marceaux doesn't just take.

He seizes my will power and bangs it like a dark note. When he commands me to play, I want to give him everything. I kneel for his punishments, tremble for his touch, and risk it all for our stolen moments. He's my obsession, my master, my music. And my teacher. Ladies, I know how things look from the outside. I'm rich. I'm a successful surgeon. I'm handsome. I should have women lining up from here to New Jersey clawing for space in my bed, but there's one huge catch. I'm f*cking awkward. Every time I get a date, I spoil it. Asked if she's pregnant? Check. Forgot her name? Check. Bought a meat lover's pizza for my vegan girlfriend? Check, check, check. This is why my best friend, romance fanatic Allie Jenkins, has declared that she's swooping in to save the day. She's prepared a list of required reading straight from *The Ripped Bodice*, and I'm supposed to take notes, learn from the best, and put that shit into action. After all, practice makes perfect, right? Wrong. Think your dreams are private? Think again. As a dreamwalker, I can ease your nightmares, inspire creation, or steal memories, all for the small price of a buttload of cash. I need the money to save my mom's life, and the clock is ticking. Then a gorgeous illusionist comes into the picture--though those mouthwatering looks may just be his powers in action. He sends me on a job with a major paycheck, but the pucking vampires show up and ruin everything. As usual, they suck. Now I'm knee-deep in a murder case where the victims and the perps could all kill me with a snap of their fingers. Throw in a creepy castle, a stinky moat, and a legendary monster, and we've got ourselves a party. Especially when the bodies begin to pile up. My name is Bailey Spade, and if I don't solve this case, I'm dead. There were shadows I was running from. Ones that haunted and taunted. Ones that made it so I had no choice but to disappear. I'd spent years hiding from the world. My little island haven, the only assurance of safety. It all changed the moment he showed up at my door. The hint of pain in his eyes told me that something haunted him, too. And I couldn't help but be drawn closer. But finding the person I needed most came with risks I never expected. And when our ghosts find us again, neither of us may make it out this time. ***** Read what reviewers are

Leave your inhibitions at the door and make your fantasies come true. Three weeks. No rules. Any fantasy. Anything goes. Lexa Novak would like nothing better than to let go and finally experience it all, so when the opportunity arises to just do that, she can't refuse-won't refuse. But what happens when your fantasies become your realities? Find out when you enter Suite 269. I don't even know her name, but I swear I'll find her and claim her as mine. Ten seconds. That's how long it took for me to decide that this early-morning diner waitress was going to be the next lucky girl to hop onto my princely d*ck. Yeah, I was hungover as f*ck and still wearing last night's tuxedo, but that's never exactly been a problem. Most of the time I don't even have to ask. His Royal Hardness has a reputation that precedes the rest of me, though not by much -- and girls from all over the kingdom and just dying for a ride. Not her. This girl runs away, and I'm left standing there like an *sshole. Now all I've got is the memory of her perfect body, luscious lips, and devious smile -- but not her name. To make matters worse, my father is insisting that I settle down and stop embarrassing him, so he issues an ultimatum: find a wife, or else. I know exactly who I want. But first I have to find her. Finding His Princess is a very steamy, cheesy, and over-the-top Cinderella story that'll melt your kindle and your heart! Eighteen year old Tatum O'Shea is a naive, shy, little rich girl. Twenty-three year old Jameson Kane is smart, seductive, and richer. They come together for one night, one explosion, one mistake, and Tate is hurled into space - no family, no money, and no Jameson. Seven years later, life is going pretty good for Tate, when she runs into Jameson again. This time, she thinks she's ready for him. She doesn't have a naive bone left in her body, and she can't even remember what shy feels like. Jameson has evolved into Satan - sharp teeth, sharper claws, and a tongue that can cut her in half. It all sounds like fun to a girl like Tate, and she is ready to play, determined to prove that she isn't the same girl he conquered once before. A series of games start, each one more devious than the

last. But the devil likes to play dirty, and she learns that playing for souls is playing for keeps. The lines between games and reality, heaven and hell, get blurry. Can she beat Jameson at his own game before someone gets hurt? Or will he leave her soulless, making him the winner, once and for all? WARNING: contains a wannabe B-rate porn star, an impersonal personal assistant, and the F-word, A LOT. Also graphic sexual situations and sadomasochistic themes Note From The Author I could have put the typical blurb here. Boy meets girl. They fall in love. Live happily ever after. The end. But this isn't that story.
