In this grippingly emotional New Adult novel from the author of Caged in Winter, what you want isn't always what you need... Jason's been living (and loving) the rich playboy lifestyle

for five years, but now his parents are pressuring him to get involved in the family business. The last thing he wants is another obligation, but when his best friend moves out of state and asks Jason to look after his sister, he can't just say no. Tessa had to grow up way too soon. After dealing with the aftermath of her parents' deaths, then becoming a teenage mom, she knows the meaning of responsibility. Which is why, at twenty-two, she's looking for so much more than a party boy. She's looking for someone who can stand by her and her daughter...forever. A relationship between them is doomed from the start, but who says they can't have a little fun? But as Jason gets closer to Tessa—and her daughter—fun starts to turn into something else... Something Jason's not sure he's ready for. "Collection of creative essays about identity and place set in various locations in Wisconsin (including Sauk County, the Dells, the Driftless, Ernest Hupeden's The Painted Forest in Valton) and McMurdo Station in Antarctica"-- One is new to love. One is bad at love. One denies love. Twenty-one-year-old, foul-mouthed Olympian, Sullivan Meadows, just made a huge mistake. She told her bodyguards—her buddies, her pals—they could take her virginity. Words forever engrained in her brain. And theirs. Akara Kitsuwon & Banks Moretti are best friends, sworn to protect each other and their client Sullivan. But upon hearing her confession, their reactions aren't what Sulli expects. They're all friends anyway. Just friends. Solid, good friends. Right? As the three embark on the road to Yellowstone, tension builds and close quarters leave no secrets behind. Feelings for her childhood friendship with Akara—that teasing, flirty leader—grow hotter, but so do her feelings for Banks, the rugged, heart-melting Marine. While Sulli is out

west to free-solo her dad's old climbing routes, the only true destination the three of them are certain of is Yellowstone. Love & romance are totally up in the air. Trilogy, this action adventure trilogy follows assassin Venn Connell as she fights to save her country from an enchanted army. Venn Connell is bored. When the Andvellian ambassador in Margolin goes missing, she jumps at the chance to find him, but quickly learns the mystery goes deeper than one missing courtier. With border tensions rising, a man vanishing before her eyes with a relic she believed lost, red-clad soldiers out for blood, and something dark following her from the charred ruins of Treevale fortress, Venn becomes a pawn in an unseen game. Forced to confront her past and question her future, Venn knows she has to tread carefully. One wrong move and she could lose herself in the shadows, and hurl her country into war. A follow-up to the Meratis Trilogy, the Cadis Trilogy follows Venn Connell, the sassy, blade-wielding assassin whose sharp tongue and love for adventure get her in no end of trouble. When a simple quest rolls into more action than she expects, the woman who swore never to grow attached to anyone must trust in her friends to overcome old spells, demons, and a magical war that could destroy her world. First Published in 1998. Routledge is an imprint of Taylor & Francis, an informa company. Described as The Breakfast Club meets And Then There Were None, The Invisible Entente prequel novella introduces all the characters from the Invisible Entente series in a classic locked-room mystery with a supernatural twist. "If you're reading this note, I'm already dead. I find even more pleasure in the idea that one of you will soon join me." At the precise moment of warlock Jermaine Hershel's death, seven strangers are transported into a magically sealed room with only a letter from the dead man to explain. If they want to go home, the way out is simple: discover

the murderer — and kill them. Tensions rise as each stranger reveals their connection with Jermaine, but the puzzle isn't so easy to solve. At least one of them is lying. In an unlikely alliance, they have to act quickly to unravel the mystery before the murderer acts first. War has come to Andvell. Enemy after enemy takes its place along the northern border, each one a terrifying result of dark magic and experimentation. In the face of the great army, Andvell's resources are few. As the enemy marches, unlikely hero Venn Connell must act or be lost in the flood — one final mission to end the war, no matter the cost. Standing on the brink of devastation, Venn is forced to question her most deeply held beliefs and trust her friends to see her through the darkness. Even authors fight their own imaginations. USA TODAY BESTSELLER Tessa Bailey is back with a Schitt's Creek-inspired rom-com about a Hollywood "It Girl" who's cut off from her wealthy family and exiled to a small Pacific Northwest beach town... where she butts heads with a surly, sexy local who thinks she doesn't belong. As seen on E!Online, PopSugar, CNN, EliteDaily, Vulture, BuzzFeed, Bustle, the Nerd Daily, PARADE, LA Magazine, Country Living, USA Today, and more! Piper Bellinger is fashionable, influential, and her reputation as a wild child means the paparazzi are constantly on her heels. When too much champagne and an out-of-control rooftop party lands Piper in the slammer, her stepfather decides enough is enough. So he cuts her off, and sends Piper and her sister to learn some responsibility running their late father's dive bar... in Washington. Piper hasn't even been in Westport for five minutes when she meets big, bearded sea captain Brendan, who thinks she won't last a week outside of Beverly Hills. So what if Piper can't do math, and the idea of sleeping in a shabby apartment with bunk beds gives her hives. How bad could it really be? She's determined to show her stepfather—and the hot, grumpy local—that she's more than a pretty face. Except it's a small town and everywhere she turns, she bumps into Brendan. The fun-loving socialite and the gruff fisherman are polar opposites, but there's an undeniable attraction simmering between them. Piper doesn't want any distractions, especially feelings for a man who sails off into the sunset for weeks at a time. Yet as she reconnects with her past and begins to feel at home in Westport, Piper starts to wonder if the cold, glamorous life she knew is what she truly wants. LA is calling her name, but Brendan—and this town full of memories—may have already

caught her heart. *Depicting Canada's Children* is a critical analysis of the visual representation of Canadian children from the seventeenth century to the present. Recognizing the importance of methodological diversity, these essays discuss understandings of children and childhood derived from depictions across a wide range of media and contexts. But rather than simply examine images in formal settings, the authors take into account the components of the images and the role of image-making in everyday life. The contributors provide a close study of the evolution of the figure of the child and shed light on the defining role children have played in the history of Canada and our assumptions about them. Rather than offer comprehensive historical coverage, this collection is a catalyst for further study through case studies that endorse innovative scholarship. This book will be of interest to scholars in art history, Canadian history, visual culture, Canadian studies, and the history of children.

soldier on the run, trust is a game of chance. What started as a mission to avenge her fallen troops has drawn Captain Jet Dawson further into a government conspiracy that grows more twisted at every turn. The corruption in the department has shown its deadly edge, monsters lurk in every shadow, and every friendly face hides a possible enemy. But more than one threat looms. The queen of the magical realm has taken notice, and she has set the timer until she storms the unseen barrier that divides the supernatural realm from the mundane world. Finding allies now is critical, but if Jet wants to end the plot unravelling the country, she must place her trust carefully or risk losing everything. Oblivious is the second book in the fast-paced Ghostmaker Trilogy. There's a revolution sweeping through the fashion and beauty industries right now: you don't have to be young to have style. cookbook filled with delicious, healthful recipes created for everyone on a tight budget. While studying food policy as a master's candidate at NYU, Leanne Brown asked a simple yet critical question: How well can a person eat on the \$4 a day given by SNAP, the U.S. government's Supplemental Nutrition Assistance Program informally known as food stamps? The answer is surprisingly well: Broiled Tilapia with Lime, Spicy Pulled Pork, Green Chile and Cheddar Quesadillas, Vegetable Jambalaya, Beet and Chickpea Salad—even desserts like Coconut Chocolate Cookies and Peach Coffee Cake. In addition to creating nutritious recipes that maximize every ingredient and use economical cooking methods, Ms. Brown gives tips on shopping; on creating pantry basics; on mastering certain staples—pizza dough, flour tortillas—and saucy extras that make everything taste better, like spice oil and tzatziki; and how to make fundamentally smart, healthful food choices. The idea for Good and Cheap is already proving itself. The author launched a Kickstarter campaign to self-publish and fund the buy one/give one model. Hundreds of thousands of viewers watched her video and donated \$145,000, and national media are paying attention. Even high-profile chefs and food writers have taken note—like Mark Bittman, who retweeted the link to the campaign; Francis Lam, who called it “Terrific!”; and Michael Pollan, who cited it as a “cool kickstarter.” In the same way that TOMS turned inexpensive, stylish shoes into a larger do-good movement, Good and Cheap is poised to become a cookbook that every food lover with a conscience will embrace. But when a young man, Adam Geraghty, walks into her office, claiming he needs Susanna's help but asking unsettling questions, she begins to fear that her secret has been discovered. But when someone attempts to steal The Book of the Fettered Wolf, an ancient text with the power to destroy the otherworld, Vera will need to break all her own rules to keep that balance from toppling. With the help of Gabriel Mulligan, the Gorgon-Fae who threatens the walls she's built around herself, Vera sets out to protect the book from those who wish to use it. Along the way, she unveils the lies that have created the foundation of her life, and each new revelation blurs the line between friend and enemy. Vera must decide who to trust and how much to open her heart if she wants to protect the otherworld and everything she holds dear. She wanted purpose. She got dark magic and war. When the Goddess requests help from a family of witches, it's only natural to assume that things are about to get crazy. Still, the wolf at our front door was a bit unexpected.
