Mother Nature's more aesthetically challenged children have been neglected for too long. The plight of the panda is known the world over because of its teddy-like good looks, but most species are not so lucky. This book, however, aims to shine a light on some of the many ignored and unloved wonders of the animal kingdom. Their hideousness hides their incredible biology and means that we may not have noticed that they need our help. It is time to celebrate the Ugly Animals. When Great-Uncle Horace brings back lost and homeless animals from his travels around the globe, it falls to Zoe, and her mum the zoo vet, to settle them into their new home. She's good at this, because she can understand what they say and talk to them, too. But that's a secret! In the third book in the series, panda twins arrive at the zoo. How will Zoe tell them apart? Because one is sooo naughty, that's how... On Halloween night, Stillwater the giant panda tells Karl, Addy, and Michael a spooky and unusual story. But it's the gift he least expects--a wooden sailboat that Papa carved just for him--that teaches Panda the true spirit of Christmas. Xander's plan to host a panda party falls through, since he is the only panda at the zoo, but when he extends the invitation to all the bears, complications ensue. Includes an author's note about the international effort to save pandas from extinction. 40,000 first printing. Panda satire is alive and well in the first volume of The Panda Chronicles. Join Bob T. Panda and his cartoon friends from the popular blog, "The Panda Chronicles" as they prove that it IS all black and white! Be the bear! Book 2 continues the fun with more mischief from The Panda Kindergarten, More Panda Olympics, and just more pandas! In 1934, Ruth Harkness had never seen a panda bear. Not many people in the world had. But soon the young Mrs. Harkness would inherit an expedition from her explorer husband: the hunt for a panda. She knew that bringing back a panda would be hard. Impossible, even. But she intended to try. So she went to China, where she found a guide, built traps, gathered supplies, and had explorers' clothes made—unheard of for a woman in those days. Then she set out up the Yangtze River and into the wilderness. What she discovered would awe America: an adorable baby panda she named Su Lin, which means "a little bit of something very cute." With breathtaking illustrations from Caldecott Honor artist Melissa Sweet, this little-known true story shares the tale of an adventurous woman who was bold and brave—and the unforgettable journey that helped shape American attitudes toward wildlife. Tired of looking exactly alike, the people of the purple planet decide to become more colorful. This Journal (Diary, Notebook) features: 110 motivational quotes from famous people 8.5x 11 size specially designed cover for an elegant, professional look and feel matte cover 110 lined pages Two nations and a mother panda work together to nurture a "precious treasure" in the remarkable true story of a celebrity panda cub and his life at the Smithsonian National Zoo—and beyond. In August 2015, zookeepers at the National Zoo in Washington, DC, were thrilled to spot a tiny shadow on an ultrasound. For a species as rare as the giant panda, every new cub is cause for celebration. Zoo staff monitored mother Mei Xiang, and within days a newborn appeared, weighing in at just one third of a pound. While Mei Xiang cradled her vulnerable infant, zookeepers monitored the pair day and night through cameras in the panda den, and some two million viewers logged on to the zoo website. First Ladies Michelle Obama and Peng Liyuan hosted a ceremony to announce the cub's name: Bei Bei, meaning "precious treasure" in Mandarin Chinese. An instant celebrity, the cub captured hearts all over the world. But pandas in zoos are considered emissaries from the People's Republic of China, the only country where they live in the wild. Four years after his birth in America, Bei Bei would embark on an important new mission. Graphically arresting, packed with stunning full-color photographs, and vetted by the Smithsonian National Zoo, Bei Bei Goes Home paints a vivid picture of global conservation efforts—and international collaboration—in the guise of an ever-popular and beloved black-and-white ambassador. Read Along or Enhanced eBook: In this Chinese American retelling of "Goldilocks and the Three Bears," a careless Goldy Luck wreaks havoc on the home of a family of panda bears. Here is the astonishing true story of Ruth Harkness, the Manhattan bohemian socialite who, against all but impossible odds, trekked to Tibet in 1936 to capture the most mysterious animal of the day: a bear that had for countless centuries lived in secret in the labyrinth of lonely cold mountains. In The Lady and the Panda,

Vicki Constantine Croke gives us the remarkable account of Ruth Harkness and her extraordinary journey, and restores Harkness to her rightful place along with Sacajawea, Nellie Bly, and Amelia Earhart as one of the great woman adventurers of all time. Ruth was the toast of 1930s New York, a dress designer newly married to a wealthy adventurer, Bill Harkness. Just weeks after their wedding, however, Bill decamped for China in hopes of becoming the first Westerner to capture a giant panda—an expedition on which many had embarked and failed miserably. Bill was also to fail in his quest, dying horribly alone in China and leaving his widow heartbroken and adrift. And so Ruth made the fateful decision to adopt her husband's dream as her own and set off on the adventure of a lifetime. It was not easy. Indeed, everything was against Ruth Harkness. In decadent Shanghai, the exclusive fraternity of white male explorers patronized her, scorned her, and joked about her softness, her lack of experience and money. But Ruth ignored them, organizing, outfitting, and leading a bare-bones campaign into the majestic but treacherous hinterlands where China borders Tibet. As her partner she chose Quentin Young, a twenty-two-year-old Chinese explorer as unconventional as she was, who would join her in a romance as torrid as it was taboo. Traveling across some of the toughest terrain in the world—nearly impenetrable bamboo forests, slick and perilous mountain slopes, and boulder-strewn passages—the team raced against a traitorous rival, and was constantly threatened by hordes of bandits and hostile natives. The voyage took months to complete and cost Ruth everything she had. But when, almost miraculously, she returned from her journey with a baby panda named Su Lin in her arms, the story became an international sensation and made the front pages of newspapers around the world. No animal in history had gotten such attention. And Ruth Harkness became a hero.

Drawing extensively on American and Chinese sources, including diaries, scores of interviews, and previously unseen intimate letters from Ruth Harkness, Vicki Constantine Croke has fashioned a captivating and richly textured narrative about a woman ahead of her time. Part Myrna Loy, part Jane Goodall, by turns wisecracking and poetic, practical and spiritual, Ruth Harkness is a trailblazing figure. And her story makes for an unforgettable, deeply moving adventure. "From the Hardcover edition." "Weepingly funny." —The Wall Street Journal "Delightful." —BuzzFeed "Charmed my socks off." —David Arnold, New York Times bestselling author of *Kids of Appetite* and *Mosquitoland* Four starred reviews for this incisive, laugh-out-loud contemporary debut about a Taiwanese-American teen whose parents want her to be a doctor and marry a Taiwanese Ivy Leaguer despite her squeamishness with germs and crush on a Japanese classmate. At seventeen, Mei should be in high school, but skipping fourth grade was part of her parents' master plan. Now a freshman at MIT, she is on track to fulfill the rest of this predetermined future: become a doctor, marry a preapproved Taiwanese Ivy Leaguer, produce a litter of babies. With everything her parents have sacrificed to make her cushy life a reality, Mei can't bring herself to tell them the truth—that she (1) hates germs, (2) falls asleep in biology lectures, and (3) has a crush on her classmate Darren Takahashi, who is decidedly not Taiwanese. But when Mei reconnects with her brother, Xing, who is estranged from the family for dating the wrong woman, Mei starts to wonder if all the secrets are truly worth it. Can she find a way to be herself, whoever that is, before her web of lies unravels? From debut author Gloria Chao comes a hilarious, heartfelt tale of how, unlike the panda, life isn't always so black and white. Stillwater, the beloved Zen panda, now in his own Apple TV+ original series! Stillwater the Panda returns in a delightful companion to his Caldecott Honor Book, *Zen Shorts*. Summer has arrived -- and so has Koo, Stillwater's haiku-speaking young nephew. And when Stillwater encourages Koo, and his friends Addy, Michael, and Karl to help a grouchy old neighbor in need, their efforts are rewarded in unexpected ways. *Zen Ties* is a charming story of compassion and friendship that reaffirms the importance of our ties to one another. Pandas are irresistible and people think they know a lot about them. But only the true panda expert knows: - The age of a panda can be determined by measuring the distance between its nipples -In Egyptian hieroglyphics, the panda symbol means "notwithstanding" -Prince's song "Purple Rain" was inspired by the mixed emotions he feels about pandas Smart, funny, and chock-full of panda pictures, *100 Facts About Pandas* will astonish and entertain both animal lovers and everyone who laughed their way through *The Book of Bunny Suicides* and *F U*, Penguin. A fictional story based on a real-life event, *Pandas' earthquake escape* describes the adventures of a mother panda, LiLing, and her one-year old cub, Tengfei, as they escape a panda reserve following an earthquake. Can be used to teach children about earthquakes, animal survival, and a mother's instinct to protect her child. Includes "For Creative Minds" section. "This amusing picture book encourages imagination and individuality." —Booklist From the acclaimed author and illustrator of *The Big Umbrella* comes a delightful celebration of creativity and gumption about a girl and her panda that's *Calvin and Hobbes* meets *If You Give a Mouse a Cookie!* Sometimes when they say to draw a perfect circle, mine turn out a little wonky. I can draw a perfect fluffy cloud, a perfect scoop of ice cream, and a perfect flat tire. So when I draw a panda, I keep drawing more and more not-perfect circles until I see a panda. Then I step back and think, Does it need something else? He probably needs a hat, and then he is my panda. When a girl draws a panda, it comes to life and helps her embrace her own creativity and unique way of seeing the world. Mr. Panda shows that good things come to those who wait! Inspired by Buddhist philosophy and spirituality, British author and artist James Norbury created the adventures of *Big Panda and Tiny Dragon* to share ideas that have helped him through difficult times. James hopes the book's words and images will inspire others to pause, enjoy the stillness, and look at life in a positive new way. **WORDS OF WISDOM:** The seemingly simple, and often silly, conversations between *Big Panda* and *Tiny Dragon* reveal meaningful insights on friendship, inner wisdom, and self-acceptance. **INSPIRING IMAGES:** Depicted in bold brush strokes reminiscent of calligraphy, big, fluffy *Panda* and tiny, wiry *Dragon* journey through rolling hills, wooded forests, and blooming

"Price Includes VAT" Claws of the Panda tells the story of Canada's failure to construct a workable policy towards the People's Republic of China. In particular the book tells of Ottawa's failure to recognize and confront the efforts by the Chinese Communist Party to infiltrate and influence Canadian politics, academia, and media, and to exert control over Canadians of Chinese heritage. Claws of the Panda gives a detailed description of the CCP's campaign to embed agents of influence in Canadian business, politics, media and academia. The party's aims are to be able to turn Canadian public policy to China's advantage, to acquire useful technology and intellectual property, to influence Canada's international diplomacy, and, most important, to be able to monitor and intimidate Chinese Canadians and others it considers dissidents. The book traces the evolution of the Canada-China relationship over nearly 150 years. It shows how Canadian leaders have constantly misjudged the reality and potential of the relationship while the CCP and its agents have benefited from Canadian naivete. Bestselling Mr. Panda is back with a funny message about saying "thank you!" Generous Mr. Panda is giving away presents to all his animal friends, but they aren't being very grateful about the gifts they receive. It may be because the presents aren't quite right. Mouse receives a sweater that's too big, and Octopus gets six colorful socks even though he has eight legs. Fortunately, thoughtful little Lemur knows that even if the present isn't perfect, it's the thought that counts most of all. Just as Mr. Panda introduced good manners in Please, Mr. Panda and the importance of being patient in I'll Wait, Mr. Panda, Thank You, Mr. Panda is a graphic, kid-friendly way of teaching little ones the importance of saying "thank you" and recognizing that it's the thought that counts most of all behind every gift. In 1936, Quentin Young, a 22-year-old Chinese American, led American socialite Ruth Harkness on a 1,500-mile expedition into the remote mountains of Sichuan. Braving warlords and primitive tribes, the duo captured a giant panda and brought it back alive, the first time a live panda had been seen by the Western world. Hunters and scientists assumed the pair had stolen the animal. When it became clear the find was genuine, Ruth Harkness became a celebrity. But Quentin Young, together with his brother and fellow guide, Jack, was swept into the chaos of World War II and became a spy. A few years ago, Michael Kiefer discovered Quentin, now elderly and living in the United States. The resulting book sets the record straight. Everyone needs love -- even the bestselling Mr. Panda! Mr. Panda is waiting with eager and open arms to give free hugs -- but nobody seems to want any of his cuddles. After his friends Skunk, Croc, Elephant, Mouse, Sloth, and Ostrich hug each other, Mr. Panda is left wanting some love. If only he knew what his friends have in store... Steve Antony tells a heartwarming story with adorable art and good humor. It is time for bed and Mr. Panda reminds his friends Hippopotamus, Skunk, Sheep, and Sloth that they each have forgotten to do something. Skunk has forgotten to take a bath, Hippopotamus needs to brush his teeth, Sloth is too tired to move, and much more. Mr. Panda is there to remind them of the steps they've missed. As Lemur eventually finds out, however, even Mr. Panda can make a bedtime mistake! Steve Antony combines the ever-popular bedtime theme with the humor and fun that only Mr. Panda can bring. The critically adored, New York Times bestselling Deborah Underwood delights with a hilariously meta celebration of storytelling out of control. Every story needs a problem. But Panda doesn't have a problem. Unless . . . Panda is the problem. The New York Times bestselling author of Here Comes the Easter Cat and The Quiet Book loses control of the narrative in the funniest, most exuberant, most kid-delighting way in this adventurous ode to what makes a story--and what makes a story great. "Highly entertaining and laugh-out-loud funny."--Kirkus "Supremely silly."--Publishers Weekly "Excellent...Cute, cute book."--School Library Connection "Entertaining...humorous." --BCCB "Kid-friendly...visually appealing...cheeky...adorable."--The Horn Book "Hilarious, inventive...A joyful read aloud." --SLJ, The Classroom Bookshelf What is the proper way to ask Mr. Panda for doughnuts? With spot-on humor, a spare text, and adorable panda bear characters, this is a fun and familiar exchange between a parent and child that fans of I DON'T WANT TO BE A FROG! will easily relate to! I want pants, says a little panda to his father. You are a panda, answers the father. Pandas do NOT wear pants. And so begins a hilarious battle of wills when a young panda tries to convince his father why pants make perfect sense. After all, pants are soft. Pants keep you warm. Some pants even have . . . POCKETS! But with a menacing snow leopard lurking in the background, will the longed-for pants end up having an even greater role to play? Jacqueline Davies's humorous story, with deliciously droll illustrations from Sydney Hanson, captures the push and pull between a parent and child as they face off over the age-old dilemma of what to wear . . . with the most heartwarming of results. An in-depth look at the radical changes occurring in our nation's zoos—from cement-paved mazes to simulated rain forests to completely natural landscapes—as well as the history behind the actual idea of the zoo. Following the lead of private menageries in Europe, public zoos began to proliferate throughout America. What once started as symbols of prestige and power are now educational centers, developing advanced technologies in the race to conserve all that remains of the natural world. With DNA fingerprinting, artificial insemination, embryo transfers, and egg harvesting, zoos play a critical role in the fight to save endangered species.
