Manual for the Surveillance of Vaccine-Preventable Diseases, 2013 Mar 09 2022 The Manual for the Surveillance of Vaccine-Preventable Diseases, updated through 2013, provides current guidelines for those directly involved in surveillance of vaccine-preventable diseases, especially personnel at the local health departments. For each of the vaccine-preventable diseases, this manual includes a chapter describing the importance of rapid case identification; the importance of surveillance; disease reduction goals; case definitions (including clinical description and case classifications); epidemiologically important data to be collected during case investigation; activities for enhancing surveillance; activities for case investigation; and activities for outbreak control. Other chapters include information on surveillance indicators; surveillance data analyses; reporting adverse events following vaccination; and enhancing surveillance. In addition, the manual includes a section reserved for insertion of state-specific guidance for VPD surveillance and extensive appendices. This manual was first developed in 1996 to provide general guidance to state and local health department personnel who are involved in surveillance activities for vaccine-preventable diseases. This manual answers commonly asked questions regarding the surveillance and reporting of vaccine-preventable diseases and provides information on enhancing existing surveillance systems.

Gabbard's Treatments of Psychiatric Disorders Sep 15 2022 The definitive treatment textbook in psychiatry, this fifth edition of Gabbard's Treatments of Psychiatric Disorders has been thoroughly restructured to reflect the new DSM-5® categories, preserving its value as a state-of-the-art resource and increasing its utility in the field. The editors have produced a volume that is both comprehensive and concise, meeting the needs of clinicians who prefer a single, user-friendly volume. In the service of brevity, the book focuses on treatment over diagnostic considerations, and addresses both empirically-validated treatments and accumulated clinical wisdom where research is lacking. Noteworthy features include the following: Content is organized according to DSM-5® categories to make for rapid retrieval of relevant treatment information for the busy clinician. Outcome studies and expert opinion are presented in an accessible way to help the clinician know what treatment to use for which disorder, and how to tailor the treatment to the patient.

Content is restricted to the major psychiatric conditions seen in clinical practice while leaving out less common conditions and those that have limited outcome research related to the disorder, resulting in a more streamlined and affordable text. Chapters are meticulously referenced and include dozens of tables, figures, and other illustrative features that enhance comprehension and recall. An authoritative resource for psychiatrists, psychologists, and psychiatric nurses, and an outstanding reference for students in the mental health professions, Gabbard's Treatments of Psychiatric Disorders, Fifth Edition, will prove indispensable to clinicians seeking to provide excellent care while transitioning to a DSM-5® world.

Teaching Activities Manual for the Catholic Faith Handbook for Youth Jan 27 2021 This teaching activities manual works with both the first and second edition of The Catholic Faith Handbook for Youth. The Teaching Activities Manual for "The Catholic Faith Handbook for Youth" is designed not as a curriculum but as a collection of activities to help teachers make their current curriculum more meaningful and effective. Each chapter coincides with a chapter in The Catholic Faith Handbook for Youth and includes several activities that address the chapter's themes. Themes include: The Creed, Liturgy and Sacraments, Christian Morality, Christian Prayer. Two appendices help teachers use the The Catholic Faith Handbook for Youth

with their class. "Additional Resources" lists books, movies, and songs to use in class. "Prayer Experiences" is a collection of ten prayer services on themes present in the The Catholic Faith Handbook for Youth. The prayer services require minimal supplies and are designed to take 10 to 20 minutes.
