[Deacons: The diakon-word group in the New Testament and the ministry of the deacon](#) Jan 19 2023 [Deacons: The diakon-words in the New Testament and the ministry of the deacon](#) offers an in depth analysis of the concept of 'deacon' in the New Testament and its significance for present day congregational practices. The essence and content of the service of the deacon within the community of God forms the focus of the study. Significant passages in the New Testament are considered in fine exegetical manner to determine the guidelines offered within the context of these NT texts. In this way different perspectives are highlighted that enrich the overall understanding of the concept of 'deacon'. Obviously, this challenges some of the views held on this topic (that even influence the way several churches organise their diaconal service) and suggests some novel ideas related to the topic. Certain focal points are described, for instance, the centrality of the covenant and Kingdom in exercising diaconal service, or the interrelatedness of koinonia, diakonia and worship. This book offers a rich and responsible study of the concept of deacons in congregations, both on theoretical and practical levels. Prof Dr Jan van der Watt

[Language across Difference](#) May 19 2020 Once a predominantly African-American city, South Vista opened the twenty-first century with a large Latino/a majority and a significant population of Pacific Islanders. Using an innovative blend of critical ethnography and social language methodologies, Paris offers the voices and experiences of South Vista youth as a window into how today's young people challenge and reinforce ethnic and linguistic difference in demographically changing urban schools and communities. The ways African-American language, Spanish and Samoan are used within and across ethnicity in social and academic interactions, text messages and youth-authored rap lyrics show urban young people enacting both new and old visions of pluralist cultural spaces. Paris illustrates how understanding youth communication, ethnicity and identities in changing urban landscapes like South Vista offers crucial avenues for researchers and educators to push for more equitable schools and a more equitable society.

[Walking with God in Relationship - Prayer & God's Word - Group Leader's Guide](#) Dec 06 2021 The Walking with God series of studies encourages disciples to dig deeper in building their personal relationship with God whilst, at the same time, challenging them to nurture a missionary mind set which is to see people as Jesus sees them with a heart to demonstrate His love through various means of service. This book contains all the teaching notes as well as lots of hints and tips for leading a small group through the first set of studies in the series - Walking with God in Relationship - Prayer & God's Word. The aim is to lay a foundation of worship, prayer and personal study of the Word of God in the life of the disciple. It is hoped that as disciples enjoy gathering and growing together regularly they will want to carry on in their journey of discipleship by completing other Bible studies in the Walking with God series or other studies within New Beginnings Discipleship. The end-goal is that some will become effective disciple-makers themselves.
