Chasing Zero (An Agent Zero Spy Thriller—Book #9) Jan 19 2020 “You will not sleep until you are finished with AGENT ZERO. A superb job creating a set of characters who are fully developed and very much enjoyable. The description of the action scenes transport us into a reality that is almost like sitting in a movie theater with surround sound and 3D (it would make an incredible Hollywood movie). I can hardly wait for the sequel.” --Roberto Mattos, Books and Movie Reviews CHASING ZERO is book #9 in the #1 bestselling AGENT ZERO series, which begins with AGENT ZERO (Book #1), a free download with nearly 300 five-star reviews. The Palestinians decide they want to make peace with Israel—and they want the U.S. President to broker the historic treaty on their territory. Agent Zero advises the President against the dangerous trip, but he insists on going. After a series of dramatic and shocking twists, the most dangerous 48 hours of Zero’s life ensue, forcing him into an impossible mission: save the President at all costs. CHASING ZERO (Book #9) is an unputdownable espionage thriller that will keep you turning pages late into the night. Books #10-#11 are also available! “Thriller writing at its best.” --Midwest Book Review (re Any Means Necessary) “One of the best thrillers I have read this year.” --Books and Movie Reviews (re Any Means Necessary) Also available is Jack Mars’ #1 bestselling LUKE STONE THRILLER series (7 books), which begins with Any Means Necessary (Book #1), a free download with over 800 five star reviews!

Death Waits in the Dark Oct 08 2021 It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys’ killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.

How to Make Love in a Canoe Oct 28 2020 “With his book “s sexy scandals, sexy movies, famous sexy Canadians, sexy transgendered Canadians and sexy gay pioneers, Jeff Pearce has left no doubt that Canada is one sexy, um, country. If you haven’t already, this book will make you want to immediately run out and try making love in a canoe.”-Josey Vogels, Sex Columnist and author of *Bedside Manners: Sex Etiquette Made Easy* Face it, Canada, we’re SEXY! Our men offer more minutes of foreplay to their partners than Americans, and that’s just for starters. When it comes to sex in the Great White North, we’ve definitely mastered the art of staying warm. We’ve come a long way from our prudish past, but just how does sex fit into Canada’s national fabric in the 21st century? Join Jeff Pearce as he takes an irreverent romp through Canada’s little-known sexual history and peeks into the bedrooms of the nation. From goofy sex scandals involving German strippers and top-secret government documents to the battle between feminist activists and pornographers, there’s plenty here to get you hot and bothered. And the controversies rage on, with movie titles we can’t even print on this cover! So slip into something comfortable and get ready to read a seriously sexy chronicle that’s steamy enough to melt snow. Lie back and think of... Canada...

The Chateau Oct 16 2019 I’ve been taking care of my little sister for a long time. When Mom was gone, she suddenly became my responsibility. The best years of my life were spent being a caretaker to someone else...with no one to take care of me. So I moved to Paris for my study-abroad program and ended up staying, getting a French Literature degree, studying the classics while sipping the best wine I’d ever had. My sister never makes the best decisions, always makes messes to clean up, and it’s finally time for me to have my own life. But when she comes to Paris for a visit...she brings trouble with her. She gets herself into a bad situation, and of course, I come to her rescue...like I always do. Now we’re in a labor camp in the middle of nowhere, surrounded by endless snow and mountains, processing drugs for a group of men that never show their faces. There’s no chance of escape in this wilderness. Except for my guard. He’s not a saint, but he’s the only man that’s kind to me. He knows I want to escape, but he never reports me. When I’ve had a hard day, he brings me extra things to make my life easier. He tells me not to run because I’ll never make it...but he brings me little hidden tools...as if he’s giving me the means. Like he wants me to be free.

Horse Anatomy for Performance Dec 30 2020 Examine the anatomy of a horse from an entirely different perspective. This intriguing and original explanation of the 11 internal body systems of horses shows them painted on the outside to describe everything on the inside. The horse is a highly sophisticated living organism so to enable him to reach his full athletic performance and give him a happy, healthy quality of life it is vital to understand both his capabilities and limitations within the context of his structure and function. Gillian Higgins turns her trademark technique of painting internal diagrams directly onto live horses to show how all the systems work, and work together, to influence performance and reduce the risk of injury. Divided into 12 chapters, Horse Anatomy for Performance combines high quality photographs and intricate paintings with top tips and fascinating facts to provide a practical and useful guide to horse anatomy. Visually appealing, original and easily understandable, the book explains how anatomy influences the way we manage, ride and train our horses. This book is a sequel to How Your Horse Moves by Gillian Higgins; together the books provide a comprehensive guide to horse anatomy in action "Finally a book where you can learn how your horse ticks - inside out - and it is easy to understand and fun to read. A must for every serious equestrian." --Dr W.

Crazy Over You Sep 26 2020 She's on the sheriff's most wanted list. Waking up with a naked woman holding a knife at his throat is just about the last thing Sheriff Travis Flynn expected. And the brother she's looking for? A murderer. And dead. Probably. But the real shock comes when she insists she's not a Lycan. LeAnn Wilcox isn't looking for love...especially not from some wolf in sheriff's clothing. She operates on the other side of the law. Once she finds her brother-alive-she'll get out of the pack's territory and go back to her regular, normal, non-furry life of changing jobs and her name whenever her past closes in. The cool, logical Sheriff has finally met his match, but LeAnn's life is at stake if she won't claim her place in the pack, especially once his control over the pack is challenged and her brother's fate is questioned.

Hydrology and Hydroclimatology Jul 25 2020 This book presents a systematic approach to understanding and applying the principles of hydrology and hydroclimatology, examining the interactions among different components of the water cycle. It takes a fresh look at the fundamentals and challenges in hydrologic and hydroclimatic systems as well as climate change. The author describes the application of nontraditional data sets and new investigation techniques to water-related problems. He also examines long lead forecasting and simulation, time series analysis, and risk and uncertainty in hydrologic design.

Protecting His Witch Jan 31 2021 The last thing he wanted was to fall for a witch... Veterinarian Kat Ramsey hasn't a clue that she's a witch. Sure, she can read minds, and there's the whole "dimension-hopping" issue that she can't quite control, but Kat is determined to keep things normal. That is, until she accidentally hops into the Otherworld and runs into Matthew Ryan?the seriously hot one-night stand from years ago who shoved her out of his dorm. Naked. And there's the tiny matter of the curse she gave him. May you never find satisfaction with another woman. Billionaire and former druid Matthew Ryan hasn't forgotten the curse, or the witch who gave it to him. Kat's unexpected return means the curse will finally be broken. Unfortunately, his libido has other ideas?like how to get her back into his bed one last time. But far more worrying is his suspicion that Kat is the seventh Pleiades witch. Because while he's turned his back on his druidic ways, he's still bound to protect the woman who made his life hell. Each book in the Keepers of the Veil series is

How to Build Your Own Web Site with Little Or No Money Jan 11 2022 Web sites are an essential tool that every business must have in today's economy. Only 15 years ago, you could count the number of Web sites in the world with five or six digits; today there are between 15 and 30 billion active Web sites and millions more being added every day. Creating a Web site can be a great way to market a new product, promote your business plan, promote yourself, or simply share a few details about your life with the world. The cost of creating a Web site has risen right alongside the number of Web sites created though and many people are nervous about being able to utilize this revolutionary medium without breaking the bank. This book has been created for just such people, outlining for you in perfect detail everything you need to know to create a traffic attracting Web site, while spending little or no money at all. There are countless resources available, and when you put them all together, they provide a complete toolkit that can make anyone a top notch Web site in no time flat. You will learn how to buy a domain name and host your Web site for less than \$15, with no additional fees charged to your account. You will learn how to use open source software like Wordpress, Joomla, and Mambo to create a platform on which you can build anything you want. You will learn how blogging has made Web site creation easier than ever and how sites like Squidoo, Facebook, and MySpace allow you more freedom to build traffic and draw more attention to what you are advertising at any given time. You will learn how to use common software to edit and tweak your Web sites and how to read the basic code that all Web sites are created in. In addition, an entire chapter is devoted to teaching you how to promote your Web site and draw traffic to it, without spending a dime in the process. You will learn why information is the most valuable asset on the market and how you can become an expert in a niche of your choosing, making money to cover any fees associated with your Web site. With the added resource of hours of interviews with web professionals you will learn which free resources not to use and which ones to outright avoid, as well as how to find and install open source modules and tools to enhance the look and feel of your site. You will learn where you can find copyright-free images to use on your Web sites and how to get free copy that will draw traffic and entertain your visitors. You will learn how to keep a free Web site from falling into the traps the major search engines set to stop spam and ultimately how to leverage new friends, business contacts, and interactions out of your Web site. If you are now, or have ever, considered starting your own Web site before, this book will map the way for you.

Haruko's World Jul 17 2022 In Japan as in the United States, family farming is on the wane, increasingly rejected by the younger generation in favor of more promising economic pursuits and more sophisticated comforts. Yet for centuries past, the village and the family farm have constituted the world of the vast majority of Japanese women, as of Japanese men. The dramatic economic and demographic developments of the past two decades have ordered extensive changes in the lives of Japanese farm women, many of whom have been left virtually in charge of their family farms. This book is a study of Japanese farm women's lives in the present era: its central figure is 42-year-old Haruko, a complex, vibrant woman who both exemplifies and makes a mockery of the stereotype of Japanese women. Through Haruko we learn the work routine, family relationships, and social life of the women who are the mainstay of Japanese agriculture. Other women from Haruko's village also figure in the story, and the author's observations of them, based largely on a six-month stay with Haruko and her family in 1974-75, are supplemented with data from questionnaires and personal interviews. An epilogue recounts the author's return to Haruko's village in 1982 and describes the changes that have occurred since 1975 in the lives of Haruko's family and other village women. The book is illustrated with photographs.
