Plato's "Laws" Aug 06 2021 As he explicates the major themes and arguments of the dialogue, Benardete also shows how these strands of argument are interwoven throughout the Laws and then sets them against the quite different arguments on the same themes found in *The Republic* and *The Statesman*.--BOOK JACKET.

Heidegger's Philosophy of Being Feb 12 2022 This scrupulously researched and rigorously argued book is the first to interpret and evaluate the central topic of Martin Heidegger's philosophy his celebrated question of being in the context of the full range of Heidegger's thought. With this comprehensive approach Herman Philipse distinguishes in unprecedented ways the center from the incidental in Heidegger's philosophy. Philipse begins by explaining which problems an interpretation of Heidegger's question of being should solve and he specifies which type of interpretation is the best basis for an evaluation of Heidegger's idea of being and shows.

Exploring the Anxiety of Being Japanese May 23 2020 The nature of *Nihonjinron* lies in its attempt to explain who the Japanese are and thereby remove the anxiety associated with the identity of the modern Japanese. The existence of this anxiety stems from the fact that in modern times Japan occupied a peculiar historical position, namely, it was not a society that belonged to the Western history that produced "the modern age." Since Japan being an outsider in the so-called "Western" modern era is a historical given that cannot be changed retroactively, the anxiety arises again and again. When the "anxiety" rises, *Nihonjinron* is written, making interpretations in line with the features of that anxiety. However, as this anxiety over identity is ingrained and surpassable, a new form of "anxiety" always emerges and every time this happens a new work of *Nihonjinron* becomes a bestseller. Yet, by no means does this "anxiety" only increase in the event of crises involving "Japan"; it arises equally when the future of the country looks favourable, as its people do not feel certain about its success. This, the anxiety of the *Nihonjinron* as a response to it appears both when the country's power strengthens and when it fades.

Hide & Seek May 03 2021 Playing games is an age-old pastime that never loses its appeal. But what about this game of life we play every day? Is it possible to ever master it? For professional coach and speaker Karri Bruntz, the answer is a resounding yes! Woven cleverly into the framework of the world's most popular childhood game, Karri's remarkably powerful system for finding your authentic self is revealed step-by-step in this awe-inspiring guide. Generously sprinkled with thought-provoking insights and result-igniting action steps, *Hide & Seek* will help you rediscover your innocence while becoming your most successful, authentic, and inspired self. Personal growth has never been so much fun!

Discovering the Brain Jan 31 2021 The brain ... There is no other part of the human anatomy that is so intriguing. How does it

develop and function and why does it sometimes, tragically, degenerate? The answers are complex. In *Discovering the Brain*, science writer Sandra Ackerman cuts through the complexity to bring this vital topic to the public. The 1990s were declared the "Decade of the Brain" by former President Bush, and the neuroscience community responded with a host of new investigations and conferences. *Discovering the Brain* is based on the Institute of Medicine conference, Decade of the Brain: Frontiers in Neuroscience and Brain Research. *Discovering the Brain* is a "field guide" to the brain—an easy-to-read discussion of the brain's physical structure and where functions such as language and music appreciation lie. Ackerman examines: How electrical and chemical signals are conveyed in the brain. The mechanisms by which we see, hear, think, and pay attention—and how a "gut feeling" actually originates in the brain. Learning and memory retention, including parallels to computer memory and what they might tell us about our own mental capacity. Development of the brain throughout the life span, with a look at the aging brain. Ackerman provides an enlightening chapter on the connection between the brain's physical condition and various mental disorders and notes what progress can realistically be made toward the prevention and treatment of stroke and other ailments. Finally, she explores the potential for major advances during the "Decade of the Brain," with a look at medical imaging techniques—what various technologies can and cannot tell us—and how the public and private sectors can contribute to continued advances in neuroscience. This highly readable volume will provide the public and policymakers—and many scientists as well—with a helpful guide to understanding the many discoveries that are sure to be announced throughout the "Decade of the Brain."

True North Feb 18 2020 True North shows how anyone who follows their internal compass can become an authentic leader. This leadership tour de force is based on research and first-person interviews with 125 of today's top leaders—with some surprising results. In this important book, acclaimed former Medtronic CEO Bill George and coauthor Peter Sims share the wisdom of these outstanding leaders and describe how you can develop as an authentic leader. True North presents a concrete and comprehensive program for leadership success and shows how to create your own Personal Leadership Development Plan centered on five key areas: Knowing your authentic self Defining your values and leadership principles Understanding your motivations Building your support team Staying grounded by integrating all aspects of your life True North offers an opportunity for anyone to transform their leadership path and become the authentic leader they were born to be. Personal, original, and illuminating stories from Warren Bennis, Sir Adrian Cadbury, George Shultz (former U.S. secretary of state), Charles Schwab, John Whitehead (Co-Chairman, Goldman Sachs), Anne Mulcahy (CEO, Xerox), Howard Schultz (CEO, Starbucks), Dan Vasella (CEO, Novartis), John Brennan (Chairman, Vanguard), Carol Tome (CFO, Home Depot), Donna Dubinsky (CEO/cofounder, Palm), Alan Horn (President, Warner Brothers), Ann Moore (CEO, Time, Inc.) and many others illustrate the transitions that shape the type of leaders who will thrive in the 21st century. Bill George (Cambridge, MA) has spent over 30 years in executive leadership positions at Litton, Honeywell, and Medtronic. As CEO of Medtronic, he built the company into the world's leading medical technology company as its market capitalization increased from \$1.1

billion to \$60 billion. Since 2004, he has been a professor at the Harvard Business School. His 2004 book *Authentic Leadership* (0-7879-7528-1) was a *BusinessWeek* bestseller. Peter Sims (San Francisco, CA) established “Leadership Perspectives,” a course on leadership development at the Stanford Graduate School of Business and cofounded the London office of Summit Partners, a leading investment firm. Their Web site is www.truenorthleaders.com.

The Little Book of Being Jul 05 2021 A practical guide to experiencing natural awareness—an effortless and spacious state of resting in the depth of our being. Do you recall, as a child, being enthralled by a drifting cloud, a rain-soaked leaf, a wandering ladybug? Or suddenly having a sense of timelessness, contentment, and ease? If so, then you’ve already had a taste of natural awareness. Known and revered in many traditions as a complement to focused mindfulness training, natural awareness transcends even these wondrous childhood moments. Some describe it as a profound “awareness of awareness”—an effortless, boundless state of resting in the depth of our being. For those new to meditation and experienced meditators alike, these 72 “mini-chapters” guide you on an in-depth odyssey into natural awareness, illuminated by many simple and enjoyable insights and exercises. *The Little Book of Being* invites you to explore: The spectrum of awareness practices, from focused mindfulness to flexible mindfulness to natural awareness • How classical mindfulness and effortless natural awareness enrich and shape each other, and how to practice both • Three ways to move into natural awareness—relaxing effort, broadening awareness, and dropping objects • A treasury of “glimpse practices” to spark natural awareness anytime, in just a few moments • How to bring this way of “simply being” into your daily life, into your connection with others, and into the world “At first natural awareness may seem far away, just a whisper, but then it will begin to grow and expand and permeate aspects of living. Over time we may feel more peace, more connection to ourselves. We may find ourselves taking life a bit more lightly. We may feel a sense of relaxed ‘beingness’ throughout the day, and when we do get caught in our dramas, we may find ourselves moving out of them quicker than we imagined we could.” —Diana Winston

Discovering the Decisions within Your Business Processes using IBM Blueworks Live Jun 04 2021 In today's competitive, always-on global marketplace, businesses need to be able to make better decisions more quickly. And they need to be able to change those decisions immediately in order to adapt to this increasingly dynamic business environment. Whether it is a regulatory change in your industry, a new product introduction by a competitor that your organization needs to react to, or a new market opportunity that you want to quickly capture by changing your product pricing. Decisions like these lie at the heart of your organization's key business processes. In this IBM® Redpaper™ publication, we explore the benefits of identifying and documenting decisions within the context of your business processes. We describe a straightforward approach for doing this by using a business process and decision discovery tool called IBM Blueworks Live™, and we apply these techniques to a fictitious example from the auto insurance industry to help you better understand the concepts. This paper was written with a non-technical audience in mind. It is intended to help business users, subject matter experts, business analysts, and business managers get started discovering and documenting the decisions

that are key to their company's business operations.

Becoming: A Guided Journal for Discovering Your Voice Nov 09 2021 NATIONAL BESTSELLER • What's your journey of becoming? Based on Michelle Obama's bestselling memoir, this gorgeous journal features an intimate and inspiring introduction by the former First Lady and more than 150 inspiring questions and quotes to help you discover—and rediscover—your story. “It's not about being perfect. It's not about where you get yourself in the end. There's power in allowing yourself to be known and heard, in owning your unique story, in using your authentic voice. And there's grace in being willing to know and hear others. This, for me, is how we become.” —Michelle Obama In writing *Becoming*, a work of deep reflection and mesmerizing storytelling, Michelle Obama shared her own extraordinary journey to help create space for others to tell their stories and to give people the courage to discover the power of their own voice. With this journal, she now provides you with the encouragement to find value in your own personal journey of becoming. Printed on cream writing paper, with a grosgrain ribbon, foil-stamped cover, and removable half-jacket, *Becoming: A Guided Journal for Discovering Your Voice* includes thought-provoking prompts designed to help you reflect on your personal and family history; your goals, challenges, and dreams; what moves you and brings you hope; and what future you imagine for yourself and your community. Writes Mrs. Obama in the Introduction to the *Becoming* journal, “I hope you'll use this journal to write down your experiences, thoughts, and feelings, in all their imperfections, and without judgment. . . . We don't have to remember everything. But everything we remember has value.” These pages will help you capture your own voice and journey so you can nurture your sense of belonging. Inside, you'll find an opportunity not only to take heart in the experiences that brought you to where you are today, but also to feel empowered to take those next steps, wherever they might lead.

The Discovery of Being Feb 24 2023 “Clear, accurate, and interesting. There is no better short introduction to the existential approach to psychology.” —Dallas Morning News The brilliant psychologist Rollo May was a major force in existential psychology. Here, he brings together the ideas of Kierkegaard, Nietzsche, and other great thinkers to offer insights into its ideas and techniques. He pays particular attention to the causes of loneliness and isolation and to our search to find new and firm moorings in order to move toward a future where responsibility, creativity, and love can play a role.

Reinventing Discovery Nov 16 2019 "Reinventing Discovery argues that we are in the early days of the most dramatic change in how science is done in more than 300 years. This change is being driven by new online tools, which are transforming and radically accelerating scientific discovery"--

Sunshine Warm Sober May 15 2022 The long-awaited sequel to *THE UNEXPECTED JOY OF BEING SOBER* - the Sunday Times bestseller 'Exquisite' - Fearné Cotton, Happy Place 'A paean to the longer-term pleasures of staying booze-free' - The Guardian 'The kind of book that changes lives, and very possibly saves them' - The Lancet Psychiatry 'A reflective, raw and riveting read. A beautiful book on what it takes to root for yourself' - Emma Gannon, Ctrl Alt Delete 'No other author writes about sober living with as much warmth or emotional range as Catherine Gray. Her deep insight into the subtle psychologies of drinking, and of life, means that everything she writes is both utterly relatable and stretches our minds. Hers is a rare wisdom.' - Dr Richard Piper, CEO, Alcohol Change UK What's it like to give up drinking forever? We know now that being teetotal for one, three, even twelve months brings surprising joys and a recharged body... but nothing has been written about going years deep into being alcohol-free. As Catherine Gray, author of runaway bestseller *The Unexpected Joy of Being Sober*, streaks towards a decade sober, she explores this uncharted territory in her trademark funny, disruptive and warm way. This is a must-read for anyone sober-curious, whether they've put down the bottle yet or not. Praise for *The Unexpected Joy of Being Sober*: 'Fascinating' - Bryony Gordon 'Truthful, modern and real' - Stylist

'Brave, witty and brilliantly written' - Marie Claire 'Gray's tale of going sober is uplifting and inspiring' - Evening Standard 'Not remotely preachy' - Sunday Times 'Jaunty, shrewd and convincing' - Sunday Telegraph 'Admirably honest, light, bubbly and remarkably rarely annoying' - Guardian 'An empathetic, warm and hilarious tale from a hugely likeable human' - The Lancet Psychiatry

Flint implements in the drift; being an account of their discovery on the continent and in England Aug 18 2022

Discovering Precision Health Sep 19 2022 Today we are on the brink of a much-needed transformative moment for health care. The U.S. health care system is designed to be reactive instead of preventive. The result is diagnoses that are too late and outcomes that are far worse than our level of spending should deliver. In recent years, U.S. life expectancy has been declining. Fundamental to realizing better health, and a more effective health care system, is advancing the disruptive thinking that has spawned innovation in Silicon Valley and throughout the world. That's exactly what Stanford Medicine has done by proposing a new vision for health and health care. In *Discovering Precision Health*, Lloyd Minor and Matthew Rees describe a holistic approach that will set health care on the right track: keep people healthy by preventing disease before it starts and personalize the treatment of individuals precisely, based on their specific profile. With descriptions of the pioneering work undertaken at Stanford Medicine, complemented by fascinating case studies of innovations from entities including the Chan Zuckerberg Biohub, GRAIL, and Impossible Foods, Minor and Rees present a dynamic vision for the future of individual health and health care. You'll see how tools from smartphone technology to genome sequencing to routine blood tests are helping avert illness and promote health. And you'll learn about the promising progress already underway in bringing greater precision to the process of predicting, preventing, and treating a range of conditions, including allergies, mental illness, preterm birth, cancer, stroke, and autism. The book highlights how biomedical advances are dramatically improving our ability to treat and cure complex diseases, while emphasizing the need to devote more attention to social, behavioral, and environmental factors that are often the primary determinants of health. The authors explore thought-provoking topics including: The unlikely role of Google Glass in treating autism How gene editing can advance precision in treating disease What medicine can learn from aviation *Discovering Precision Health* showcases entirely new ways of thinking about health and health care and can help empower us to lead healthier lives.

Discovering Your Personal Vocation Aug 26 2020 Helps readers identify their personal vocation, or special way of being, so that they may reach out more effectively to others. Elaborates on the connection between personal vocation and the Spiritual Exercises. +

DISCOVER YOUR BEING IN GOD Jun 16 2022 The majority of the human beings go through the stage of purpose; freedom; call; work; and direction in each one of the lives; stage during which unfortunately many follow their own will; some are

overtaken by the responsibilities and the trend; while some others deviate themselves from the perfect will of God the Lord; for their lives; a great number of individuals are conformed to the day to day waiting for what would come. However; exist people in whose internal being is burning the will and the call of God for their lives; people to which God made a call “Because God is the one that in yourselves produce the want or the will as the doing; for his good will.” (Phil 2:13). Is necessary to respond to God compromising with God to obey to his voice and then God would respond with the accomplishment of his voice; meanwhile of his word which is the will of God with the life of each believer “In what you would offer over my althar corrupted bread. And you said: ¿In what we had dishonored you? In thinking that the table of Jehovah is despreciable.” The time of assuming the service and the call from God is today; God is talking to you and is calling you the time is now. (Rom 13:11).

Discovering the Mind of a Woman Oct 28 2020 In Discovering the Mind of Women husbands learn to understand their wives as Christ would. From this point they learn to respond to their wives in a consistent Christlike manner. A radically transformed and renewed marriage is the result. Drawing from his own story and the stories of husbands whose marriages were dissolving, Ken Nair reveals major problems in life and marriage. After discussing the problems, he reveals relationship altering concepts which not only will revive a marriage, they will radiate throughout couple's lives as well.
