Wild child Isidora Avramov is a thrill chaser, adept demon summoner, and—despite the whole sexy-evil-sorceress vibe—also a cuddly animal lover. When she's not designing costumes and new storylines for the Arcane Emporium's haunted house, Issa's nursing a secret, conflicted dream of ditching her family's witchy business to become an indie fashion designer in her own right. But when someone starts sabotaging the celebrations leading up to this year's Beltane festival with dark, dangerous magic, a member of the rival Thorn family gets badly hurt—throwing immediate suspicion on the Avramovs. To clear the Avramov name and step up for her family when they need her the most, Issa agrees to serve as a co-investigator, helping none other than Rowan Thorn get to the bottom of things. Rowan is the very definition of lawful good, so tragically noble and by-the-book he makes Issa's teeth hurt. In accordance with their families' complicated history, he and Issa have been archenemies for years and have grown to heartily loathe each other. But as the unlikely duo follow a perplexing trail of clues to a stunning conclusion, Issa and Rowan discover how little they really know each other... and stumble upon a maddening attraction that becomes harder to ignore by the day.

Witch Apr 03 2021 "Lisa Lister is an uber-goddess of humour, wisdom, fun and cheek. She's just what THIS doctor ordered." - Dr Christiane Northrup, author of Goddesses Never Age and Making Life Easy A witch is a wise woman, a healer. Yet for so long the word "witch" has had negative connotations. In this book, third generation hereditary witch Lisa Lister explains the history behind witchcraft, why identifying as a healer in past centuries led women to be burned at the stake, and why the witch is reawakening in women across the world today. All women are witches, and when they connect to source, trust their intuition, and use their magic, they can make medicine to heal themselves and the world. This book is a re-telling of Herstory, an overview of the different schools of witchcraft and the core principles and practices within them. Discover ancient wisdom made relevant for modern witches:

- The wheel of the year, the sabbats, the cycles of the moon.
- Tools to enhance your intuition, including oracle cards and dowsing, so that you can make decisions quickly and comfortably.
- Understanding the ancient use of the word "medicine".
- How to work with herbs, crystals, and power animals so that you have support in your spiritual work.
- How to build and use a home altar to focus your intentions and align you with seasonal cycles, the moon cycles, and your own intentions for growth.
- Cleanse, purify, and create sacred space.
- Work with the elements to achieve deep connection with the world around you.

In addition, Lisa teaches personal, hands-on rituals and spells from her family lineage of gypsy witch magic to help you heal, manifest, and rediscover your powers. Above all, Lisa shows that we really are "the granddaughters of the witches that they couldn't burn".

Witch Witch, Bad Witch Oct 29 2020 Bad at magic. Ostracized by my coven. Stalked by darkness. It doesn't take much to be a white witch. Harm none. Nurture the earth. Be mindful in all magic. But what happens when the magic doesn't mind the witch? What if bad things keep happening, and the only link is me? When my coven turns against me, naturally I rebel. But I never wanted to hurt my coven, my family. I just wanted to be normal for once, but normal is something I will never have. Darkness exists, and for whatever reason, it's followed me home, and nothing will ever be the same.

Blood, Smoke and Mirrors Feb 01 2021 Robyn Bachar's Bad Witch series blends urban fantasy and romance in a Chicago filled with magic, vampires, shapeshifters and troublemaking Shakespearean fairies. Even a bad witch deserves a second chance. Catherine Baker stopped caring about magician politics after the witches threw her out four years ago, convicted of the "crime" of using harmful magic in self-defense. Life as an outcast was nothing new, thanks to her father's wicked reputation, but the injustice left her heart scarred. Especially since she'd been turned in by the man she loved. Alexander Duquesne has never faltered in his duties as a guardian-until now. He still suffers lingering guilt over his role in Cat's exile, and when the old Titania is murdered, Cat is in line to be the next victim. Lex will do anything to keep Cat alive, even if she hates him for it. Hunted by a powerful stranger intent on drawing her into an evil web, Cat reluctantly accepts Lex's protection and the resurrected desire that comes along with it. Lex faces the fight of his life to keep her safe...and win her back. If they both survive. What reviewers are saying about Blood, Smoke and Mirrors: "For a debut book, this story has an incredibly strong and funny main character ... and a strange and interesting world of characters. ... If I had to grab one word to describe this book, it would be refreshing. Not like a diet Coke or something that's saccharine and only satisfying in the short term, but refreshing like thinking to yourself, 'Oh, that's new, that's different' while reading a plot that could have turned on a dime into well-trod cliché-land. Bachar keeps the story firmly in the present with a quick and witty narrator, and I kept reading." -Sarah Wendell, Smart Bitches, Trashy Books "Blood, Smoke and Mirrors was a compelling read. Catherine 'Cat' Baker was an authentic and endearing heroine - big butt and all. ...overall, I was impressed and glad that I had the opportunity to discover Robyn Bachar. I'll be looking forward to what she does next. But first I have to get something to eat. I have this insatiable craving for chocolate chip pancakes..." -Paul Goat Allen, Explorations: The Barnes & Noble SciFi and Fantasy Blog
