Urban regeneration
is often regarded as

the process of renewal or redevelopment of spaces and places. There is a need to look at tourism and urban regeneration with a particular focus on cultural heritage. Cultural heritage consists of tangible heritage (such as historic buildings) and intangible heritage (such as events). The wider need and impact for such work is that places plan for change to keep up with the shifts in demand in the global economy in order for places to maintain a competitive advantage. Moreover, places need to keep up with the pace of global change or they risk stagnation and decline as increased

competition is resulting in increased opportunities and choice for consumers. Each chapter in this book explores a specific form of cultural heritage that is driving change in urban spaces. Intended for a wide readership, the book will appeal to students of urban studies, human geography, heritage studies and international tourism management, as well as experts conducting research in and across these areas. A Simon & Schuster eBook. Simon & Schuster has a great book for every reader. Fighting to rebuild her life after shattering losses,

Auburn Reed is unexpectedly attracted to an enigmatic artist only to discover that the object of her affections is hiding threatening secrets from his past. By the #1 New York Times best-selling author of *Slammed*. Original. For visitors and recent arrivals, *Atlanta Rising*, will serve as the essential primer on the ins and outs of the South's capital city. For natives, the book offers up a rich menu of surprising new facts and fresh insights about their own hometown. Eve Gilchrist is born on New Year's Day 1900. The daughter of a liberal-minded Wiltshire doctor, she grows up in the village of Staple

Abbots and attends the local school. Among the farm-workers' children she stands alone, isolated by class through her father and her uncle, the local squire. But she does make one firm friend in Frank Mailer, a small, intelligent boy who leaves school at the age of twelve to work in the fields. Eve's affection for Frank blossoms into love, and she assumes they will marry; but her uncle has other ideas and intervenes with devastating effect... As the century stumbles on from tragedy to triumph and back again, Eve finds hope and a kind of fulfilment in the poorer districts of Bristol, as she makes a life for

herself in the enthralling saga of courage and conviction. Sweet Auburn Historical District is located east of downtown Atlanta. The term was coined by John Wesley Dobbs, because of the rich abundance of flourishing businesses owned by African-Americans within this exquisite community. The cover depicts homes that are directly across from the Martin Luther King's boyhood home. Sweet Auburn Historical District was designated a National Heritage Historical Landmark in 1976. Local author and underground restaurant host Amanda Plumb provides pro-tips on the meals, the menus, and the must-tries throughout the city. Let the "Gate City

of the South" be your gateway to a most unique, southern and international culinary experience. In 1948, responding to orders from on high, the Atlanta Police Department is forced to hire its first black officers, including war veterans Lucius Boggs and Tommy Smith. The newly minted policemen are met with deep hostility by their white peers; they aren't allowed to arrest white suspects, drive squad cars, or set foot in the police headquarters. But they carry guns, and they must bring law enforcement to a deeply mistrustful community. When black a woman who was last seen in a

car driven by a white man turns up dead, Boggs and Smith take up the investigation on their own, as no one else seems to care. Their findings set them up against a brutal cop, Dunlow, who has long run the neighborhood as his own, and his partner, Rakestraw, a young progressive who may or may not be willing to make allies across color lines. Among shady moonshiners, duplicitous madams, crooked lawmen, and the constant restrictions of Jim Crow, Boggs and Smith will risk their new jobs, and their lives, while navigating a dangerous world--a world on the cusp of great change. --

Excerpt from Sweet Auburn and Mount Auburn: With Other Poems Mount auburn is an object of interest not merely to a few individuals or even towns, but many thousand hearts are directly or indirectly concerned in whatever relates to this beautiful land of the departed, this City of the Silent. To me every thing connected with it has a peculiar interest. Its old name, Sweet Auburn, was very dear to me, and from the days of my earliest recollection its scenes have been familiar to my view. In nineteen days, six million visitors jostled about in a

southern city grappling with white flight, urban decay and the stifling legacy of Jim Crow. Six years earlier, a bold, audacious partnership of a strong mayor, enlightened business leaders and Atlanta's Black political leadership dared to bid on hosting the 1996 Olympic Games. Unexpectedly, the city won, an achievement that ignited a loose but robust coalition that worked collectively, if sometimes contentiously, to prepare the city and push it forward. This is a story of how once-struggling Atlanta leveraged the benefits of the Centennial Games

to become a city of international prominence. This improbable rise from the ashes is told by three urban planning professionals who were at the center of the story."--Back cover.
