Beginning with God's creation, this Science series leads students
to a more in-depth knowledge about themselves and the multiple

facets of their environment. In Grades 1-8, the Science series teaches basic knowledge about man and his physical environment. Health studies covering proper nutrition, hygiene, and disease are discussed. For secondary courses, Grades 9-12 teaches Physical Science, Biology, Chemistry, and Physics. Grade 10 covers Biology. Study & Master Agricultural Sciences Grade 10 has been especially developed by an experienced author team for the Curriculum and Assessment Policy Statement (CAPS). This new and easy-to-use course helps learners to master essential content and skills in Agricultural Sciences. The comprehensive Learner's Book includes: * an expanded contents page indicating the CAPS coverage required for each topic * activities throughout that help develop learners' knowledge and skills * revision tasks and review at the end of each module that provides for consolidation of learning * case studies that link science to real-life situations and present balanced views on sensitive issues * 'information' boxes providing interesting additional information and 'Note' boxes that bring important information to the learner's attention * Glossary boxes to explain unfamiliar and difficult terms Study & Master Physical Sciences Grade 10 has been especially developed by an experienced author team for the Curriculum and Assessment Policy Statement (CAPS). This new and easy-to-use course helps learners to master essential content and skills in Physical Sciences. The innovative Teacher's File includes: * guidance on the teaching of each lesson for the year * answers to all activities in the Learner's Book * assessment guidelines * photocopiable templates and resources for the teacher ... meets all the requirements of the new Grade 10 Science Syllabus. Units of work are organised according to the Grade 10 Science Syllabus, namely: 10.1

Working scientifically through projects and investigations; 10.2 Microbiology; 10.3 Chemical reactions; 10.4 Light; 10.5 Communication. Practical Science is an exciting new science course for Lower Secondary. The books are structured simply, and feature a wealth of full-colour photographs, diagrams and illustrations which will engage students and help bring science to life. Each unit states the outcomes as detailed in the syllabus and takes account of the skills, attitudes and values required. At the conclusion of each topic is a summary of main ideas. The Grade 9 book also includes a fascinating section showcasing real PNG scientists and their work at home and abroad. By working through this Study Guide you will definitely improve your results - whether you are working towards being the top performer in your class or whether you regularly break out in a sweat when you have to present your test scores or school report at home! Experienced educators and examiners have put together this marvellous resource that provides you with: Explanations, activities and exercises and their answers for each knowledge area Tips on how to study science and to prepare for all kinds of formal assessment Additional information on science skills, rules and conventions Exemplar examination papers for you to work through and their answers A glossary of science terms used in Grade 10 Physical Sciences This Study & Master Study Guide is written to guide you through the content of the NCS for Physical Sciences. The Pearson Science Second Edition Activity Book is a write-in resource designed to develop and consolidate students' knowledge and understanding of science by providing a variety of activities and questions to apply skills, reinforce learning outcomes and extend thinking. Updated with explicit differentiation and

improved learner accessibility, it provides a wide variety of activities to reinforce, extend and enrich learning initiated through the student book. Best Value Bundle: Each Student Text purchase includes online access to the Student eBook EXTRA. Nelson Science Perspectives 10 offers a variety of features that engage, motivate, and stimulate student curiosity while providing appropriate rigour suitable for Grade 10 academic students. Student interest and attention will be captured through a powerful blend of engaging content, impactful visuals, and the dynamic use of cutting-edge technology. Instructors will be able to create a dynamic learning environment through the use of the program's comprehensive array of multimedia tools for teaching and learning. This visually engaging student resource includes: *

- * Newly written content developed for students in an age-appropriate and accessible language
- * Real-world connections to science, technology, society, and the environment (STSE) that make the content relevant to students
- * 100% match to the Ontario 2009 revised science curriculum
- * A variety of short hands-on activities and more in-depth lab investigations
- * Skills Handbook that provides support for the development of skills and processes of science, safety, and communication of science terms

*Hardcover Grade level: 10, i, s. Study & Master Physical Sciences Grade 12 has been especially developed by an experienced author team for the Curriculum and Assessment Policy Statement (CAPS). This new and easy-to-use course helps learners to master essential content and skills in Physical Sciences. Study & Master Physical Sciences was developed by practising teachers and covers all the requirements of the RNCS for Physical Sciences. Learner's Book: [?] module openers explaining themes Ž

unit openers highlighting key concepts & outcomes achieved ☐ learning Outcomes and Assessment Standards for each activity ☑ icons, indicating group, paired or individual activities ☑ definitions & formulas are clearly explained and highlighted ☐ case studies applying the skills, knowledge, values and attitudes learned to situations in the real world ☑ 'Did you know?' features providing additional information ☑ Summative Assessment activities at the end of each module. Teacher's Guide: ☑ comprehensive overview of the RNCS ☑ an introduction to outcomes-based education ☑ information on how to manage assessment in the classroom ☑ photocopiable assessment sheets ☑ background information and teaching hints for each Unit ☑ answers to the activities in the Learner's Book. Combined into one set, the LIFEPAC 10th Grade 5-Subject Set contains five core subjects: Bible, History & Geography, Science, Language Arts, and Math. And it costs less than ordering subjects individually! This step-by-step, Bible-centered curriculum is based on the concept of mastery learning and offers flexibility with personalized instruction. Colorful, consumable lessons and supplemental hands-on activities make this Alpha Omega curriculum set fun and easy. Each LIFEPAC subject contains ten separate worktexts and a teacher's guide. Filled with motivating lessons and diverse review questions, the LIFEPAC 10th Grade 5-Subject Set will give your child a solid, well-rounded education! Discover a better way to order homeschool curriculum. It's quick and easy. Just order the LIFEPAC 10th Grade 5-Subject Set today. The 10th Grade Science Experiments DVD is a recommended resource not included in this set. Study & Master Life Sciences Grade 10 has been especially developed by an experienced author team for the

Curriculum and Assessment Policy Statement (CAPS). This new and easy-to-use course helps learners to master essential content and skills in Life Sciences. The comprehensive Learner's Book includes: * an expanded contents page indicating the CAPS coverage required for each strand * a mind map at the beginning of each module that gives an overview of the contents of that module * activities throughout that help develop learners' science knowledge and skills as well as Formal Assessment tasks to test their learning * a review at the end of each unit that provides for consolidation of learning * case studies that link science to real-life situations and present balanced views on sensitive issues. * 'information' boxes providing interesting additional information and 'Note' boxes that bring important information to the learner's attention

Study & Master Physical Sciences Grade 10 has been especially developed by an experienced author team for the Curriculum and Assessment Policy Statement (CAPS). This new and easy-to-use course helps learners to master essential content and skills in Physical Sciences. The comprehensive Learner's Book:

- explains key concepts and scientific terms in accessible language and provides learners with a glossary of scientific terminology to aid understanding.
- provides for frequent consolidation in the Summative assessments at the end of each module
- includes case studies that link science to real-life situations and present balanced views on sensitive issues
- includes 'Did you know?' features providing interesting additional information
- highlights examples, laws and formulae in boxes for easy reference.

A Science revision book for use throughout Grades 9 & 10 in PNG. Content is arranged in three sections: 1. Questions from past exam papers for Gr 10 Science. 2. Summaries

of each Topic and explanation of Scientific terms.3. Detailed answers with notes and explanations.Excellent preparation for students who want to do well in their Grade 10 Science exam
