"People who thought the 2008 financial collapse was over a long time ago need to meet the people Jessica Bruder got to know in this scorching, beautifully written, vivid, disturbing (and occasionally wryly funny) book." —Rebecca Solnit From the beet fields of North Dakota to the campgrounds of California to Amazon's CamperForce program in Texas, employers have discovered a new, low-cost labor pool, made up largely of transient older adults. These invisible casualties of the Great Recession have taken to the road by the tens of thousands in RVs and modified vans, forming a growing community of nomads. Nomadland tells a revelatory tale of the dark underbelly of the American economy—one which foreshadows the precarious future that may await many more of us. At the same time, it celebrates the exceptional resilience and creativity of these Americans who have given up ordinary rootedness to survive, but have not given up hope. The original "jeep" was created in the 1940s, when the U.S. Army realized it didn't have a modern car that could run on farmland, through mud, and across streams. This is the story of how people came together to create a new car that could carry soldiers and supplies just about anywhere, but was small and light so it could be packed up and sent halfway around the world. Today, the original "jeep" has turned into a whole series of "Jeeps," big and small. This is a print on demand edition of a hard to find publication. Former Beatles drummer Ringo Starr takes a photographic tour through his life. Part how-to, part personal memoir, The Big Tiny is an utterly seductive meditation on the benefits of slowing down, scaling back, and appreciating the truly important things in life. More than ten years ago, a near-death experience abruptly reminded sustainability advocate and pioneer Dee Williams that life is short. So, she sold her sprawling home and built an eighty-four-square-foot house—on her own, from the ground up. Today, Williams can list everything she owns on one sheet of paper, her monthly housekeeping bills amount to about eight dollars, and it takes her about ten minutes to clean the entire house. Adapting a new lifestyle left her with the ultimate luxury—more time to spend with friends and family—and gave her the freedom to head out for adventure at a moment’s notice, or watch the clouds and sunset while drinking a beer on her (yes, tiny) front porch. FIELD & STREAM, America’s largest outdoor sports magazine, celebrates the outdoor experience with great stories, compelling photography, and sound advice while honoring the traditions hunters and fishermen have passed down for generations. Provides a Christian perspective on how to make education a meaningful experience at home or at school, for parents, students, and educators. Jay Shetty, social media superstar and host of the #1 podcast On Purpose, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: -How to overcome negativity -How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to

learn from everyone you meet -Why you are not your thoughts -How to find your purpose -Why kindness is crucial to success -And much more... Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his re?sume?, he moved back home in north London with his parents. Shetty reconnected with old school friends—many working for some of the world's largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world's most popular influencers. In 2017, he was named in the Forbes magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, On Purpose, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, Think Like a Monk reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can—and should—think like a monk. Peanut Butter is a sad little fish. His best friend, Honey, just moved away. The two friends were perfect together, just like a peanut butter and honey sandwich. Now Honey is gone, and Peanut Butter needs a new friend-but how will he find one? Peanut Butter sets out on a thrilling adventure deep in the ocean to find a new best friend. He starts his journey by seeking out only the most beautiful fish in the sea and rejecting all others. Along the way, he encounters colorful characters like sharks, an angelfish, a moon snail, and many more. Peanut Butter soon realizes that if he wants real friendship, he'll have to look deeper and discover the beauty within other fish. If he can do that, perhaps he'll finally find the perfect friend. Join Peanut Butter on his big adventure, and share in the discovery of a vibrant undersea community. More importantly, swim along with him as he learns about the importance of true friendship. Sid was never one for happy endings. Barely affording college and hardly surviving her unrequited love story, she never saw herself as special. But, when she stumbles into Ever After Inc. and lands a job making people happy, she begins to see that everyone is capable of finding a happily ever after, and with the overwhelming support of seven conniving cousins, she has a running start. (cover art by Theresa Woods) Looking back at her lengthy career just four years before her death, modernist painter Nell Blaine said, "Art is central to my life. Not being able to make or see art would be a major deprivation." The Virginia native's creative path began early, and, during the course of her life, she overcame significant barriers in her quest to make and even see art, including serious vision problems, polio, and paralysis. And then there was her gender. In 1957 Blaine was hailed by Life magazine as someone to watch, profiled alongside four other emerging painters whom the journalist praised "not as notable women artists but as notable artists who happen to be women." In Central to Their Lives, twenty-six noted art historians offer scholarly insight into the achievements of female artists working in and inspired by the American South. Spanning the decades between the late 1890s and early 1960s, this volume examines the complex challenges these artists faced in a traditionally conservative region during a period in which women's social, cultural, and political roles were being redefined and reinterpreted. The presentation—and its companion exhibition—features artists from all of the Southern states, including Dusti Bongé, Anne Goldthwaite, Anna Hyatt Huntington, Ida Kohlmeyer, Lois Mailou Jones, Alma Thomas, and Helen Turner. These essays examine how the variables of historical gender norms, educational barriers, race, regionalism, sisterhood, suffrage, and modernism mitigated and motivated these women who were seeking expression on canvas or in clay. Whether working from studio space, in spare rooms at home, or on the world stage, these artists made remarkable contributions to the art world while fostering future generations of artists through instruction, incorporating new aesthetics into the fine arts, and challenging the status quo. Sylvia Yount, the Lawrence A. Fleischman Curator in Charge of the American Wing at the Metropolitan Museum of Art, provides a foreword to the volume. Contributors:Sara C. So going to Holland to help an elderly Dutch doctor with a book he was writing, giving up her own nursing job for a while, seemed ideal. Her new employer had two partners. One was elderly and friendly, like himself, while the other was younger and...not quite so friendly. Giles van der Tiele always seemed to be snubbing Cressida, putting her in her place. But when he wanted to, he could be extremely charming—too much so for her peace of mind!
