Dog Owner's Manual Feb 14 2022 When considering their canine friends, what do dog owners really need to know? Important stuff, according to Buster, like how dogs would run the world if they were in charge (fleas would taste like hamburger, only dogs would be allowed to pick up dropped food). What they fantasize about (mostly steaks, open garbage cans, and female dogs). The rules that govern sniffing other dogs. Buster and his capable translator, David E. Carter, have created a most useful book that's also delightfully funny. Dog Owner's Manual will resonate with the millions of pooch possessors who secretly know - but won't always admit - who really owns who.
