A murder leads detective Jack Caffery into England's drug underground in this "brilliant, dense, scary" crime thriller in the Edgar Award-winning series (The Globe and Mail, Toronto). Nine feet under water, police diver Flea Marley closes her gloved fingers around a human hand. The fact that there's no body attached is disturbing enough—until the discovery of the matching appendage a day later. Both hands have been freshly amputated, and there are indications that the victim was still alive when they were removed. Newly seconded to the Major Crime Investigation Unit in Bristol, DI Jack Caffery soon establishes that the hands belong to a young man who has recently disappeared. As Caffery and Marley search for the rest of the victim—and for his abductor—they journey into the darkest recesses of Bristol's underworld, where drug addiction is rife, street kids sell themselves for a hit, and a disturbing occult ritual may be making an unexpected appearance. "Hayder . . . moves to another level in this spellbinder. With characters so complex, so fascinating that they could populate a dozen novels . . . Definitely one of the best crime novels of [the year]." —The Globe and Mail "Ritual moves from the eerie and dangerous to the downright ferocious as steadily as an oncoming train . . . You're going to love the ride." —Jack Ketchum, author of *The Lost* and *The Girl Next Door* "Superb . . . Hayder vividly evokes torture and drug abuse, but the violence is never gratuitous. Readers looking for visceral thrills need look no further than this gritty English series." —Publishers Weekly, starred review "Hayder . . . outdoes herself, flip-flopping the supernatural and the explainable like a cycle of poison and antidote that will remain with the reader long after the final page." —Booklist, starred review The sensational new Jack Caffery thriller from Mo Hayder, bestselling author of *Gone* and *Poppet*. Who's afraid? I believe, from what I can hear, that either my daughter or my wife has just been attacked. I don't know the outcome. The house is silent. Fourteen years ago two teenage lovers were brutally murdered in a patch of remote woodland. The prime suspect confessed to the crimes and was imprisoned. Now, one family is still trying to put the memory of the killings behind them. But at their isolated hilltop house . . . the nightmare is about to return. A Jack Caffery thriller from "easily today's best writer of visceral and elemental horror . . . guaranteed to creep out even the strongest of heart." (Booklist, starred review) In her eerie and

hair-raising thriller *Skin*, Mo Hayder trails her two unforgettable protagonists as they race to staunch a rising tide of blood in a sweltering port town. When the decomposing body of a young woman is found, the wounds on her wrists suggest an open-and-shut case of suicide. But Jack Caffery is not so sure. Other apparent suicides are cropping up, and they all have a connection to Elf's Grotto, a nearly bottomless network of flooded quarries just outside the city. Caffery begins to suspect a shadowy and sinister predator, someone—or something—that can disappear into darkness and slip into houses unseen. Working alongside Caffery is rough-and-tough police diver Flea Marley, but while pursuing her investigation, she stumbles upon something far too close to home that no one—not even Caffery—can help her face. *Skin* is a penetrating dissection of family, friendships, and the evil that can tear them apart—or bind them together. Devious and disturbing, it introduces one of Hayder's most horrifying villains yet. "Hayder is not a subdued writer. Her characters are almost as chilling as the horrors that they are investigating." —The Times (London) Now a major motion picture: A boy's abduction reawakens a haunted past for British detective Jack Caffery in this "deliciously chilling thriller" (Publishers Weekly, starred review). In a quiet residential area in London, a couple is discovered bound and imprisoned in their own home. Savagely battered and severely dehydrated, the worst revelation is yet to come: Their eight-year-old son has been abducted. When the boy's body is found, forensic evidence reveals disturbing parallels to events in Det. Jack Caffery's own past. As more evidence accumulates, Caffery struggles to maintain his professional distance. But the case is hurtling toward a terrifying conclusion that will force him to confront the demons he's tried so hard and so long to bury . . . "The most frightening book I've ever read." —The Guardian "Hayder handles procedural detail, dialogue, and volatile subject matter with powerful dexterity." —Publishers Weekly, starred review This dark and disturbingly compelling thriller from bestselling and prize-winning author Mo Hayder is not for the faint-hearted. Perfect for fans of Stephen King, Stuart MacBride and Karin Slaughter, it is one read you won't be able to forget easily... 'A first-class shocker . . . a frightening mix of forensics, thrills, analytical police work and poetic images.' -- Guardian 'Wickedly constructed . . . The detail, if you can stomach it, is fascinating.' -- Daily Telegraph 'Hayder's vibrant narrative and crunchy characterisation propel the book along to its denouement with fearsome velocity' -- The Times 'WOW! This is one scary thriller, gripping from the first page to the last' -- \*\*\*\*\* Reader review 'I was hooked!' -- \*\*\*\*\* Reader review 'An exhilarating, but disturbing, read that has you on the edge of your seat from the get go' -- \*\*\*\*\* Reader review

\*\*\*\*\* THE RITUAL HAS TO END. SOON. Greenwich, south-east London: Detective Inspector Jack Caffery - young, driven, unshockable - is called to one of the most gruesome crime scenes he has ever seen. Five young women have been ritualistically murdered and dumped on wasteland near the Millennium Dome. Subsequent post-mortems reveal a singular, horrific signature linking the victims. Soon Caffery realises that he is on the trail of that most dangerous offender: a serial killer. Beset by animosity within the police force, haunted by the memory of a very personal death long ago, Caffery employs every weapon forensic science can offer to hunt him down. Because he knows that it is only a matter of time before this sadistic killer strikes again... The Edgar Award-winning, internationally bestselling author delivers a bone-chilling novel about a family held hostage in their country home. *Wolf* kicks off when a vagrant—the Walking Man, an enigmatic, recurring character in Hayder's fiction—finds a dog wandering alone with a scrap of paper with the words "HELP US" attached to its collar. He's sure it's a desperate plea from someone in trouble and calls on Det. Inspector Jack Caffery to investigate. Caffery is reluctant to get involved—until the Walking Man promises to exchange new information regarding the childhood disappearance of Caffery's brother. Caffery has no idea who or what he is searching for, but one thing he is sure of: it's a race against time. Meanwhile, the Anchor-Ferrers, a wealthy local family, are fighting for their lives, held hostage in their remote home ten miles away. As their ordeal becomes increasingly bizarre and humiliating, the family begins to wonder: Is this really a random crime? "The home invasion novel to end all home invasion novels . . . *Wolf* is exceptionally original in premise and nightmarish in its

rendering.”—BookPage Detective Jack Caffery hunts a twisted carjacker in this Edgar Award-winning thriller from the “maestro of the sinister” and author of *Birdman* (New York Daily News). Jack Caffery’s new case seems like a routine carjacking until he realizes the sickening truth: The thief wasn’t after the car, but the eleven-year-old girl in the back seat. And she’s not the only young girl who’s been taken. Meanwhile, police diver Sgt. Flea Marley is pursuing her own theory of the case, and what she finds in an abandoned, half-submerged tunnel could put her in grave danger. The carjacker is always one step ahead of the Major Crime Investigation Unit, and as the chances for the victims’ survival grow slimmer, Caffery and Marley race to fit the pieces together. With this award-winning entry in her acclaimed series set first in London, and now in Bristol, England, “Hayder, again, proves expert at ratcheting up the tension” (The Independent). “It’s a tribute to Hayder’s powers as a suspense writer that she completely turns the over-familiar premise of this novel inside out and upside down.” —The Washington Post “Compelling . . . First-rate mystery that takes full advantage of the wintry, moonlit West Country and the unusual skills of its lady diver.” —Kirkus Reviews A “profoundly creepy and creepily convincing thriller” of religious fanatics and hoax debunkers from the Edgar Award-winning author of *Hanging Hill* (Publishers Weekly, starred review) Journalist Joe Oakes makes a living exposing supernatural hoaxes, but when he visits a secretive religious community on a remote Scottish island, everything he thought he knew is overturned. Following the trail of a strange creature caught briefly on film, so deformed it can hardly be human, Oakes crosses a border of electrical fencing, toxin-filled oil drums, and pig skulls to infiltrate the territory of the groups’ isolated founder, Malachi Dove. Their confrontation, and its violent aftermath, is so catastrophic that it forces Oakes to question the nature of evil—and whether he might be responsible for the heinous crime about to unfold . . . This latest entry from the acclaimed British author of the Jack Caffery novels “taps into the current fascination with all things supernatural and questions our assumptions about a number of subjects, from faith healing to cultish religious groups and society’s definition of evil” (Marilyn Stasio, The New York Times Book Review). “[Hayder] remains one of our most adventurous, unpredictable and ambitious writers.” —The Guardian “Hayder offers both a riveting story and a nuanced, distinctly modern look at secrecy and publicity, belief and skepticism, normal and taboo, (in)sight and blindness.” —Publishers Weekly, starred review “An adventurous, edgy, literate writer.” —Kirkus Reviews In this “powerful and frightening” British thriller, two estranged sisters confront a crime that exposes the nightmares that lurk at the edges of domesticity (Irish Independent). On a picture-perfect morning in Bath, England, a teenage girl’s body is found on the towpath of a canal. Police detective Zoe Benedict is convinced the department head should look beyond the usual domestic motives to solve the brutal murder case. But no one wants to hear any far-fetched ideas from the department’s black sheep. Meanwhile, Zoe’s sister, Sally, has started working as a housekeeper for a wealthy entrepreneur whose eccentricities are beginning to seem increasingly repugnant, and possibly dangerous. As Zoe digs into the case and Sally’s suspicions grow, all signs point to one conclusion: There’s something very wrong at the house on *Hanging Hill*. “A chiller to the very end. Hayder deals with Britain at its grittiest.” —Peter Millar, The Times (London) “Mo Hayder has crafted a powerful and frightening thriller that grips the reader from page one to the blood-freezing shock of the final page. Utterly compelling.” —Irish Independent “[A] superbly plotted tale [with] an end more alarming than anything that comes before.” —New York Daily News

Five bodies, all young women, all ritualistically murdered and dumped near the Millennium Dome in southeast London. A post-mortem examination tells the police they’re dealing with a sexual serial killer. Detective Inspector Jack Caffery knows he has only limited time before the sadistic killer strikes again. The diplomatic relations between Greece and the United States in the interwar period have received scant attention from historians, primarily because of the non-political and non-military role of the United States in that part of the world prior to the Second World War. The American presence in Greece after 1917, however, would be fundamental to the social and economic development of the Greek nation, while American influence would eventually permeate all levels of Greek society. Dr. Cassimatis offers the first, full-length account of this formative period in the history of Greek-American diplomacy. The issues

separating the governments of the United States and Greece in the 1920s were simultaneously self-contained and international in scope. For Greece, they were self-contained because they involved solutions to domestic problems affecting the welfare--indeed, the survival--of the Greek nation. Internationally, they were interconnected because efforts to bring about their resolution contributed to an American entanglement in the Near-East policies of Great Britain, France and Italy. Thus, American loans, commercial aggrandizement, the inroads of American capital, philanthropy, and cultural relations were but components of a larger diplomatic setting in which the interests of the United States came into conflict with the interests of the Western European powers. »Skrämmer vettet ur en!« | Lotta Olsson, DN »Mo Hayder är en lysande deckarförfattare.« | Gunilla Wedding, Skånska dagbladet »Mo Hayder är den blodigaste thrillerförfattaren på den här sidan Atlanten.« | The Mirror »Behandlingen är en av de otäckaste böcker jag någonsin läst.« | The Guardian »Fågelmannen kommer att skrämja livet ur dig.« | Elle En ung och ambitiös kriminalkommissarie som Jack Caffery får inte låta sig chockeras. Men en morgon kallas han till en öde utkant av sydöstra London, där fem svårt sargade kvinnokroppar påträffats, alla märkta med samma fruktansvärda signatur: en liten fågel insydd i bröstet. Och det är bara en tidsfråga innan den nekrofila seriemördaren slår till igen. En man och hans hustru hittas inspärrade i sitt eget hem på en stillsam bostadsgata i södra London. De är gravt uttorkade, och de har blivit fastbundna och brutalt misshandlade. Mannen är nära döden. Och det ska bli ännu värre: deras åttaårige son saknas. När Jack Caffery kallas in för att utreda visar det sig vara omöjligt för honom att förhålla sig kyligt och objektivt till brottet - likheterna med händelser ur hans eget förflutna är alltför stora. Fågelmannen och Behandlingen är de två första delarna i Mo Hayders hyllade serie om kriminalkommissarie Jack Caffery, här samlade i en volym. I översättning av Peter Lindforss och Anders Bellis. "One of the best novels of [the year]. . . Giles Blunt has a tremendous talent." —Tony Hillerman "Forceful . . . surprising . . . [Blunt's] insights into suffering and madness give his characters their true voice." —The New York Times In the quiet Canadian town of Algonquin Bay, a frozen body has been found in an abandoned mine shaft. She is quickly identified as Katie Pine, a teenager who had disappeared months ago. At the time, Detective John Cardinal insisted that Katie was no ordinary runaway. His relentless pursuit and refusal to give up on the case got him demoted from Homicide. But now the Canadian police force wants Cardinal back on the case—with a new associate by his side. And as these two untrusting partners gather evidence of a serial murder spree, a pair of sociopaths is closing in on the next victim. The Treatment In a residential neighbourhood in south London, a husband and wife are found tied up and imprisoned in their house. Their young son is missing. Detective Jack Caffery is called in to investigate. When the child's body is found, he attempts to unravel the motive and sequence of events, especially when he discovers that a tragedy in his own past is indirectly connected to the murder. In this chilling, seamlessly-plotted thriller, British detective Jack Caffery must find a dangerous mental patient on the loose—before he can kill again . . . The Beechway High Secure Unit in Bristol, England, has a storied past—first as a nineteenth-century workhouse, then a poorhouse

for the homeless, and now as a psychiatric hospital. With that troubled history come superstitions like the Maude, believed to be the ghost of a sadistic workhouse matron. But while some of the patients and staff think the Maude is behind a series of unexplained episodes of self-harm amongst the ward's patients, nursing coordinator AJ LeGrande thinks they might be the work of an all too human horror—a homicidal patient who was released back into the public in error. Calling on Det. Jack Caffery, LeGrande hopes his investigation will reveal what's truly been going on inside and outside the hospital's walls. But what Caffery discovers about former patient Isaac Handel is beyond anyone's imagining. "Enough evil to keep readers awake long after the cases are solved . . . Rich psychological portraits [and] a compelling mystery." —Los Angeles Times "Dipping into Poppet when the house was silent and the rain was spattering against the windows probably wasn't a good idea: The book oozes sinisterness from the first page . . . [Its] high-wire tension . . . never wavers." —Entertainment Weekly
