**romp.”—Cosmopolitan, on Marrying for Money When Rachel Buckley announces that she is going to tie the knot, her best friends Yaslyn and Carrie Ann organise a luxury 'hen week' in sun-soaked Turkey. It should be the perfect send off to single life. But her friends have packed more than just sun creams and bikinis - they've also brought with them a serious amount of emotional baggage. Add unlimited free cocktails, rampant reps and a nasty dose of sunstroke and suddenly seven sunny days puts even the firmest friendships to the test. When Emily Brown's life and business is turned around by a surprise visit from Carina Lees, an immaculately-groomed reality TV star, she can't believe her luck. With just one other member of staff to help her out at her Essex salon The Beauty Spot, Emily is pushed for time as well as money. So Carina's patronage and the subsequent financial success of the salon is more welcome than a sunbed session in December. But even with the assistance of skilled-yet-shabby new girl Natalie, things start to go mysteriously wrong, and it soon becomes clear that someone's got it in for the salon. And with tactics dirtier than a gardener's fingernails, the battle of the beauticians commences. For, under all the make-up and manicures, Carina is not who she seems and, although confronting the past can be painful, Emily eventually has to stare the truth in the face and realise it's what's inside that really counts . . . Praise for Chris Manby 'Nothing short of brilliant' - Marie Claire 'Delicious read' - Daily Mail Why is it that your best friend always seems to end up with men who treat her badly? Why is that your best male friend seems intent on dating the kind of girl who thinks that Nietzsche is an STD? Why is it that your own little black book looks more and more like the non-celeb client list of the Priory? Why can't any of you find someone quite right? Ruby, Martin and Lou are three old friends who have spent too much time talking about the ones that got away. Facing another summer without love, they decide to approach the dating dilemma in the way they approached finding flatmates. They're going to place personal ads. For one another. Will it tempt their dream date/soul mate? Or is it a recipe for romantic disaster? For fans of Alice Hoffman, Sarah Addison Allen, and Adriana Trigiani, The Witches of Cambridge reveals an astonishing world where the heart's deepest secrets give way to the magic of life-changing love. Be careful what you wish for. If you're a witch, you might just get it. Amandine Bisset has always had the power to feel the emotions of those around her. It's a secret she can share only with her friends—all professors, all witches—when they gather for the Cambridge University Society of Literature and Witchcraft. Amandine treasures these meetings but lately senses the ties among her colleagues beginning to unravel. If only she had her student Noa's power to hear the innermost thoughts of others, she might know how to patch things up. Unfortunately, Noa regards her gift as a curse. So when a seductive artist claims he can cure her, Noa jumps at the chance, no matter the cost. Noa's not the only witch who's in over her head. Mathematics professor Kat has a serious case of unrequited love but refuses to cast spells to win anyone's heart. Kat's sister, Cosima, is not above using magic to get what she wants, sprinkling pastries in her bakery with equal parts sugar and enchantment. But when Cosima sets her sights on Kat's crush, she conjures up a dangerous love triangle. As romance and longing swirl through every picturesque side street, the witches of Cambridge find their lives unexpectedly upended and changed in ways sometimes extraordinary, sometimes heartbreaking, but always enchanting. When their mother announces she wants the whole family to go on a week-long holiday in Lanzarote for her sixtieth birthday, both dread the excursion for different reasons. Sophisticated singleton Chelsea, a fashion journalist, would rather not revisit the "chips with everything" world she left behind when she moved to London. Ronnie, now a mother of two, is feeling fat and frumpy: the last thing she wants is to strip down to a swimsuit alongside her super-thin, super-chic sis. The week begins badly and gets worse, as underlying tensions and secrets are exposed. And then their mother drops a bombshell on the group. Will the holiday bring the sisters closer, or blow the Benson family apart? ~\*~You are invited to the Wedding of Chelsea Benson and Adam Baxter~\*~ Preparations for Chelsea and Adam's nuptials are only just beginning when Chelsea's grandad is taken seriously ill. Determined to have him at the big day, a new wedding date is set at once - for just twelve weeks' time! Now, with the help of her family (including her soon-to-be in-laws), Chelsea must organise her perfect winter wedding. Fast. But as she contends with a frosty mother-in-law, family feuds, and a firework fiasco it seems that Chelsea may need more than Christmas magic to turn her dream of a proper family wedding into a reality . . . When the glamorous Grosvenor sisters arrive in the exclusive Hamptons beach town of Little Elbow, they can't help but cause a stir. Gorgeous Grace and Charming Charity are soon hot favourites on everybody's guest-list. Except that of their neighbour, Marcella Hunter. Heiress Marcella doesn't want the competition and when Grace starts dating Marcella's 'Plan B' man - dull but extraordinarily rich Choate Fitzgerald - the gloves are off. Marcella determines to find out where the sisters really came from. And exactly how they can afford to rent a six-bedroom beach house in this millionaires' playground. In the process, however, it's discovered that quite a few of the people spending that summer in Little Elbow are not exactly what they seem... **present-day New York City, Laurie Moran realizes a missing bride is the perfect cold case for her investigative television series, Under Suspicion."-- In Louise Shaffer's delightfully charming new novel, a hopeless romantic (and author adrift) searches for a happy ending—and decides to write her own love story. After the success of her first novel, Love, Max—an irresistibly funny look at divorce as seen through a dog's eyes—Francesca's fictional saga becomes real when her sexy photographer husband bails on her. The good news is that Francesca gets custody of their apartment and their dog—an adoring scamp who has mastered the art of unconditional love. Still, a girl and her dog have to eat, so a desperate search for income leads Francesca to Chicky, a spunky, red-haired octogenarian who wants Francesca to write the memoirs of her parents, Joe and Ellie, who toured the vaudeville circuit in the early 1920s. Francesca is reluctant to take the job, but Chicky's tales soon lure her into a showbiz era as irresistible and unlikely as the love story that unfolds. As she re-creates Joe and Ellie's story, Francesca reflects, with hilarious honesty, on her own childhood and marriage—and discovers how to put the pieces of her life back together in a way that redefines herself and the true meaning of family and love.**
