Practical English Language Teaching: PELT Reading Nov 14 2019 Practical English Language Teaching offers a thorough yet practical overview of language teaching methodology for teachers and teachers in preparation. The principles outlined in each chapter are richly illustrated with vignettes and extracts from real classrooms so the reader can see what the principles "look like" when realized in classroom teaching. The book is divided into three sections: Exploring Skills, Exploring Language, and Supporting the Learning Process. FEATURES: Critical areas of language teaching are comprehensively addressed with a specific focus on practical techniques, strategies, and tips. World-class specialists like Neil Andersen, Kathleen M. Bailey, Mary Ann Christison, and David Nunan offer a variety of perspectives on language teaching and the learning process. Reflection questions invite readers to think about critical issues in language teaching while Action tasks outline strategies for putting new techniques into practice. Thoughtful suggestions for books, articles, and Web sites offer resources for additional, up-to-date information. Expansive glossary offers short and straightforward definitions of core language teaching terms. This is the PELT Reading text.

What Is This Thing Called Language? Dec 08 2021 Written by eminent linguist David Nunan, this concise text immerses readers in the complex, curious and continually evolving phenomenon that is at the centre of everything we do: language. It can be fascinating, puzzling and entertaining - and sometimes all of these at the same time. Featuring entertaining anecdotes and interesting examples throughout, this book introduces readers to the foundations of language, namely its sounds, words and grammar, before illustrating how language is used in different ways in a variety of contexts. Fully updated and revised for the second edition, it covers a wide range of

topics, including language variation and culture, second language acquisition and bilingualism. Students, teachers and non-specialists alike will enjoy this engaging and 'unput-down-able' introduction to language and linguistics. Assuming no prior knowledge of applied or theoretical linguistics, it will appeal to anyone with an interest in language. New to this Edition: - Illustrated with examples taken from a range of different languages - New content on language and culture, language variation, second language acquisition, bilingualism and the impact of globalization on language use

Exploring Second Language Classroom Research Jan 09 2022 Exploring Second Language Classroom Research is a comprehensive introductory manual for beginning and advanced researchers. Second Language Teacher Education Jun 02 2021 '... A beautifully written, articulate and compelling argument for a sociocultural perspective on second language teacher education . . . Essential reading for all who wish to understand this perspective.' - David Nunan, University of Hong Kong '...Significant and timely. Johnson is masterful at writing in an engaging, transparent prose about complex concepts. It's a rare scholar who can write prose like this. Throughout my reading I wanted to engage in dialogue with her - this is a sure sign of a great book.'" - Diane Tedick, University of Minnesota, USA This book presents a comprehensive overview of the epistemological underpinnings of a sociocultural perspective on human learning and addresses in detail what this perspective has to offer the field of second language teacher education. Captured through five changing points of view, it argues that a sociocultural perspective on human learning changes the way we think about how teachers learn to teach, how teachers think about language, how teachers teach second languages, the broader social, cultural, and historical macro-structures that are ever present and ever changing in the second language teaching profession, and what constitutes second language teacher professional development. Overall, it clearly and accessibly makes the case that a sociocultural perspective on human learning reorients how the field understands and supports the professional development of second language teachers.

Pronunciation Feb 16 2020 The basic principles and terminology of this important, but sometimes neglected, area are explained in this book. Pronunciation helps teachers to understand and evaluate the materials available to them, and so approach the teaching of pronunciation with more confidence. The book includes over 120 classroom projects which readers can use to develop their pronunciation teaching.

This volume is a collection of nine original papers exploring dimensions of individual difference in language learning from narrative and biographical perspectives. Topics covered include motivation, emotion, age, learning strategies and beliefs, identity and the influence of classroom, distance and self-instructional settings. The authors use a variety of research methods to investigate learners' experiences of these aspects of the learning process. Among the countries represented in the research are Australia, Bahrain, China, Japan, Taiwan, Thailand, New Zealand, Peru, the United Kingdom and the United States. The studies will be of interest to teachers, teachers-in-

preparation, teacher educators and researchers.

Taking Control Jun 21 2020 **TAKING CONTROL: Autonomy in Language Learning** focuses on an area of language learning and teaching that is currently receiving an increasing amount of attention. The book, featuring 18 chapters from key figures around the world in the field of autonomous and self-access language learning, provides insightful coverage of the theoretical issues involved, and represents a significant contribution to research in this area. At the same time, it provides a variety of examples of current practice, in classrooms and self-access centres, at secondary and tertiary levels, and in a number of different cultural contexts. This volume is a timely publication which will be of interest to all those concerned with learner autonomy and self-directed language learning.

Language Learning Beyond the Classroom Nov 19 2022 This volume presents case studies of language learning beyond the classroom. The studies draw on a wide range of contexts, from North and South America to Europe and the Asia-Pacific region. Each provides principled links between theory, research and practice. While out-of-class learning will not replace the classroom, ultimately all successful learners take control of their own learning. This book shows how teachers can help learners bridge the gap between formal instruction and autonomous language learning. Although English is the primary focus of most chapters, there are studies on a range of other languages including Spanish and Japanese.

Faces of English Education Mar 19 2020 **Faces of English Education** provides an accessible, wide-ranging introduction to current perspectives on English language education, covering new areas of interest and recent studies in the field. New Ways in Teaching Listening May 01 2021 This guide is a collection of practical ideas for teaching listening skills to learners of a second language. Most are contributed by teachers of English as a Second Language, but the activities may be appropriate for other languages. Each idea is described briefly, with information given about appropriate proficiency level(s), specific aims, class time requirements, preparation time, needed resources, procedures, and caveats and options. The first section focuses on development of cognitive strategies: listening to the main idea; listening for details; and predicting. Section 2 contains activities that demonstrated the interlinked nature of listening with speaking, pronunciation, and vocabulary. The third section provides ideas for teaching aspects of stress, intonation, and register, particularly as they relate to pronunciation. A subsequent section deals with the use of technology in the listening classroom, and the

next with listening for academic purposes, especially at the higher education level, where instruction is often provided in a second language. The final section draws together disparate tasks that deal with affective aspects of the listening process, using songs and relaxation techniques. An addendum includes tasks for dealing with problems in the listening classroom. (MSE)

***The Self-Directed Teacher* Feb 27 2021 Advances in second language teaching methodology, including new emphases on communicative language teaching and learner-centeredness, have significantly changed the roles teachers play in the classroom, making ever greater demands upon their classroom management skills. For Nunan and Lamb, "management" refers to the planning and creation of a positive pedagogical environment which facilitates learning. They focus on the kinds of professional decisions teachers must make to ensure that learning takes place effectively. The ultimate aim of the book is to help teachers and teachers-in-preparation become "self-directed" by providing them with the knowledge and skills needed to take effective control of the teaching and learning processes in their classrooms. The Self-directed Teacher prepares teachers to make independent decisions in key areas such as lesson planning, teacher talk, group work, error correction, resource management, and evaluation. The text uses a task-based approach, and the material presented is well supported by theory and research.**

***Learner-centered English Language Education* Dec 20 2022 This carefully crafted collection provides a snapshot of the evolution of David Nunan's theoretical and empirical contributions to the field of second language education over the last 40 years. The volume focuses on the development of his work on second language curricula, and in particular, the work for which he is best known: learner-centered education and task-based learning and teaching. David Nunan has been a language teacher, researcher and consultant for 40 years. He has lived and worked in many countries, principally in the Asia-Pacific region, but also in the Americas, Europe and the Middle-East. In addition to his research and scholarly work, he is the author of several major textbook series for the teaching and learning of English as a foreign Language. These texts are based on his task-based language teaching approach, and are widely used in schools, school systems and universities around the world.**

***Learning-centered Communication* Dec 16 2019 Atlas is a four-level series for teenagers to adults. Its solid language development and task-based approach helps students successfully learn English.**

***Educating Second Language Teachers* Sep 24 2020 Donald Freeman examines how core**

ideas and practices in educating second language teachers relate to and differ from teacher education in other content areas. He weaves together research in general and second language teacher education with accounts of experience and practice to examine how background knowledge is defined in language teaching. Throughout, Freeman demonstrates how understanding the processes of teacher learning, knowing, thinking, and reflecting are 'the same things done differently' in second language teacher education. Educating Second Language Teachers reconsiders pre- and in-service teacher education, and proposes a detailed, comprehensive design theory for teacher education. "A masterful account of the landscape of second language teacher education and the development of its theoretical assumptions and practices. It offers a unique and original conceptualization of the field and will be an invaluable resource for teachers, teacher educators and researchers." Jack C. Richards, University of Sydney and University of Auckland Additional online resources are available at www.oup.com/elt/teacher/eslt Donald Freeman is Associate Professor of Education at the University of Michigan. Directions in Self-Access Language Learning Oct 14 2019 This is a collection of articles on the topic of self-access language learning by a variety of experienced educators currently active in the field of English language teaching in Hong Kong. Separate chapters discuss a wide range of issues confronting ELT professionals in tertiary and secondary education, and in the private sector.

Language and Culture Mar 11 2022 This state-of-the-art exploration of language, culture, and identity is orchestrated through prominent scholars' and teachers' narratives, each weaving together three elements: a personal account based on one or more memorable or critical incidents that occurred in the course of learning or using a second or foreign language; an interpretation of the incidents highlighting their impact in terms of culture, identity, and language; the connections between the experiences and observations of the author and existing literature on language, culture and identity. What makes this book stand out is the way in which authors meld traditional 'academic' approaches to inquiry with their own personalized voices. This opens a window on different ways of viewing and doing research in Applied Linguistics and TESOL. What gives the book its power is the compelling nature of the narratives themselves. Telling stories is a fundamental way of representing and making sense of the human condition. These stories unpack, in an accessible but rigorous fashion, complex socio-cultural constructs of culture, identity, the self and other, and reflexivity, and offer a way into these constructs for teachers, teachers in preparation and neophyte researchers. Contributors from around the world give the book broad and international appeal.

Teaching English to Speakers of Other Languages Jul 15 2022 David Nunan's dynamic learner-centered teaching style has informed and inspired countless TESOL educators around the world. In this fresh, straightforward introduction to teaching English to speakers of other languages he presents teaching techniques and procedures along with the underlying theory and principles. Complex theories and research studies are explained in a clear and comprehensible, yet non-trivial, manner without trivializing them. Practical examples of how to develop teaching materials and tasks from sound principles provide rich illustrations of theoretical constructs. The content is presented through a lively variety of different textual genres including classroom vignettes showing language

teaching in action, question and answer sessions, and opportunities to 'eavesdrop' on small group discussions among teachers and teachers in preparation. Readers get involved through engaging, interactive pedagogical features and opportunities for reflection and personal application. Each chapter follows the same format so that readers know what to expect as they work through the text. Key terms are defined in a Glossary at the end of the book. David Nunan's own reflections and commentaries throughout enrich the direct, up-close style of the text.

Autonomy and Independence in Language Learning Jul 03 2021 The topics of autonomy and independence play an increasingly important role in language education. They raise issues such as learners' responsibility for their own learning, and their right to determine the direction of their own learning, the skills which can be learned and applied in self-directed learning and capacity for independent learning and the extents to which this can be suppressed by institutional education. This volume offers new insights into the principles of autonomy and independence and the practices associated with them focusing on the area of EFL teaching. The editors' introduction provides the context and outlines the main issues involved in autonomy and independence. Later chapters discuss the social and political implications of autonomy and independence and their effects on educational structures. The consequences for the design of learner-centred materials and methods is discussed, together with an exploration of the practical ways of implementing autonomy and independence in language teaching and learning . Each section of the book opens with an introduction to give structure to the development of ideas and themes, with synopses to highlight salient features in the text and help build upon the material of previous chapters.
