"English is so illogical!" It is generally believed that English is a language of exceptions. For many, learning to spell and read is frustrating. For some, it is impossible... especially for the 29% of Americans who are functionally illiterate. But what if the problem is not the language itself, but the rules we were taught? What if we could see the complexity of English as a powerful tool rather than a hindrance? --Denise Eide Uncovering the Logic of English challenges the notion that English is illogical by systematically explaining English spelling and answering questions like "Why is there a silent final E in have, large, and house?" and "Why is discussion spelled with -sion rather than -tion?" With easy-to-read examples and anecdotes, this book describes: - the phonograms and spelling rules which explain 98% of English words - how English words are formed and how this knowledge can revolutionize vocabulary development - how understanding the reasons behind English spelling prevents students from needing to guess The author's inspiring commentary makes a compelling case that understanding the logic of English could transform literacy education and help solve America's literacy crisis. Thorough and filled with the latest linguistic and reading research, Uncovering the Logic of English demonstrates why this systematic approach should be as foundational to our education as 1+1=2. Caroline Ragusa is a brand new teacher at Brendan Hussey Elementary School. She has many creative ideas to make the school year fun for both her and her students, when she meets Mr. Riller, who is the typical Drill Sergeant teacher who scared everybody. He tells her to use no creativity, and make school miserable for the kids. But as the school year unfolds, and new interesting characters come into play, this year proves to be a roller coaster. One day in the pumpkin patch the strangest little pumpkin hatched . . . Spookley the Pumpkin was different. All the other pumpkins teased him, until Spookley proved that being different can save the day! This perennial best-selling children's book delivers a special message of tolerance and kindness that is just right for fall . . . and any time of year! This fixed-layout ebook, which preserves the design and layout of the original print book, features read-along narration. 180 Days of Spelling and Word Study is a fun and effective daily practice workbook designed to help students improve their spelling skills. This easy-to-use first grade workbook is great for at-home learning or in the classroom. Each week students learn 10 words, focusing on spelling rules, patterns, and vocabulary. Watch students become better spellers with these quick independent learning activities. Parents appreciate the teacher-approved activity books that keep their child engaged and learning. Great for homeschooling, to reinforce learning at school, or prevent learning loss over summer. Teachers rely on the daily practice workbooks to save them valuable time. The ready to implement activities are perfect for daily morning review or homework. The activities can also be used for intervention skill building to address learning gaps. The invaluable grade-by-grade guide (kindergarten—sixth) is designed to help parents and teachers select some of the best books for children. Books to Build On recommends: • for kindergartners, lively collections of poetry and stories, such as The Children's Aesop, and imaginative alphabet books such as Bill Martin, Jr.'s Chicka Chicka Boom Boom and Lucy Micklewait's I Spy: An Alphabet in Art • for first graders, fine books on the fine arts, such as Ann Hayes's Meet the Orchestra, the hands-on guide My First Music Book, and the thought-provoking Come Look with Me series of art books for children • for second graders, books that open doors to world cultures and history, such as Leonard Everett Fisher's The Great Wall of China and Marcia Willaims's humorous Greek Myths for Young Children • for third graders, books that bring to life the wonders of ancient Rome, such as Living in Ancient Rome, and fascinating books about astronomy, such as Seymour Simon's Our Solar System • for fourth graders, engaging books on history, including Jean Fritz's Shh! We're Writing the Constitution, and many books on Africa, including the stunningly illustrated story of Sundiata: Lion King of Mali • for fifth graders, a version of Shakespeare's A Midsummer Night's Dream that retains much of the original language but condenses the play for reading or performance by young students, and Michael McCurdy's Escape from Slavery: The Boyhood of Frederick Douglass • for sixth graders, an eloquent retelling of the Iliad and the Odyssey, and the well-written American history series, A History of US . . . and many, many more! A biography of writer Tomás Rivera--just right for beginning readers THINGS FALL APART tells two overlapping, intertwining stories, both of which center around Okonkwo, a "strong man" of an Ibo village in Nigeria. The first of these stories traces Okonkwo's fall from grace with the tribal world in which he lives, and in its classical purity of line and economical beauty it provides us with a powerful fable about the immemorial conflict between the individual and society. The second story, which is as modern as the first is ancient, and which elevates the book to a tragic plane, concerns the clash of cultures and the destruction of Okonkwo's world through the arrival of aggressive, proselytizing European missionaries. These twin dramas are perfectly harmonized, and they are modulated by an awareness capable of encompassing at once the life of nature, human history, and the mysterious compulsions of the soul. THINGS FALL APART is the most illuminating and permanent monument we have to the modern African experience as seen from within. 180 Days of High-Frequency Words is a fun and effective daily practice workbook designed to help students recognize sight words instantly. This easy-to-use first grade workbook is great for at-home learning or in the classroom. The engaging standards-based activities cover grade-level skills with easy to follow instructions and an answer key to quickly assess student understanding. Each week students learn 4 new words. The repetitive daily activities make reading and writing these words memorable and fun. Watch students build a love of reading as they recognize sight words and start reading independently. Parents appreciate the teacher-approved activity books that keep their child engaged and learning. Great for homeschooling, to reinforce learning at school, or prevent learning loss over summer. Teachers rely on the daily practice workbooks to save them valuable time. The ready to implement activities are perfect for daily morning review or homework. The activities can also be used for intervention skill building to address learning gaps. The high-frequency words used are based on Fry's 1,000 Instant Words.
